### Preamble

- (1) Merck KGaA, Darmstadt, Germany, together with its German and foreign subsidiaries (hereinafter referred to as “**Group**”), is a globally operating science and technology company. HC OpCo, LS OpCo, and PM OpCo (hereinafter collectively referred to as “**Companies**” or individually as “**Company**”) are companies of the Group. As part of the Group's strategic development, the operating activities of the Healthcare, Life Science and Performance Materials Business Sectors and the associated assets and liabilities (hereinafter individually referred to as an “**Operating Unit**”) within KGaA at the Darmstadt and Gernsheim sites shall be hived down by way of a hive-down by absorption pursuant to Sec. 123 (3) No. 1 German Reorganization Act (*Umwandlungsgesetz – UmwG*) each to one of the Companies (hereinafter referred to as “**Operational Hive-down**”). The hive-down shall be completed upon its registration in the commercial register of KGaA (hereinafter referred to “**Legal Effective Date**”). The effective date of the hive-down is January 1, 2018, 0:00 hours (hereinafter referred to as “**Economic Effective Date**”). The closing balance effective date as defined in Sec. 125 s. 1, Sec. 17 (2) *UmwG* is December 31, 2017, 24:00 hours (hereinafter referred to as “**Closing Balance Effective Date**”). The Operational Hive-down shall ensure more efficient management of the business sectors by means of a business sector-related Enterprise Resource Planning System (hereinafter referred to as “**ERP system**”). As a result of the hive-down, the claims resulting from the pension commitments of the transitioning employees shall first be transferred to the Companies; simultaneously, the corresponding plan assets shall be held as of that date based on this Trust Agreement. The introduction of this business sector-specific ERP system is planned for the Healthcare Business Sector in 2019 and for the Business Sectors Life Science and Performance Materials in 2020. Since the technical requirements for introducing the ERP systems do not exist at the Companies at the time of the Operational Hive-down, it is intended that the business activities hived down to the Companies be temporarily leased back to KGaA until the introduction of the ERP systems by the respective Company (hereinafter referred to as “**Business Lease**”) with the result that the employment relationships attributable to the Companies in the course of the Operational Hive-down being retransferred to KGaA by operation of law. The Business Lease shall become effective immediately upon the Operational Hive-down becoming effective. Notwithstanding the aforesaid, the Business Lease shall become effective with retroactive economic effect as of January 1, 2018, 0:00 hours (hereinafter “**Beginning Of The Lease**”). The plan for the Business Lease is that the Companies assume joint liability for their respective Operating Unit in respect of the pension claims defined below and existing due to pension commitments and agree internally with KGaA to assume performance in full (hereinafter “**Assumption Of Joint Liability**”). Assumption Of Joint Liability shall cease if the Companies become the direct debtors of the pension claims from the pension commitments, in particular upon termination of the Business Lease.
- (2) Once the Operational Hive-down becomes effective, the active and former employees of the respective Company, including those employees (i) who are reassigned to KGaA under the Business Lease or employed by KGaA in the respective Operating Unit during the term of the Business Lease and who are secured due to the Assumption Of Joint Liability, and (ii) who are former KGaA employees to the extent that they are transferred to the respective Company under the Operational Hive-down, persons who are entitled to benefits as set forth in Sec. 12 German Pension Compensation Act (*Versorgungsausgleichsgesetz*) with regard to the aforementioned persons and - following the death of the aforementioned persons - their survivors (the aforementioned group of persons hereinafter collectively referred to as “**Beneficiaries**”) shall have claims and entitlements against the Company for corporate pension scheme benefits either directly due to the pension commitment or by way of Assumption Of Joint Liability, for which (excluding netting permitted based on this Agreement) a liability would be disclosed in the consolidated financial statements of KGaA (hereinafter referred to as “**Consolidated Financial Statements**”) in accordance with the International Financial Reporting Standards (hereinafter “**IFRS**”) or for which a provision should be recognized in the financial statements of the respective Company in accordance with the provisions of the German Commercial Code (hereinafter “**HGB**”) or in conjunction with Art. 28 of the German Introductory Act to the Commercial Code (*Einführungsgesetz zu Handelsgesetzbuch*; hereinafter “**EGHGB**”).

These claims and entitlements against KGaA or the Company arising during the Business Lease either directly from the pension commitment or due to the Assumption Of Joint Liability, are

hereinafter referred to uniformly as “**Pension Claims**” and take into account the following provisions. The obligations of the Company or KGaA, respectively, resulting from the Pension Claims are referred to uniformly as “**Pension Obligations**”, regardless of whether KGaA or the Company owes these benefits due to the pension commitment or due to the Assumption Of Joint Liability.

The Pension Obligations include those obligations transferred to the Companies in the course of the Operational Hive-down.

The Pension Claims do not include such claims or entitlements to the provision of corporate pension scheme benefits for which, in accordance with the underlying pension commitment, a legal claim against a pension fund within the meaning of Sec. 112 German Insurance Supervision Act (*Versicherungsaufsichtsgesetz*; hereinafter “**VAG**”) or against a pension fund within the meaning of Sec. 118a VAG was established as a pension provider or a legal claim under a direct insurance against an insurance company.

Neither do the Pension Claims include such claims or entitlements to the provision of corporate pension scheme benefits for which the respective company is only jointly liable as a former employer pursuant to Sec. 613a (2) *BGB* after a transfer of undertaking or for which the respective Company is still jointly and severally liable as a transferring company, i.e., not simultaneously due to the Assumption Of Joint Liability, under the provisions of the German Reorganization Act (hereinafter “**UmwG**”) following reorganization measures. Furthermore, claims and entitlements established by pension commitments against the respective Company only as a result of a transfer of undertaking (with the respective Company as the transferee) or of a measure taken after the closing of this Agreement in accordance with the *UmwG* (with the respective Company as the receiving entity) are subject to this Agreement only to the extent that the respective Company provides a corresponding unilateral written declaration to the Trustee. The respective Company shall issue a corresponding unilateral written declaration for the employees transferring from KGaA to the Company upon termination of the respective Business Lease.

Not included in the Pension Claims are other claims and entitlements for the provision of corporate pension scheme benefits to the extent that they are secured against insolvency by the respective Company under private law - except for those secured by this Agreement or the Pension Security Association (*Pensions-Sicherungs-Verein VVaG*; hereinafter “**PSV**”) (e.g., through pledged reinsurance, etc.) or due to the Assumption Of Joint Liability.

Beneficiaries, who acquire claims or entitlements to the provision of corporate pension scheme benefits against the respective Company after the conclusion of this Agreement, are included in this Agreement without further ado in so far as the claims and entitlements qualify as Pension Claims within the meaning of the above provisions and to the extent that the respective Company has not exercised its right under § 15 (1) of this Agreement.

- (3) The respective Company intends to secure the Pension Claims against insolvency by means of an external reinsurance in the scope specified in detail by this Agreement. This shall be done by a fiduciary transfer of the corresponding (proportionate) external financing (hereinafter referred to as the dedication of assets and their benefits and surrogates to settle (pro rata) Pension Claims Pension Claims) and securing required assets to a legally independent third party (Trustee).
- (4) Upon closing of the trust agreement and the transfer of the assets in accordance with this Agreement, the respective Company intends to ensure that Pension Claims are settled (on a pro rata basis) in accordance with the provisions of this Agreement even in the event that
  - a) an application for the initiation of insolvency proceedings has been filed against the assets of the respective Company and the insolvency court has subsequently imposed security measures in accordance with Sec. 21 et seq. German Insolvency Code (*InsO*); or
  - b) insolvency proceedings pursuant to Sec. 27 *InsO* are initiated in respect of the assets of the respective Company or the application for initiation of insolvency proceedings is rejected due to lack of assets, without security measures being imposed pursuant to Sec. 21 et seq. *InsO* following the application for the initiation of proceedings; or

- c) an out-of-court settlement (deferment, quota, or liquidation settlement) is agreed upon between the respective Company and its creditors with the consent of PSV to avert insolvency proceedings; or
- d) the operation of the respective Company ceases completely, an application for initiating insolvency proceedings has not been filed, and insolvency proceedings are not considered due to the lack of assets.

Each of these cases is hereinafter referred to as an **"Insured Event."** In addition to the provisions in para. (1), only such entitlements and/or entitlements to the provision of corporate pension scheme benefits are deemed to be Pension Claims within the meaning of this Agreement accrued in the Insured Event cases specified in lit (c) and (d) or until the initiation of insolvency proceedings in respect of the assets of the respective Company or until the application for the initiation of insolvency proceedings has been rejected for lack of assets. Any subsequently accrued claims or entitlements to corporate pension scheme benefits (including any adjustments or claims for adjustment pursuant to Sec. 16 of the German Company Pensions Act (*BetrAVG*)) shall not constitute Pension Claims within the meaning of this Agreement. For the purpose of the provisions relating to the Insured Event, in particular the provisions in this para. (4) as well as for § 1 (3) and § 7 (2), KGaA shall replace the respective Company for the duration and within the scope of the Assumption Of Joint Liability vis-à-vis the employees for any Pension Claims against KGaA.

- (5) The Beneficiaries' rights established for the first time by this Trust Agreement arise from the beginning only within the scope provided for by this Trust Agreement and only subject to the restrictions or subsequent options for structuring or modification options provided for in this Trust Agreement.
- (6) In addition, as a result of the fiduciary transfer of the assets necessary for reinsurance and securing of the Pension Claims to the Trustee, the respective line items may be offset pursuant to Sec. 246 (2) s. 2 *HGB* in the financial statements of the Company compiled in accordance with *HGB*. In addition, as a result of the fiduciary transfer of assets necessary for reinsurance and securing of the Pension Claims to the Trustee, it should also be possible to offset the liability to be recognized for the Pension Claims against the assets covering and separating the Pension Obligations (plan assets) in the Consolidated Financial Statements compiled in accordance with IFRS.
- (7) This Agreement is deemed to be a separate agreement for each of the Companies.

Now therefore, the Parties agree as follows:

## § 1 Subject of the Agreement

- (1) The subject of this Agreement is the external (where appropriate prorated) financing and securing of Pension Claims and, in the case of an Insured Event, the satisfaction (where appropriate on a pro rata basis) of Pension Claims existing at that time.
- (2) This Agreement establishes an administrative trust between the Company and the Trustee as set forth in § 3 of this Agreement as well as a Securing Trust between the Trustee and the Beneficiaries as specified in § 4 of this Agreement (Double Trust).
- (3) Initially, this Agreement secures those Pension Claims that are due between the filing date of an application to initiate insolvency proceedings in respect of the assets of the Company on the one hand and the initiation of insolvency proceedings or the rejection of the initiation of insolvency proceedings on the other hand, and irrespective of whether these Pension Claims are also subject to statutory insolvency insurance by PSV. The following shall apply with respect to Pension Claims that are due upon the initiation of insolvency proceedings or after the rejection of the initiation of the insolvency proceedings for lack of assets or after the occurrence of one of the other Insured Events: Those Pension Claims and/or those portions of Pension Claims not secured against insolvency by PSV under statutory regulations are primarily secured. Secured on a subordinated basis are those Pension Claims and/or those portions of Pension Claims that

are secured against insolvency proceedings by PSV under statutory regulations. The ranking described in this paragraph is hereinafter referred to as the **"Securing Ranking."** The scope and nature of the insurance is based on the detailed provisions of this Agreement; the legal consequences of the various insurance rankings of the Pension Claims already due in the insolvency proceedings, the Pension Claims not secured by PSV, and the Pension Claims secured by PSV with respect to settling Pension Claims in the Insured Event are in particular based on the provision in § 7 of this Agreement. The provisions of § 3 (8) and (9), § 3a, § 11, § 15 (1), and § 16 of this Agreement shall remain unaffected by the Securing Ranking of an Insured Event.

- (4) Third-party beneficiaries as per Sec. 328 (1) *BGB* under this Agreement are the Beneficiaries.

## § 2 Trust Assets

- (1) The Trustee maintains a securities account held in its name as an open escrow securities account and a corresponding current account or settlement account managed as an open escrow account with a German bank pursuant Sec. 1 (1) *KWG* or a German financial services institution as defined in Sec. 1 (1a) *KWG* of their choice. The Trustee may also open several escrow securities accounts and escrow accounts. Furthermore, the Trustee may also use several credit institutions or financial services institutions or a suitable third party or several suitable third parties. The escrow securities account and the escrow account (or the escrow securities accounts and the escrow accounts, respectively) carry an addition that indicates the fiduciary earmarking. The values posted in the aforementioned securities account and on the current account or settlement account (or securities accounts and current or settlement accounts, respectively) and any other assets or their surrogates transferred to the Trustee by the Company for the purpose of fiduciary management and to secure Pension Claims under this Agreement constitute legal assets held by the Trustee with which the Trustee shall proceed in accordance with the provisions set forth below (hereinafter referred to as **"Trust Assets"**). The Trust Assets include the beneficial use and benefits drawn by the Trustee from the Trust Assets, which are to be transferred to the securities account if feasible or credited to the current account or settlement account.
- (2) German and foreign taxes and levies (in particular withholding tax and solidarity surcharge) incurred prior to the Insured Event on income from the Trust Assets shall not be compensated or reimbursed between the Company and the Trustee unless the Company agrees to reimburse such amounts to the Trustee in a separate agreement. Any claims of the Trustee for reimbursement for Trust Assets under this paragraph may be offset against claims of the Company pursuant to § 3 (8) of this Agreement. There is no obligation on the part of the Trustee to enforce any claims against the Company under this paragraph.

## § 3 Administrative trust

- (1) The Company shall either transfer to the Trustee monetary amounts to the current or settlement account mentioned in § 2 of this Agreement or other assets to be used to finance and secure the Pension Claims (where appropriate, on a pro rata basis). Only such assets may be transferred to the Trustee the transfer of which is consistent with the provisions of the Investment Guidelines attached as **Annex 1** and established by the Company. The Company shall decide at its own discretion on the quantity of assets transferred to the Trustee.
- (2) The Trustee shall commission an investment management company (hereinafter referred to as **"KAG"**) as defined by Sec. 6 *InvG* or a financial services institution as defined by Sec. 1 (1a) *KWG* (hereinafter referred to as the **"Financial Services Institution"**) to manage and invest the Trust Assets; such engagement shall be subject to a separate investment management agreement to be concluded (including any other agreements to be concluded in this connection) if economically reasonable and feasible. The Trustee may also commission several KAGs or Financial Services Institutions. In such case, the Trust Assets shall be managed and invested by a KAG or a Financial Services Institution on behalf and for the account of the Trustee. The asset management contracts to be entered into with a KAG or a Financial Services Institution shall

grant the Trustee the right to terminate the contract, giving notice not to exceed three months as per the end of the quarter. An Investment Committee shall be established to determine the specific investment policy with respect to an asset managed by the KAG or the Financial Services Institution. Such Investment Committee decides on the requirements for the investment of assets under the Investment Guidelines (Annex 1). The composition of the Investment Committee and its resolutions are governed by the Investment Guidelines (Annex 1) described above.

- (3) As an alternative to the provision in para. (2), the Trustee may appoint a suitable third party to administer and invest the Trust Assets under a separate agreement and in accordance with the provisions of the Investment Guidelines (Annex 1). Any management and investment of the Trust Assets by an appropriate third party shall be in the name and for the account of the Trustee. The asset management contracts to be entered into with a suitable third party shall grant the Trustee the right to terminate the contract, giving notice not to exceed three months as per the end of the quarter.

Alternatively, the Trustee may also manage and invest the Trust Assets in accordance with the Investment Guidelines (Annex 1).

- (4) The Investment Guidelines (Annex 1) may be amended in accordance with the procedure specified in the Investment Guidelines. The Investment Guidelines must not contradict the provisions of this Agreement. In the event of any contradiction, the Investment Guidelines shall be adjusted accordingly. In this case, the provisions of this Agreement take precedence over the provisions in the Investment Guidelines.
- (5) On the last banking day of each quarter, the Trustee shall invoice the Company for the change and fair value of the Trust Assets. With regard to the portion of the Trust Assets managed by the KAG or a Financial Services Institution, billing shall be by submitting escrow securities account and escrow account statements managed on behalf of the Trustee. If the Trust Assets are not managed by the KAG or a Financial Services Institution, the accounting shall be in accordance with a separate agreement between the Company and the Trustee.
- (6) The Trust Assets shall be managed and held separately from other assets managed by the Trustee, by an appropriate third party as per para. (3), by a KAG, or a Financial Services Institution. If the Trust Assets are managed by a KAG, the latter shall set up one or more special-purpose assets within the meaning of Sec. 2 (2) *InvG*. Securities managed by a Financial Services Institution, a suitable third party, or the Trustee shall be held separately pursuant Sec. 2 *DepotG*.
- (7) Upon termination of this Agreement prior to the occurrence of the Insured Event, the Trustee is obligated to deal with the Trust Assets available at that time in accordance with the provisions in § 14 of this Agreement. In case of an Insured Event, the Trust Assets shall be treated in accordance with the provisions in § 7 of this Agreement.
- (8) As long as the Agreement has not been terminated and no Insured Event has occurred, the Company may request reimbursement by the Trustee from the Trust Assets if it has provided services to settle Pension Claims secured by this Agreement. This also includes the settlement of reimbursement payments that the Company has made to third parties, in particular KGaA due to the Assumption Of Joint Liability, if the third party has provided services to settle the Pension Claims. This also applies if the value of the Trust Assets is less than the present value of the Pension Claims secured by this Agreement. The reimbursement shall be made at the request of the Company at the end of each financial year if the Company notifies the Trustee in writing that it has settled certain Pension Claims.

In addition, monthly reimbursement payments may be made during the year. The basis for the reimbursement is that the Company informs the Trustee in writing (i) of the amount in which they will each provide services to settle the Pension Claims secured by this Agreement and such amount shall be reimbursed in each case during the year in arrears; and (ii) of the extent to which they will provide services in the respective previous month to settle the Pension Claims secured by this Agreement. This also includes the settlement of reimbursement payments made by the

Company to third parties, in particular KGaA, if the third party has provided services to settle the Pension Claims. No reimbursement shall be made if the Trustee learns about the non-settlement of secured Pension Claims the settlement of which has been announced by the Company. In any case, reimbursement shall be made after the service is rendered, i.e., in arrears.

If a claim for reimbursement is not asserted, it lapses three months after the end of the financial year in which the service was provided to settle a pension claim. The Company may waive, as a whole or in part, any existing or future reimbursement claim by way of a unilateral written declaration to the Trustee. The Trustee is under no obligation to verify the accuracy of the information provided by the Company. However, in the event that information provided by the Company is clearly implausible, the Trustee shall request the Company to furnish further proof. As long as the Agreement has not been terminated and no Insured Event has occurred, the Company may agree with the Trustee (by mutual agreement) to satisfy Pension Claims due directly from the Trust Assets. Any performance obligation on the part of the Trustee arising from the provisions set out in the preceding sentences shall be limited to the Trust Assets existing at the respective point in time.

- (9) Regardless of the case (reimbursement) provided for in para. (8), the Company may require the Trustee to retransfer Trust Assets if the Company provides evidence in the form of an expert opinion prepared by the public accountant auditing the Company's financial statements to the effect that within the meaning of the applicable regulations of the HGB or IFRS (if these regulations apply to the Consolidated Financial Statements) it is permanently ensured that all Pension Obligations under this Agreement can be settled with the remaining Trust Assets. § 3 b (3) of the Agreement shall remain unaffected. The Trustee is under no obligation to conduct their own audit.
- (10) The administrative trust existing between the Company and the Trustee and specified in § 3 of this Agreement shall expire upon the occurrence of the Insured Event. This shall not affect this Agreement, in particular the other rights and obligations of the Trustee and the Company under this Agreement, which are not governed by this § 3 herein.

### **§ 3 a**

#### **Transfer of Pension Obligations to a pension fund**

- (1) Irrespective of the transfer of Pension Obligations to a pension fund upon any termination of this Agreement pursuant to § 14 (6) of this Agreement, the Company shall also have the right to transfer Pension Obligations to a pension fund as specified in Sec. 112 VAG during the term of this Agreement. The Pension Obligations shall be transferred to the extent that the respective Beneficiaries are awarded their own entitlement to benefits against the pension fund pursuant to Sec. 112 (1) s. 1 (3) VAG.
- (2) In the event of a transfer of Pension Obligations to a pension fund as referred to in para. (1), the Company may, as long as no Insured Event has occurred, request the Trustee to reimburse expenses incurred in full from the Trust Assets (i.e., all payments to the pension fund in connection with the transfer of the respective Pension Obligations) if the payments of the Company to the pension fund have been made in agreement with the Trustee. The claim for reimbursement of expenses also presupposes that no more than three months have elapsed between the Company's payment to the pension fund and the assertion of the reimbursement claim by the Company. The Company may waive all or part of an existing expense compensation claim by way of a unilateral written declaration to the Trustee. In lieu of the reimbursement of expenses set forth in the preceding sentences, the Company may also require the Trustee to provide direct Trust Assets to finance the transfer of Pension Obligations to a pension fund. Any performance obligation on the part of the Trustee arising from the provisions set out in the preceding sentences shall be limited to the Trust Assets existing at the respective point in time. If the Company incurs expenses for the transfer of obligations arising from claims and entitlements to corporate pension scheme benefits that are not secured by this Agreement, the Company cannot claim reimbursement of expenses from the Trust Assets.
- (3) If, following a transfer of Pension Obligations to a pension fund in accordance with the provisions in the preceding paragraphs, an additional funding obligation arises for the Company against the

respective pension fund with regard to the transferred Pension Obligations which previously were secured under this Agreement, the Company may require the Trustee to make available the amount required to meet the additional funding obligation from the Trust Assets. Should the Company meet the additional funding obligation without the Trustee providing the required amount, the Company may demand reimbursement of expenses from the Trust Assets for the amount used to meet the additional funding obligation if meeting the additional funding obligation by the Company is as agreed upon with the Trustee and if the time elapsed between meeting the additional funding obligation by the Company and assertion of the claim to the reimbursement of expenses by the Company does not exceed three months. The Company may waive the claim in full or in part by way of a unilateral written declaration to the Trustee. Any performance obligation on the part of the Trustee arising from the provisions set out in the preceding sentences shall be limited to the Trust Assets existing at the respective point in time.

- (4) The Company may also assert its claims in the full amount under para. (2) and (3) above if the value of the Trust Assets is less than the present value of the Pension Claims secured by this Agreement.

### **§ 3 b**

#### **Integration of pension fund provisions and trust security**

- (1) The Company and the Trustee agree that in the event of a transfer of Pension Obligations to a pension fund pursuant to § 3 a of this Agreement, the corporate pension benefits which the Company commits to shall be provided by the pension fund in its own name for the Company in accordance with the respective pension plans. Should there be an excess coverage allowing for a (re)transfer of assets of the pension fund to the Company, taking into account the relevant pension plans and the provisions of the German Insurance Supervision Act, the company is obligated to ensure that the pension fund transfers the assets to be released directly to the Trustee for the account of the Company for the purpose of financing and securing the Pension Claims secured under this Agreement. The Company is obligated to take the necessary measures to ensure that the pension fund releases assets only within the above limits. The Trustee is obligated to receive the assets released by the pension fund based on the above limits and to transfer them to the Trust Assets as long as this is in compliance with the Investment Guidelines attached as Annex 1.
- (2) The Company and the Trustee agree that the provisions in para. (1) shall also apply *mutatis mutandis* in the event of the dissolution of a pension fund to which Pension Obligations have been transferred in accordance with § 3 a of this Agreement.
- (3) If the Company has transferred Pension Obligations to a pension fund in accordance with § 3 a of this Agreement, the Trust Assets may only be retransferred to the Company in accordance with § 3 (9) of this Agreement if the Company has obtained an opinion from the auditor auditing the financial statements of the Company which proves to the Trustee that the relevant regulations of the HGB or IFRS ensure on a sustained basis that the Trust Assets remaining with the Trustee not only satisfy the Pension Obligations secured by this Agreement, but that the pension fund also has sufficient assets in order to be able to meet the Pension Obligations assigned to it on a permanent basis. To this extent, the Trustee is under no obligation to conduct their own audit. Any claim of the Company for the retransfer of Trust Assets shall therefore be excluded in particular as long as the pension fund to which Pension Obligations have been transferred in accordance with § 3 a of this Agreement lacks assets as defined in Sec. 115 (2a) and (2b) VAG. The Company may request that the Trustee transfer the Trust Assets that are not required to cover the Pension Obligations secured by this Agreement to the pension fund so that the latter may permanently settle the Pension Obligations transferred to it as specified in § 3a of this Agreement.

#### § 4

#### Genuine contract in favor of third parties; Securing Trust; Claims in case of an Insured Event

- (1) The Trustee shall hold the Trust Assets not only as an administrative trustee of the Company based on the provisions in § 3 of this Agreement, but at the same time as a securing trustee of each Beneficiary in accordance with the more detailed provisions of this Agreement. The Securing Trust is established by way of this Agreement, which thus represents a genuine contract for the benefit of third parties within the meaning of Sec. 328 (1) *BGB* (*Vertrag zugunsten Dritter*) and does not depend on the existence of the administrative trust pursuant to § 3 of this Agreement. The Securing Trust is established immediately upon conclusion of this Agreement and may not be terminated without the written consent of the respective Beneficiaries unless such termination is in accordance with the provisions of this Agreement. Under the Securing Trust, any Beneficiary authorized to enter into this Agreement has the right to require the Trustee to act in the interest of securing the Pension Claims in accordance with the provisions of this Agreement. In case of an Insured Event, each Beneficiary may directly require the Trustee to satisfy their Pension Claims against the Company from the Trust Assets, taking into account the Securing Ranking and complying with the more detailed provisions in § 7 of this Agreement. The performance obligation of the Trustee in case of an Insured Event shall be limited to the Trust Assets existing at the respective point in time.
- (2) In case of an Insured Event, the Trustee is obligated to first fulfill its obligations under § 7 of this Agreement before satisfying any claims of the Company under this Agreement, including any retransfer or repurchase entitlements of the Company for unjust enrichment or under insolvency law or other statutory provisions. A full or partial retransfer of the Trust Assets to the Company before or after the occurrence of the Insured Event shall be limited to the cases expressly specified in this Agreement.
- (3) The Company's right to require the Trustee to disburse benefits to the Beneficiaries pursuant to § 7 of this Agreement in case of an Insured Event shall remain unaffected by the independent benefit entitlement of the Beneficiaries in case of an Insured Event (Sec. 335 *BGB*).
- (4) It is the contractual basis for the Contracting Parties that the Securing Trust in favor of the Beneficiaries shall continue until all Pension Claims are fully settled or the Pension Claims are secured by agreeing on another Equivalent Security under this Agreement as specified in § 11 (7) of this Agreement or until the Trustee has utilized the Trust Assets in full in accordance with the provisions of this Agreement and no longer holds any Trust Assets. The Securing Trust shall continue in case of an Insured Event regardless of the fact that the administrative trust between the Company and the Trustee has expired. Should this Agreement be terminated in a legally effective manner before all Pension Claims have been settled in full, the preceding para. (1) to (3) and the provisions in § 14 of this Agreement shall apply *mutatis mutandis* to each retransfer claim of the Company resulting from such termination or cancellation.

#### § 5

#### Calculation of the Obligation Value relating to the Pension Claims to be secured

- (1) Once a year as at December 31 of each preceding year ("**Valuation Date**"), the Obligation Value of all Pension Claims to be secured shall be determined by an actuarial expert commissioned by the Company (hereinafter "**Actuary**"). For the purpose of this Agreement, the "**Obligation Value**" shall be the respective defined benefit obligation ("**DBO**") for each Beneficiary, if the DBO defined benefit obligation ("**DBO**") under IFRS for all existing Pension Claims at the Valuation Date exceeds the pension provision under HGB for all Pension Claims at the Valuation Date ("**pension provision according to HGB**" in this context shall mean the pension provision to be recorded according to the regulations of the HGB assuming full exercise of all asset recognition options pursuant to Sec. 28 *EGHGB*, the amount according to Sec. 253 *HGB* including discounting, but not taking into account netting pursuant to Sec. 246 (2) *HGB* and not taking into account the transitional provisions under Article 67 *EGHGB*); otherwise, the Obligation Value shall equal the respective pension provision according to HGB for each entitled Beneficiaries.

The service agreement with the Actuary (existing or to be concluded) shall require the Actuary to

immediately notify the Trustee in addition to the Company once the Obligation Value of the Pension Claims has been determined. The calculation method for calculating the Obligation Value stipulated in the agreement entered into or to be entered into by the Company and the Actuary must comply with the accepted rules of actuarial mathematics and the applicable accounting principles. The calculation method may be adjusted based on the most recent version of the accepted rules of actuarial mathematics and the applicable accounting principles by amending the service agreement.

- (2) If Pension Claims arising in the future are (in whole or in part) excluded from the scope of the Agreement by way of unilateral declaration by the Company pursuant to § 15 (1) of this Agreement, such claims shall not be taken into account when calculating the Obligation Value of the Pension Claims to be secured.

## § 6 Data transfer

- (1) Upon conclusion of this Agreement, and thereafter annually at the Valuation Date, the Company shall submit to the Trustee a record containing all data and information required by the Trustee to meet its obligations under this Agreement. These data and information include, in particular, an up-to-date list of Beneficiaries (including employee ID numbers, name, and date of birth) and information on the applicable pension regulations or individual contractual agreements on the basis of which the Beneficiaries are entitled to Pension Claims secured by this Agreement. The data shall be transferred in a paperless manner unless the Trustee exceptionally requires the paper-based transfer in writing. Instead of the regular transmission of the above-mentioned data and information, it is also sufficient to provide the Trustee with access to the corresponding database if this ensures that the Trustee has access to the required up-to-date data at all times, in particular in case of the occurrence of an Insured Event.
- (2) Insofar as the Company or the Trustee are required under this Agreement to collect, process, prepare or transfer data, they each shall have the right to commission a service provider with the fulfillment of this obligation. In this case, the respective client of the service provider must ensure that the obligations incumbent on it under this Agreement (including those under § 12 and § 13 of this Agreement) are fulfilled. Service providers of the Company and the Trustee may be identical.

## § 7 Rights and settlement in case of an Insured Event

- (1) Upon occurrence of an Insured Event as specified under para. (4) lit. (a) of the Preamble, the Trustee shall first use the Trust Assets in accordance with the Securing Ranking set out in § 1 (3) of this Agreement in order to settle the Pension Claims due after the occurrence of the Insured Event. If there are no longer sufficient Trust Assets to settle all due Pension Claims at the due date, prorated satisfaction shall be pursued. As of the initiation of insolvency proceedings or the rejection to initiate insolvency proceedings due to the lack of assets, the further processing shall be based exclusively on the following paragraphs. If the initiation of insolvency proceedings is rejected for reasons other than the lack of assets, the Insured Event shall cease to exist and no further settlement shall occur. Disbursements made from the Trust Assets portfolio pursuant to this paragraph shall remain unaffected.
- (2) Upon occurrence of the Insured Event as specified in para. (4) lit. (b) to (d) of the Preamble or in the event of the opening of insolvency proceedings in respect of the Company's assets or in the event of a rejection of the initiation of insolvency proceedings due to the lack of assets after the occurrence of an Insured Event as defined in para. (4) lit (a) of the Preamble (hereinafter "**Final Insured Event**"), the Trustee shall first use the Trust Assets in accordance with the Securing Ranking set out in § 1 (3) of this Agreement to settle the portion of the Pension Claims existing at this time not legally secured against insolvency by PSV. The Trustee shall use the remaining Trust Assets to settle the portion of the Pension Claims existing at this time legally secured against insolvency by PSV. The precise scope and manner of settlement of the Pension Claims are governed by the provisions in the following paragraphs.
- (3) The settlement of the individual Pension Claims after the occurrence of the Final Insured Event is

governed by the following provisions: Upon occurrence of the Final Insured Event, the Trustee shall instruct an Actuary as set forth in § 5 (1) of this Agreement to determine the Obligation Value of all Pension Claims existing upon occurrence of the Final Insured Event on the effective date of the Final Insured Event (hereinafter referred to as "**Effective Date**"). The amount of the secured Pension Obligations depends on the applicable collective or individual agreements. This shall also apply to any index-linking of Pension Claims provided for in these collective and individual agreements. Adjustments prescribed by law, in particular adjustments pursuant to Sec. 16 BetrAVG, shall only be taken into account to the extent that they had already been made at the time of the occurrence of the Final Insured Event. The legal regulations, in particular Sec. 16 BetrAVG, shall not apply to the services to be rendered by the Trustee to the Beneficiaries after this date.

Upon occurrence of the Final Insured Event, the Company is obligated to immediately provide the Trustee with all data and information required for the calculation of the Actuary upon the latter's request. If the Company does not fulfill its obligation to provide the data and information within 6 weeks, the calculation by the Actuary shall be based on the most recent record provided to the Trustee pursuant to § 6 of this Agreement. If the Trustee receives the relevant data and information at a later date, they may request a new calculation from the Actuary and use this new calculation as the basis for any further activity.

Based on the calculation of the Actuary, the Trustee shall carry out a mathematical segmentation of the Trust Assets, after deducting any amount required to cover the estimated costs incurred (including the costs and expenses referred to in § 9) and taking into account the Securing Ranking set out in this Agreement, in such manner that a fraction of the Trust Assets is stipulated for each Beneficiary as exclusively covering assets for the respective pension claim (or, if the Trust Assets are insufficient, only for the Beneficiaries with Pension Claims not secured by PSV).

If the Trust Assets, after deduction of the (estimated) settlement costs,

- are sufficient to cover the determined Obligation Value of all Pension Claims, each covering asset corresponds to the respectively determined Obligation Value of the individual claim;
- while sufficient to cover the assessed Obligation Value of the portion of the Pension Claims not secured by the PSV, but not to cover the assessed value of all Pension Claims, the covering asset for the portion of the Pension Claims not secured by PSV corresponds to the respective Obligation Value determined. With regard to the Pension Claims or the portion of the Pension Claims secured by PSV, a pro rata allocation of the assets shall be made which is still available after the deduction of the covering asset attributable to the Pension Claims not secured by the PSV;
- if insufficient to cover the determined Obligation Value of the portion of the Pension Claims secured by PSV, a pro rata allocation of the asset to this portion of the claims shall be made.

The Trustee shall promptly notify each Beneficiary in writing about the amount of covering asset stipulated for the same. The Trustee shall note that any impairment losses of the Trust Assets (e.g., as a result of the performance of the Trust Assets, taxes and levies payable on the Trust Assets such as capital gains tax and solidarity surcharge or withdrawals from the Trust Assets for reimbursement of - not yet recognized - costs and expenses) as of the Effective Date shall be to the detriment of the respective covering assets, while any appreciation in value shall be in favor of the respective covering assets.

- (4) Without prejudice to the provisions of the following paragraphs, the Trustee shall be obligated to pay each Securing Trust Beneficiary out of the Trust Assets up to the amount of the respective covering asset of the individual Beneficiaries if and to the extent their Pension Claims are due. At each due date, a payment is made in full in the amount of the pension claim due payable until the respective covering asset has been exhausted so that the last payment can be a partial payment.

Costs arising from or in connection with any disbursement shall be borne by the covering assets concerned. The Trustee shall liquidate the Trust Assets to the required extent unless this has already been carried out in accordance with para. (6), and from the proceeds pay the statutory income tax due on the respective covering assets as well as the social security contributions (insofar as these are to be paid for the respective Beneficiaries) to the competent tax office or the respective competent collecting agency, in order to immediately disburse the covering asset reduced by the specified items to the individual Beneficiaries.

If and to the extent that the Pension Claims are not due upon the occurrence of the Insured Event or will not be due upon the occurrence of the Insured Event, the Trustee shall manage or have managed the respective covering assets (or to the extent that additional Trust Assets exist which has not been assigned to certain Beneficiaries as covering asset at the expense of this additional trust asset). Costs incurred as a result of or in connection with the beneficiary and pension administration (including benefit payment) shall be borne by the respective covering assets (provided that no additional Trust Assets exist which have not been allocated to certain Beneficiaries as covering assets).

- (5) In lieu of the disbursement or further management of the covering assets, the Trustee shall also be authorized to use the covering assets to set up an Equivalent Security as defined in § 11 (7) of this Agreement. In particular, the Trustee shall have the right to transfer the covering assets to another structure that provides Equivalent Security. Equivalent Security shall also mean the procurement of reinsurance policies for the Pension Claims using the funds of the covering assets assigned to these Pension Claims. Reinsurance may also be limited to the portions of the Pension Claims not secured by the PSV; the respective portions of the covering assets shall be used for this purpose.

Equivalent Security shall also include the transfer of covering assets to the PSV, provided that PSV demonstrates that the respective covering asset provide adequate coverage individually for the relevant pension claim (for example, by purchasing appropriate insurance).

If the Trustee uses the covering assets as set out in this paragraph to establish an Equivalent Security, this shall eliminate their obligations to meet the Pension Obligations arising from the covering assets in the amount of the respective incurred nominal amount. Any costs incurred as a result of the measures described above shall be borne by the covering assets concerned (unless additional Trust Assets exist which have not been assigned to certain Beneficiaries as covering assets).

- (6) The Trustee shall have the right to invest the Trust Assets, in full or in part, in money market funds or other liquid forms of investment after the occurrence of the Insured Event. They may liquidate the Trust Assets in full or in part to the extent that this is necessary for the satisfaction of the Pension Claims. The Investment Guidelines (Annex 1) shall no longer apply if an Insured Event occurs unless they contain special provisions for the capital investment after the Insured Event or provide for continued applicability of the regulations for the capital investment after the occurrence of the Insured Event. Any departure from the provisions of the Investment Guidelines which continue to be applicable is permitted in case of an Insured Event if this is useful in the fulfillment of the obligations of the Trustee. Any rights of the Company with respect to the Investment Guidelines as well as any other potential influence of the Company on the investment and administration of the Trust Assets shall not apply in case of an Insured Event. If, due to legal or factual circumstances, the Trustee is not able to access portions of the Trust Assets upon occurrence of the Insured Event, they shall be obligated to take necessary measures to gain access at the expense of the Trust Assets.
- (7) The Trustee may use one or more suitable service providers to fulfill its obligations in case of an Insured Event. Any costs incurred as a result of using a service provider, as well as the other costs and expenses to be reimbursed in accordance with § 9, shall be covered by the Trust Assets. They shall be taken into account when determining the expected handling costs referred to in para. (2). They shall also be withdrawn from the Trust Assets with distribution to the covering assets, if they have not been sufficiently taken into account in the determination of the settlement costs, unless additional Trust Assets exist which were not allocated to certain Beneficiaries as covering assets.

- (8) The Trustee may implement an advisory body comprising competent persons to assist in making investment decisions, provided that there is an active investment of the Trust Assets as of the occurrence of the Insured Event.
- (9) In case of an Insured Event, the Trustee may, on the basis of a separate written agreement with PSV, reimburse PSV from the Trust Assets for the benefits PSV provides to Beneficiaries for Pension Claims secured under this Agreement if due to the benefits provided by PSV the Trustee's obligation to provide such benefits expires. If such reimbursement is made, the Trustee may access only the covering asset of the Beneficiary to whom PSV has provided benefits.
- (10) The Beneficiaries shall not issue any instructions with regard to the manner of the utilization and distribution or other utilization of the Trust Assets in case of an Insured Event. If a Beneficiary fails to take an action necessary to enable the Trustee to meet its obligations vis-à-vis this Beneficiary, the Trustee shall be entitled to withhold benefits to this Beneficiary until the required action has been taken.
- (11) To the extent that, after all Pension Claims of the Beneficiaries have been settled and the Trustee has met all obligations vis-à-vis the tax authorities and has made all social security contributions to the collecting agencies or when such claims and obligations regarding the use of respective covering assets are deemed to have been met, and after all Pension Claims of service providers have been met, and the Trustee has satisfied its claims for reimbursement of costs and expenses from the Trust Assets, Trust Assets are still available, the Trustee shall prepare a final account and transfer these assets back to the Company. Pension Claims are deemed to have been settled if the Trustee has fully utilized the covering assets assigned to these Pension Claims pursuant to the provisions of this § 7.

## § 8

### Trustee's authorization to deposit

- (1) Upon occurrence of the Final Insured Event, the Trustee may, provided the deposit requirements of Sec. 372 *BGB* are met, discharge itself from its obligations towards the Beneficiaries and the Company under this Agreement by using the transferred Trust Assets and to deposit the proceeds with the Local Court at the registered office of the Company after deducting its cost and expenses and waiving redemption to the benefit of the Beneficiaries, the Company, the respective tax office responsible for the collection of income tax on Pension Claims, as well as the respective collection agencies responsible for the collection of the applicable social security contributions. If PSV asserts claims against the Trustee on the Trust Assets or a portion of the Trust Assets, the Trustee may be mentioned as the eligible beneficiary in the deposit application in addition to the aforementioned parties. The costs of the deposit shall be borne by the Trust Assets.
- (2) Outside the Final Insured Event, the Trustee may deposit only in case of § 14 (5) of this Agreement (failure of the transfer of the Trust Assets after the termination of the Agreement).

## § 9

### Expense reimbursement claim by the Trustee

- (1) The Trustee shall work free of charge. To the extent that the Trustee incurs expenses as a result of their activities relating to the fulfilment of their obligations under this Agreement, they may claim the corresponding amounts from the Trust Assets if the expenses are not reimbursed by the Company based on a separate agreement. Reimbursable expenses also include expenses incurred in the business operation of the Trustee such as expenses for accounting, auditing of the accounts by an external auditor, external service providers, or the management of the association (including executive remunerations and directors and officers liability insurance premiums). If the Trustee also concludes trust agreements with other companies of the Group to cover corporate pension scheme benefits, the expenses not specifically attributable to a trust agreement (in particular expenses incurred in the business operations of the Trustee) shall be allocated to the respective Trust Assets based on a distribution key agreed by the Companies or, if a distribution key has not been agreed, based on the ratio of the Trust Assets affected.

- (2) As of the occurrence of the Insured Event, all costs and expense shall be borne by the Trust Assets. Other provisions regarding the costs to be borne in this Agreement, in particular in § 7, shall remain unaffected.

### **§ 10 Trustee's liability**

- (1) In performing its obligations arising from and in connection with this Agreement, the Trustee shall be liable only for intent and gross negligence.
- (2) The Trustee shall not be held liable if damages are caused as a result of inadequate advance payments by the Company or any third party commissioned by the latter, in particular the transmission of inaccurate data and information (which, for example, leads to unjustified reimbursement pursuant to § 3 (8) of this Agreement).
- (3) The Parties agree that the Trustee does not assume and cannot assume any liability for the investment success of the Trust Assets and the degree of coverage of the Pension Obligations by the Trust Assets.
- (4) The Company hereby indemnifies the Trustee and its managing bodies (who are third-party Beneficiaries within the meaning of Sec. 328 *BGB*) from any claims asserted by third parties or Beneficiaries against the Trustee and its officers in connection with the execution of this Agreement, unless the claim asserted by the third parties or the Beneficiaries is based on a grossly negligent or intentional act of the respective bodies or their employees. The indemnification of the Trustee from any claim by the Beneficiaries pursuant to s. 1 does not cover the claim of the Trustee for fulfillment of its obligations specified in § 7 of this Agreement. Changes to this indemnification may be effective only for the future and require the approval of the Trustee's managing bodies.

### **§ 11 Transfer of undertaking and expiration of the obligation to recognize Pension Obligations, change in Beneficiaries**

- (1) Should, prior to an Insured Event, as a result of a legal transaction, an undertaking or part of an operation be transferred from the Company to another owner as set forth in Sec. 613 a *BGB* (regardless of whether this is the result of a singular succession or due to measures under the *UmwG*) and thus the Company is no longer the debtor of the Pension Claims of the Beneficiaries transferring to the new owner together with the undertaking, the total amount of the Pension Claims secured by this Agreement shall be reduced accordingly. The same applies if, prior to the occurrence of the Insured Event, as result of a split (including hive-down) under *UmwG* pension obligations to former employees of the Company are transferred to another company with the effect of discharging the Company. The preceding s. 1 and 2 of this paragraph shall not apply to the extent and insofar as the Company is not discharged from its Liability for the Pension Claims due to the Assumption Of Joint Liability. In this case, in particular the securing trust (§ 4 (1)) shall remain effective and the Insured Event is triggered when and if the circumstances triggering the Insured Event occur at the level of the new employer.
- (2) In one of the cases referred to in para. (1) and when and if the conditions specified in para. (1) s. 3 are not satisfied, the Company may require the Trustee, at the date of the transfer of undertaking, to provide the portion of the Trust Assets which corresponds to the portion of Pension Obligations transferred to the new owner in the total Obligation Value of all Pension Claims secured by this Agreement at the time of the transfer of undertaking to the business owner in order to establish an Equivalent Security within the meaning of para. (7) for the Pension Obligations to be transferred to the new business owner.

The Company is obliged to exercise its aforementioned right and to require the provision of Trust Assets to establish an Equivalent Security if the new business owner is a company affiliated with the Company; in this case, the part of the Trust Assets which is equivalent to the portion of the Pension Obligations of the new business owner in the total Obligation Value of all Pension Claims secured by this Agreement at the time of the transfer of undertaking shall be made

available. The Company's obligation as set out in the previous sentence shall not apply to the transfer of undertaking to a new business owner that is not a company affiliated with the Company within the meaning of Sec. 15 of the German Stock Corporation Act (*Aktiengesetz – AktG*) or if the conditions specified in para. (1) s. 3 are satisfied.

- (3) Subject to the prerequisites set out in § 3 (9) of this Agreement, the Company may demand the retransfer of Trust Assets.
- (4) If the Trust Assets wholly or partially comprise assets that cannot be proportionally divided, the Trustee shall decide in the aforementioned cases how the specific assets constituting the Trust Assets will be distributed, unless the Investment Guidelines (Annex 1) assign this decision-making authority to the Investment Committee. Relevant for the required valuation of the assets in the Trust Assets is their fair value as defined by IFRS. § 5 of this Agreement shall apply with regard to a required determination of the Obligation Value of the transferred Pension Obligations.
- (5) The prerequisite for any transfer of Trust Assets to be made by the Trustee is that the new business owner has demonstrated to the Company or the Trustee that the transfer of the assets has been granted Equivalent Security. The equivalency of the security and the amount to be transferred shall be evidenced by a confirmatory statement by the auditor auditing the financial statements of the Company. The Trustee is under no obligation to conduct their own audit. The cost of the above proof shall be borne by the Company.
- (6) The provisions of para. (1) to (5) above shall apply *mutatis mutandis* if prior to the occurrence of the Insured Event a beneficiary is transferred from the Company (i) to a company which is an affiliated company as defined by Sec. 15 AktG, or (ii) to another company that is not affiliated with the Company as defined by Sec. 15 AktG, and the Pension Obligations arising from the Pension Claims of the transferred Beneficiaries are transferred to the receiving company.
- (7) "Equivalent Security" is defined as any securing of Pension Claims against the Company's insolvency and overindebtedness as a result of which the Beneficiaries' asset interests are protected to an economically comparable extent (this is usually the case when the existing Trust Assets attributable to the Pension Claims secured by the new security are used in full for the new security) and taking into account the Securing Ranking such as through the security provided under this Agreement (e.g., by transfer to a comparable (Group) trust structure or the pledging of claims under corresponding reinsurance policies). For the purpose of this Agreement, a security which gives rise to a segregation right in case of an Insured Event as well as a security which establishes a segregation right in the case of an Insured Event shall be deemed an Equivalent Security.

For the establishment of the Equivalent Security, the Trustee may use no more than the portion of the Trust Assets equivalent to the Obligation Value of the corresponding Pension Claims in relation to the Obligation Value of all Pension Claims secured by this Agreement. The arm's length market cost of establishing the Equivalent Security shall be charged to this portion of the Trust Assets or, if the entire Trust Assets are utilized, shall be charged to the Trust Assets as a whole. Furthermore, a security is deemed to be equivalent only if the protection it affords to the Beneficiaries against access by the Company as the debtor of the Pension Claims to assets which serve to secure the Pension Claims qualitatively corresponds to the requirements which are to be met under the accounting standards that have been adopted and recognized by the Company in the financial statements (if applicable) for the qualification of assets as plan assets or as being eligible for netting. The equivalence of the security must be demonstrated through written confirmation of the auditor auditing the financial statements of the Company. The Company shall bear the corresponding costs. The Trustee is under no obligation to conduct their own audit.

## § 12 Confidentiality

- (1) Without prejudice to the transfer rights under § 12 (2) of this Agreement, the Company and the Trustee undertake to treat

## Trust Agreement regarding the securing of the CTA-Secured Direct Commitments to be transferred

- all documents, information and data (including accounting records, contracts, analysis, compilations, forecasts, investigations and other financial data including by way of floppy disks, CD-ROMs, or other storage units) made available to them by the other party or known to them by virtue of this Agreement or with a view to its preparation or execution,
- as well as the text of this Agreement

- hereinafter collectively referred to as “**Confidential Information**” -

strictly confidential for an indefinite period of time (hence also beyond the term of this Agreement), use them only within the scope of the contractual relationship and not disclose them to third parties without the prior consent of the other Party unless required for the purpose of this Agreement.

- (2) The Company and the Trustee shall disclose Confidential Information only to those of their authorized agents, representatives, employees, or external consultants and service providers who require access to the Confidential Information to perform their duties or mandate for a Party and who have been notified by the Party concerned regarding the confidentiality of the transaction. Unless they are subject to para. (3), external consultants and service providers must have submitted a written declaration to the effect that they accept the terms of this § 12 as binding.
- (3) Such a written declaration shall not be required for external consultants and service providers who are obligated through mandatory professional regulations and policies to treat the Confidential Information as confidential.
- (4) The right to disclose confidential information to fulfill legal obligations shall remain unaffected.
- (5) The Company and the Trustee must immediately notify the other Party, if the latter is affected, or for any known or legitimate reason is justified to assume that Confidential Information has been disclosed to an unauthorized person.
- (6) The Beneficiaries have a right of access to the Company from the date of the occurrence of the Insured Event, as well as vis-à-vis the Trustee with regard to the rights that they are specifically entitled to from the Securing Trust. The Company and the Trustee may require that the Beneficiaries requesting the information enter into a non-disclosure agreement in accordance with the provisions of this § 12 before information is provided.

### § 13

#### Privacy policy

To comply with data protection provisions relating to the performance of this Agreement, the Company and the Trustee undertake to take appropriate measures necessary for the collection, processing, use and transfer of the personal data of the Beneficiaries. The Company and the Trustee shall appoint the Privacy Officer of the Company to oversee the privacy provisions of this Agreement.

### § 14

#### Term, cancellation, and termination of the Agreement

- (1) This Agreement becomes effective upon signing by both Parties and under the condition precedent that the Operational Hive-down is registered in the Commercial Register of KGaA; it is concluded for an indefinite period.
- (2) This Agreement may be terminated at any time by mutual agreement between the Company and the Trustee. Amicable termination is only permitted and effective if at least an equivalent security is ensured.
- (3) Otherwise, this Agreement may be terminated by the Company until the occurrence of an Insured Event within a period of six months as per the end of the year or be otherwise terminated

by the Company or the Trustee for due causes without giving notice. Due cause shall mean in particular if the Trustee, despite prior warning, violates obligations under this Agreement or if the number of members of the Trustee falls below the minimum number required by law; in the latter case, the Trustee may also terminate the Agreement. The Agreement shall be deemed to have been terminated in accordance with s. 1 for due cause in the event of dissolution, insolvency, or loss of the legal capacity of the Trustee. The occurrence of the Insured Event shall not constitute due cause. This Agreement may also be terminated by either Party if there are no longer any Pension Claims against the Company secured under this Agreement.

- (4) Upon termination of this Agreement pursuant to para. (3) s. 1, the Trustee shall transfer any remaining Trust Assets to a third party to be designated in writing by the Company, provided that the latter enters into an agreement with the Company for the benefit of the Beneficiaries which represents an at least Equivalent Security of the Pension Claims. The equivalence of the security must also be proven in this case at the Company's expense by a statement of the auditor auditing the financial statements of the Company. The Trustee is under no obligation to conduct their own audit. Upon termination of this Agreement by either Party, both Parties shall be required to perform all necessary actions required to ensure Equivalent Security. In the event of a termination in accordance with para. (3) s. 1 and regardless of the proper period of notice specified therein, this Agreement may not be terminated until an Equivalent Security has been implemented.
- (5) If the prerequisites for a transfer of the Trust Assets pursuant to para. (4) are not met within three months of receipt of the notice of termination, the Trustee may, provided the deposit requirements of Sec. 372 *BGB* are met and provided that trust administration within the meaning of this Agreement is no longer guaranteed, undertake to discharge itself from its obligations under this Agreement by depositing the Trust Assets with the Local Court of the registered office of the Company for the benefit of the Company, the tax offices responsible for the collection of income tax, and the respective collecting agencies responsible for the collection of social security contributions, and all Beneficiaries with discharging effect. Trustee may utilize the Trust Assets if required for depositing these assets. If PSV asserts claims against the Trustee on the Trust Assets or a portion of the Trust Assets, the Trustee may be mentioned as the eligible beneficiary in the deposit application in addition to the aforementioned parties. The costs of the deposit shall be borne by the Trust Assets.
- (6) As of the occurrence of the Insured Event, this Agreement may be terminated only by the Trustee and only for due cause. Due cause shall mean in particular if the number of members of the Trustee falls below the legally stipulated minimum number or threatens to fall below it permanently. If the Agreement is terminated in accordance with s. 1 upon the occurrence of the Insured Event, the Trustee shall remain obligated, irrespective of the termination, to comply immediately with the duties and obligations pursuant to § 7 of this Agreement. However, the Trustee shall have the right to provide in its own name an Equivalent Security within the meaning of § 11 (7) in favor of the Beneficiaries secured under this Agreement and to cover the resulting expenses by withdrawing from the Trust Assets. After the establishment of an Equivalent Security, the securing of the corresponding Pension Claims provided by this Agreement ceases. If the Company has transferred Pension Obligations to a pension fund in accordance with § 3 a of this Agreement, the Trustee may, in its own name, transfer items of the Trust Assets not required to cover the Pension Obligations secured by this Agreement to the pension fund, provided that this is necessary, so that the pension fund can permanently fulfill the Pension Obligations transferred to it in accordance with § 3 a of this Agreement. Moreover, the provision in § 8 (1) of this Agreement shall also remain applicable.
- (7) The Company may only demand the retransfer of the Trust Assets after the termination of this Agreement if all Pension Claims are fully satisfied or the Pension Claims are secured by the establishment of another equivalent security. If the Company has transferred Pension Obligations to a pension fund pursuant to § 3 a of this Agreement, Trust Assets may only be retransferred to the Company after the termination of this Agreement subject to the additional condition that the pension fund also has sufficient assets to cover its Pension Obligations permanently. A claim of the Company to retransfer Trust Assets after the termination of this Agreement is therefore excluded as long as the pension fund to which Pension Obligations have been transferred in accordance with § 3 a of this Agreement lacks assets as defined in Sec. 115

(2a) and (2b) VAG. The Company may require that the Trustee transfer to the Pension Fund any items of the Trust Assets not required to cover the Pension Obligations secured by this Agreement and not required to establish an equivalent security, so that it can permanently fulfill the obligations transferred to its in accordance with § 3 a of this Agreement.

## **§ 15**

### **Amendments to the Agreement**

- (1) The Company may exclude Pension Claims or portions of Pension Claims which do not arise until after a date not in the past to be determined by the Company, through unilateral written declaration to the Trustee and the respective Beneficiaries (insofar as these are included in this Agreement with their Pension Claims acquired up to the Effective Date) from the scope of this Agreement. Pension Claims and parts of Pension Claims which have arisen or were accrued until such date, shall remain unaffected and continue to be secured by this Agreement if the Company exercises the right specified in s. 1.
- (2) Amendments to the Agreement which merely change the content of technical processes or are a remedy of omissions, are made while maintaining the security interests of the Beneficiaries in consultation between the Company and the Trustee, without requiring the consent of the Beneficiaries. This shall also apply to contractual amendments that serve the purpose of establishing another, at least equivalent, security (Equivalent Security) for the Beneficiaries (even if the previous security is canceled). S. 1 shall also apply to the rewording of the Agreement that merely clarifies the common intent of the Company and the Trustee when entering into this Agreement.
- (3) Subject to compliance with the purpose of this Agreement to ensure the securing of the Beneficiaries as of the transfer of the assets pursuant to § 3 (1) of this Agreement to the Trustee up to any Insured Event, the Company shall have the right, to the extent that netting of the liability to be reported due to the Pension Claims in the Consolidated Financial Statements or in the financial statements with the separate assets covering Pension Obligations - as described in para. (5) of the Preamble to this Agreement - is not or no longer feasible, to amend the Agreement even without the consent of the Beneficiaries so that netting is possible provided that after the amendment of the Agreement an equivalent security continues to exist.
- (4) To the extent that the modification of this Agreement is required due to legal or regulatory provisions or due to revised or new case law, the Company and the Trustee shall jointly modify the Agreement, taking into account the interests of the Beneficiaries without their consent being required.
- (5) Modifications and amendments to this Agreement which are only beneficial to the Beneficiaries shall not require their consent.
- (6) Otherwise, the Agreement may only be amended with the consent of at least 75% of the respective Beneficiaries concerned.

## **§ 16**

### **Inclusion of additional Pension Claims**

- (1) The Company reserves the right, in addition to the Pension Claims and entitlements defined in paragraph 2 of the Preamble of this Agreement, to cover further claims and entitlements from pension commitments of the Company in the securing pursuant to this Agreement. This is done by written notification of the Company to the Trustee. Should the Company exercise this right, the definition of the Pension Claims under this Agreement shall change accordingly.
- (2) The extent of the financing and thus the security of the individual Pension Claims may be reduced by including further claims and entitlements to the provision of corporate pension scheme benefits in the securitization under this Agreement. The Company is not obligated to increase the value of the Trust Assets in such a case.

**§ 17**

**Final provisions**

- (1) This Agreement shall become effective upon the Operational Hive-down becoming effective on the Legal Effective Date.
- (2) Claims under this Agreement can neither be assigned nor encumbered, pledged, or otherwise transferred to third parties. Any assignments, encumbrances, pledges, or transfers shall not be effective vis-à-vis the other Party.
- (3) There are no verbal side agreements to this Agreement. Any changes and amendments to this Agreement, including this written form clause, must be in writing in order to be effective, unless stricter form requirements are prescribed by mandatory statutory provisions.
- (4) Should one or more provisions of this Agreement be or become invalid, either as a whole or in part, this shall not affect the validity of the remaining provisions. The Company and the Trustee are obligated to replace an invalid provision with such valid provision coming closest to the intended economic purpose of the invalid provision. The same shall apply to any omissions in the Agreement.
- (5) To the extent legally permissible, the exclusive place of jurisdiction for all disputes arising from this Agreement shall be Darmstadt. The law of the Federal Republic of Germany shall apply to the exclusion of German international private law.
- (6) The investment guidelines attached as Annex 1 shall form an integral part of this Agreement. The definitions and statements contained in the Preamble shall also be an integral part of this Agreement.

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are HC OpCo for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93771 (**LS OpCo**), for the Operating Unit KGaA Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93768 (**PM OpCo**) for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

HC OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, HC OpCo hereby authorizes

an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 96240 (**HC OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are HC OpCo for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93771 (**LS OpCo**), for the Operating Unit KGaA Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93768 (**PM OpCo**) for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Healthcare shall be hived down to HC OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

HC OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, HC OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 93768 (**PM OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240 (**HC OpCo**) for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93771 (**LS OpCo**) for the Operating Unit KGaA Life Sciences, and PM OpCo for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Performance Materials shall be hived down to PM OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

PM OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, PM OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

(the **Representative**),

to enter into the following contracts in the name of PM OpCo:

1. CTA-trust agreement between the OpCos, represented by KGaA and MP e.V. to continue securing the pension commitments against insolvency;
2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

This power of attorney is governed by German law. This power of attorney shall expire on September 30, 2018.

The Representative, to the extent legally permitted, shall be discharged from the restrictions of Sec. 181 of the German Civil Code (*Bürgerliches Gesetzbuch – BGB*) (particularly in connection with the agreement to transfer trust assets) and, within the scope of this power of attorney, shall be authorized to delegate the power of attorney, either as a whole or in part.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-Down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Units shall be hived down to the OpCos. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via MP e.V. by way of a Contractual Trust Agreement **(CTA)**.

The OpCos in turn shall enter into appropriate CTA agreements with MP e.V. to provide the security, even after the Operational Hive-down is implemented also for the duration of the aforementioned business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

NOW THEREFORE, MP e.V. hereby authorizes

## Preamble

1. For the purpose of securing corporate pension benefits, KGaA and the Trustee have entered into a Trust Agreement dated November 29, 2011 (hereinafter referred to as "**KGaA TA**").
2. As part of the strategic development, the operating activities of the Healthcare, Life Science, and Performance Materials Business Sectors and the associated assets and liabilities (hereinafter individually referred to individually as an "**Operating Unit**" or collectively as "**Operating Units**") within KGaA shall be hived down by way of a hive-down by absorption pursuant to Sec. 123 (3) No. 1 German Reorganization Act (*Umwandlungsgesetz – UmwG*) to HC OpCo, PM OpCo, and LS OpCo (hereinafter individually referred to as "**OpCo**" or collectively as "**OpCos**") based on a hive-down Agreement by and between KGaA and HC OpCo / LS OpCo and PM OpCo (hereinafter referred to as "**Operational Hive-down Agreement**") (the transaction hereinafter referred to as "**Operational Hive-down**"). The hive-down shall be completed upon its registration in the commercial register of KGaA (hereinafter "**Legal Effective Date**"). The effective date of the hive-down is January 1, 2018, 0:00 hours (hereinafter "**Economic Effective Date**"). The closing balance effective date as defined in Sec. 125 s. 1, Sec. 17 (2) *UmwG* is December 31, 2017, 24:00 hours (hereinafter referred to as "**Closing Balance Effective Date**"). The Operational Hive-down shall, *inter alia*, ensure more efficient management of the Operating Units by means of a business sector-related Enterprise Resource Planning System (hereinafter referred to as "**ERP system**").
3. The Operational Hive-down results, *inter alia*, in the employment relationships of the active employees attributed to the respective Operating Units being transferred as specified in the Operational Hive-down Agreement from KGaA to the respective OpCo ("**Transitioning Employees**"). In addition, pursuant to the Operational Hive-down Agreement, the legal relationships with the former KGaA Employees are hived down as well in the course of the Operational Hive-down between KGaA and the OpCos to the extent that their departure occurs during the period after the Closing Balance Effective Date and before the Legal Effective Date ("**Former Employees**"). The Transitioning Employees and the Former Employees form the group of secured employees (hereinafter "**Secured Employees**"). The Secured Employees have claims for corporate pension benefits which are transferred to the respective OpCos in the course of the Operational Hive-down.
4. Since the technical requirements for introducing the (business sector-specific) ERP systems currently do not exist at the OpCos - the introduction is planned for the period from early 2019 to 2020, depending on the business sector - it is intended that the business activities hived down to the OpCos be temporarily leased back to KGaA until the introduction of the ERP systems in the respective OpCo ("**Business Lease**"). The Business Lease shall become effective immediately upon the Operational Hive-down becoming effective. Notwithstanding the aforesaid, the Business Lease shall become effective with retroactive economic effect as of January 1, 2018, 0:00 hours (hereinafter "**Beginning Of The Lease**"). The Business Lease results in the Transitioning Employees being retransferred to KGaA; in some cases, employment contracts are retransferred to KGaA as well based on individual agreements. The plan for the Business Lease is that the respective OpCo assumes joint liability in respect of the claims of the Transitioning Employees for corporate pension benefits in the form of a direct commitment (hereinafter "**Secured Direct Commitments**") and agrees with KGaA to assume performance in full (hereinafter "**Assumption Of Joint Liability**"). The Assumption Of Joint Liability results in the economic obligations from the Secured Direct Commitments of the Transitioning Employees remaining with the respective OpCo as of the Beginning of the Business Lease despite the Business Lease and the respective OpCo being obliged to recognize this (contingent) liability on its balance sheet. With the introduction of the respective final business sector-specific ERP system, the Business Lease is terminated with regard to

the OpCo concerned, and management of the operation is transferred to the OpCo completely and permanently (as retransfer of the leased item). The claims and entitlements which the Secured Employees have already accrued from the corporate pension commitments are currently secured by the KGaA TA and shall be continued as of the Legal Effective Date by an independent trust agreement to be concluded each by the OpCos and the Trustee and the Employee Trustee (hereinafter individually referred to for each OpCo as "**OpCo TA**"). The OpCo TA is attached hereto as **Annex 1**. Its content corresponds to the KGaA TA and meets the requirement of an Equivalent Security as defined in § 11 (7) of the KGaA TA.

5. Pursuant to this Agreement, the trust assets attributable on a pro rata basis to the Secured Employees (hereinafter referred to as "**Trust Assets To Be Transferred**") are transferred to the respective OpCo in such manner that they are contributed to the respective OpCo TA entered into by and between the Trustee and the respective OpCo (hereinafter referred to as "**Transfer**"). Thus, at the same time, beneficial ownership in the prorated trust assets is contributed to the respective OpCo. The Parties agree that the Transfer of the prorated trust assets between KGaA and the OpCos shall occur with retroactive economic effect as of the Economic Effective Date. However, in order to avoid any multiple transfer of the trust assets (also between the OpCos) required as a result, beneficial ownership shall be transferred directly between KGaA and the OpCo to which the Secured Employees are each attributable at the Legal Effective Date ("fast-track transfer"). In addition, KGaA and the OpCos have set forth a compensation mechanism in the Operational Hive-down Agreement according to which KGaA and the OpCos put themselves in the position economically as if the Transfer had been based on the situation at the Closing Balance Effective Date. This compensation mechanism shall remain unaffected.
6. The Transfer shall be completed based on the requirements set forth in § 11 of the KGaA TA, with HC OpCo / LS OpCo / PM OpCo being subject to this Agreement as an agreement separate for each of the respective OpCos.
7. Now therefore, the Parties agree as follows:

## § 1

### Transfer of prorated Trust Assets

1. KGaA and the Trustee, as well as the OpCos, agree that, at the Legal Effective Date, the trust assets attributable on a pro rata basis to the Secured Employees shall be transferred to the Trustee pursuant to the KGaA TA for the purpose of establishing an Equivalent Security as defined in § 11 (2), (6), (7) of the KGaA TA as Trust Assets under the Merck OpCo TA.
2. For this purpose, KGaA shall determine the portion of the Trust Assets To Be Transferred under the KGaA TA in such manner that the percentage of the secured claims is determined based on the ratio of such claims and the total secured claims under the KGaA TA (hereinafter "**Distribution Key**"). The Valuation Date shall equal the Legal Effective Date. The total secured claims shall be determined pursuant to § 11 (4) in context with § 5 (1) of the KGaA TA in such manner that a calculation is based both on IFRS and HGB and the higher of the two values is the applicable value.

The Parties assume that the final Distribution Key cannot be determined directly as of the Legal Effective Date, but rather within a period of 30 calendar days of the Legal Effective Date.

3. The Distribution Key shall then be applied by KGaA on the trust assets existing at the Legal Effective Date as per the KGaA TA with the result that the portion of the trust assets under the KGaA TA is transferred to the Merck OpCo TA based on the Distribution Key. The calculation of the value of the trust assets shall be based on the fair value under IFRS as at the Legal Effective Date as specified in § 11 (4) of the KGaA TA. The amount to be transferred shall be reviewed and substantiated by way of a certified auditor's opinion pursuant to § 11 (5) of the KGaA TA by the auditor who grants the auditor's opinion on the financial statements of KGaA.

The Trust Assets To Be Transferred are transferred in such manner that the Trust Assets To Be Transferred are reposted by the Trustee from the escrow/securities account of KGaA to the corresponding escrow/securities account of the OpCo as plan assets under the respective Merck OpCo TA with the result that the Trustee retains legal ownership and the OpCo obtains beneficial ownership in the Trust Assets To Be Transferred by KGaA.

For this purpose, KGaA hereby assigns its rights in the Trust Assets To Be Transferred to the OpCo with effect as of the Legal Effective Date; the OpCo accepts the assignment with the proviso that rights in the Trust Assets To Be Transferred by KGaA are contributed directly as Trust Assets under the OpCo Trust Agreement with effect as of the Legal Effective Date. The Trustee hereby accepts this fiduciary transfer of the Trust Assets To Be Transferred as trust assets under the Merck OpCo TA.

The reposting of trust assets to settle the claim for transfer of the Trust Assets To Be Transferred, which is assigned and contributed to the Merck OpCo TA with effect as of the Legal Effective Date, shall occur upon determination of the Distribution Key pursuant to para. (2), no later than within 40 days of the Legal Effective Date.

4. To the extent that Secured Employees are assigned to HC OpCo / PM OpCo / LS OpCo under a three-party agreement, the provisions regarding the assessment and the transfer of the trust assets attributable to them under these agreements, in particular the calculation pursuant to § 1 (2), shall apply *mutatis mutandis*.

## **§ 2**

### **Final provisions**

1. Any modifications of this Agreement shall not become effective unless they are in writing. The same shall apply to any waiver or modification of this para. (1).
2. All agreed-upon compensations and compensating services shall be net amounts. To the extent owed by the service provider under the applicable laws, value-added tax shall be paid in addition to the agreed-upon fees upon receipt of a proper invoice as specified in the German Value-Added Tax Act.
3. Insofar as the OpCos are subject to obligations to inform and cooperate with the Trustee as a result of the performance of the OpCo TA, KGaA shall provide assistance and, if any, necessary information, in particular data relating to employees employed by KGaA in the course of the Business Lease, for the purpose of performing the OpCo TA and within the legally permissible scope.
4. The effectiveness of this Agreement shall be subject to the condition precedent that the Operational Hive-down is registered in the commercial register of KGaA.
5. If individual provisions herein are or become void or invalid, the remaining provisions herein shall remain unaffected. The void or invalid provisions shall be deemed replaced by such effective provision coming as close as possible to the content of the void or invalid provision, taking into account the Parties' intentions. The same applies to any omissions in the Agreement. In the event of void or invalid provisions relating to deadlines or periods, those deadlines or time periods shall be deemed to be agreed which, depending on the intent of the Parties, shall be at least or at most compatible with mandatory law.
6. Any economic compensation provisions beyond these provisions by and between the OpCos and KGaA as well as by and between the OpCos, in particular under the Operational Hive-down Agreement between KGaA and the OpCos, shall remain unaffected.
7. This Agreement shall be governed by German law.

Of this Deed,

- each Party shall receive a certified copy.

Any and all costs relating to this Deed and its execution shall be borne by Merck KGaA, Darmstadt, Germany.

As part of the Group's strategic development, the operating activities of the Healthcare, Life Science and Performance Materials Business Sectors and the associated assets and liabilities (hereinafter individually referred to as an “**Operating Unit**”) within KGaA at the Darmstadt and Gernsheim sites shall be hived down by way of a hive-down by absorption pursuant to Sec. 123 (3) No. 1 German Reorganization Act (*Umwandlungsgesetz – UmwG*) each to one of the Companies (hereinafter referred to as “**Operational Hive-down**”). The hive-down shall be completed upon its registration in the commercial register of KGaA (hereinafter referred to as “**Legal Effective Date**”). The effective date of the hive-down is January 1, 2018, 0:00 hours (hereinafter referred to as “**Economic Effective Date**”). The closing balance effective date as defined in Sec. 125 s. 1, Sec. 17 (2) *UmwG* is December 31, 2017, 24:00 hours (hereinafter referred to as “**Closing Balance Effective Date**”). The Operational Hive-down shall ensure more efficient management of the business sectors by means of a business sector-related Enterprise Resource Planning System (hereinafter referred to as “**ERP system**”). As a result of the hive-down, the claims resulting from the pension commitments of the transitioning employees shall first be transferred to the Companies; simultaneously, the corresponding plan assets shall be held as of that date based on this Trust Agreement. The introduction of this business sector-specific ERP system is planned for the Healthcare Business Sector in 2019 and for the Business Sectors Life Science and Performance Materials in 2020. Since the technical requirements for introducing the ERP systems do not exist at the Companies at the time of the Operational Hive-down, it is intended that the business activities hived down to the Companies be temporarily leased back to KGaA until the introduction of the ERP systems by the respective Company (hereinafter referred to as “**Business Lease**”) with the result that the employment relationships attributable to the Companies in the course of the Operational Hive-down being retransferred to KGaA by operation of law. The Business Lease shall become effective immediately upon the Operational Hive-down becoming effective. Notwithstanding the aforesaid, the Business Lease shall become effective with retroactive economic effect as of January 1, 2018, 0:00 hours (hereinafter “**Beginning Of The Lease**”). The plan for the Business Lease is that the Companies assume joint liability for their respective Operating Unit in respect of the pension claims defined below and existing due to pension commitments and agree internally with KGaA to assume performance in full (hereinafter “**Assumption Of Joint Liability**”). Assumption Of Joint Liability shall cease if the Companies become the direct debtors of the pension claims from the pension commitments, in particular upon termination of the Business Lease.
- (2) Once the Operational Hive-down becomes effective, the active and former employees of the respective Company, including those employees (i) who are reassigned to KGaA under the Business Lease or employed by KGaA in the respective Operating Unit during the term of the Business Lease and who are secured due to the Assumption Of Joint Liability, and (ii) who are former KGaA employees to the extent that they are transferred to the respective Company under the Operational Hive-down, persons who are entitled to benefits as set forth in Sec. 12 German Pension Compensation Act (*Versorgungsausgleichsgesetz*) with regard to the aforementioned persons and - following the death of the aforementioned persons - their survivors (the aforementioned group of persons hereinafter collectively referred to as “**Beneficiaries**”) shall have claims and entitlements against the Company for corporate pension scheme benefits either directly due to the pension commitment or by way of Assumption Of Joint Liability, for which (excluding netting permitted based on this Agreement) a liability would be disclosed in the consolidated financial statements of KGaA (hereinafter referred to as “**Consolidated Financial Statements**”) in accordance with the International Financial Reporting Standards (hereinafter “**IFRS**”) or for which a provision should be recognized in the financial statements of the respective Company in accordance with the provisions of the German Commercial Code (hereinafter “**HGB**”) or in conjunction with Art. 28 of the German Introductory Act to the Commercial Code (*Einführungsgesetz zu Handelsgesetzbuch*; hereinafter “**EGHGB**”).

These claims and entitlements against KGaA or the Company arising during the Business Lease either directly from the pension commitment or due to the Assumption Of Joint Liability, are hereinafter referred to uniformly as “**Pension Claims**” and take into account the following provisions. The obligations of the Company or KGaA, respectively, resulting from the Pension Claims are referred to uniformly as “**Pension Obligations**”, regardless of whether KGaA or the

Company owes these benefits due to the pension commitment or due to the Assumption Of Joint Liability.

The Pension Obligations include those obligations transferred to the Companies in the course of the Operational Hive-down.

The Pension Claims do not include such claims or entitlements to the provision of corporate pension scheme benefits for which, in accordance with the underlying pension commitment, a legal claim against a pension fund within the meaning of Sec. 112 German Insurance Supervision Act (*Versicherungsaufsichtsgesetz*; hereinafter "**VAG**") or against a pension fund within the meaning of Sec. 118a VAG was established as a pension provider or a legal claim under a direct insurance against an insurance company.

Neither do the Pension Claims include such claims or entitlements to the provision of corporate pension scheme benefits for which the respective company is only jointly liable as a former employer pursuant to Sec. 613a (2) *BGB* after a transfer of undertaking or for which the respective Company is still jointly and severally liable as a transferring company, i.e., not simultaneously due to the Assumption Of Joint Liability, under the provisions of the German Reorganization Act (hereinafter "**UmwG**") following reorganization measures. Furthermore, claims and entitlements established by pension commitments against the respective Company only as a result of a transfer of undertaking (with the respective Company as the transferee) or of a measure taken after the closing of this Agreement in accordance with the *UmwG* (with the respective Company as the receiving entity) are subject to this Agreement only to the extent that the respective Company provides a corresponding unilateral written declaration to the Trustee. The respective Company shall issue a corresponding unilateral written declaration for the employees transferring from KGaA to the Company upon termination of the respective Business Lease.

Not included in the Pension Claims are other claims and entitlements for the provision of corporate pension scheme benefits to the extent that they are secured against insolvency by the respective Company under private law - except for those secured by this Agreement or the Pension Security Association (*Pensions-Sicherungs-Verein VVaG*; hereinafter "**PSV**") (e.g., through pledged reinsurance, etc.) or due to the Assumption Of Joint Liability.

Beneficiaries, who acquire claims or entitlements to the provision of corporate pension scheme benefits against the respective Company after the conclusion of this Agreement, are included in this Agreement without further ado in so far as the claims and entitlements qualify as Pension Claims within the meaning of the above provisions and to the extent that the respective Company has not exercised its right under § 15 (1) of this Agreement.

- (3) The respective Company intends to secure the Pension Claims against insolvency by means of an external reinsurance in the scope specified in detail by this Agreement. This shall be done by a fiduciary transfer of the corresponding (proportionate) external financing (hereinafter referred to as the dedication of assets and their benefits and surrogates to settle (pro rata) Pension Claims Pension Claims) and securing required assets to a legally independent third party (Trustee).
- (4) Upon closing of the trust agreement and the transfer of the assets in accordance with this Agreement, the respective Company intends to ensure that Pension Claims are settled (on a pro rata basis) in accordance with the provisions of this Agreement even in the event that
  - a) an application for the initiation of insolvency proceedings has been filed against the assets of the respective Company and the insolvency court has subsequently imposed security measures in accordance with Sec. 21 et seq. German Insolvency Code (*InsO*); or
  - b) insolvency proceedings pursuant to Sec. 27 *InsO* are initiated in respect of the assets of the respective Company or the application for initiation of insolvency proceedings is rejected due to lack of assets, without security measures being imposed pursuant to Sec. 21 et seq. *InsO* following the application for the initiation of proceedings; or
  - c) an out-of-court settlement (deferment, quota, or liquidation settlement) is agreed upon between the respective Company and its creditors with the consent of PSV to avert insolvency proceedings; or
  - d) the operation of the respective Company ceases completely, an application for initiating insolvency proceedings has not been filed, and insolvency proceedings are not considered due to the lack of assets.

Each of these cases is hereinafter referred to as an **“Insured Event.”** In addition to the provisions in para. (1), only such entitlements and/or entitlements to the provision of corporate pension scheme benefits are deemed to be Pension Claims within the meaning of this Agreement accrued in the Insured Event cases specified in lit (c) and (d) or until the initiation of insolvency proceedings in respect of the assets of the respective Company or until the application for the initiation of insolvency proceedings has been rejected for lack of assets. Any subsequently accrued claims or entitlements to corporate pension scheme benefits (including any adjustments or claims for adjustment pursuant to Sec. 16 of the German Company Pensions Act (*BetrAVG*)) shall not constitute Pension Claims within the meaning of this Agreement. For the purpose of the provisions relating to the Insured Event, in particular the provisions in this para. (4) as well as for § 1 (3) and § 7 (2), KGaA shall replace the respective Company for the duration and within the scope of the Assumption Of Joint Liability vis-à-vis the employees for any Pension Claims against KGaA.

- (5) The Beneficiaries' rights established for the first time by this Trust Agreement arise from the beginning only within the scope provided for by this Trust Agreement and only subject to the restrictions or subsequent options for structuring or modification options provided for in this Trust Agreement.
- (6) In addition, as a result of the fiduciary transfer of the assets necessary for reinsurance and securing of the Pension Claims to the Trustee, the respective line items may be offset pursuant to Sec. 246 (2) s. 2 *HGB* in the financial statements of the Company compiled in accordance with *HGB*. In addition, as a result of the fiduciary transfer of assets necessary for reinsurance and securing of the Pension Claims to the Trustee, it should also be possible to offset the liability to be recognized for the Pension Claims against the assets covering and separating the Pension Obligations (plan assets) in the Consolidated Financial Statements compiled in accordance with IFRS.
- (7) This Agreement is deemed to be a separate agreement for each of the Companies.  
NOW THEREFORE, the Parties agree as follows:

## § 1 Subject of the Agreement

- (1) The subject of this Agreement is the external (where appropriate prorated) financing and securing of Pension Claims and, in the case of an Insured Event, the satisfaction (where appropriate on a pro rata basis) of Pension Claims existing at that time.
- (2) This Agreement establishes an administrative trust between the Company and the Trustee as set forth in § 3 of this Agreement as well as a Securing Trust between the Trustee and the Beneficiaries as specified in § 4 of this Agreement (Double Trust).
- (3) Initially, this Agreement secures those Pension Claims that are due between the filing date of an application to initiate insolvency proceedings in respect of the assets of the Company on the one hand and the initiation of insolvency proceedings or the rejection of the initiation of insolvency proceedings on the other hand, and irrespective of whether these Pension Claims are also subject to statutory insolvency insurance by PSV. The following shall apply with respect to Pension Claims that are due upon the initiation of insolvency proceedings or after the rejection of the initiation of the insolvency proceedings for lack of assets or after the occurrence of one of the other Insured Events: Those Pension Claims and/or those portions of Pension Claims not secured against insolvency by PSV under statutory regulations are primarily secured. Secured on a subordinated basis are those Pension Claims and/or those portions of Pension Claims that are secured against insolvency proceedings by PSV under statutory regulations. The ranking described in this paragraph is hereinafter referred to as the **“Securing Ranking”**. The scope and nature of the insurance is based on the detailed provisions of this Agreement; the legal consequences of the various insurance rankings of the Pension Claims already due in the insolvency proceedings, the Pension Claims not secured by PSV, and the Pension Claims secured by PSV with respect to settling Pension Claims in the Insured Event are in particular based on the provision in § 7 of this Agreement. The provisions of § 3 (8) and (9), § 3a, § 11, § 15 (1), and § 16 of this Agreement shall remain unaffected by the Securing Ranking of an Insured Event.
- (4) Third-party beneficiaries as per Sec. 328 (1) *BGB* under this Agreement are the Beneficiaries.

## § 2 Trust Assets

- (1) The Trustee maintains a securities account held in its name as an open escrow securities account and a corresponding current account or settlement account managed as an open escrow account with a German bank pursuant Sec. 1 (1) KWG or a German financial services institution as defined in Sec. 1 (1a) KWG of their choice. The Trustee may also open several escrow securities accounts and escrow accounts. Furthermore, the Trustee may also use several credit institutions or financial services institutions or a suitable third party or several suitable third parties. The escrow securities account and the escrow account (or the escrow securities accounts and the escrow accounts, respectively) carry an addition that indicates the fiduciary earmarking. The values posted in the aforementioned securities account and on the current account or settlement account (or securities accounts and current or settlement accounts, respectively) and any other assets or their surrogates transferred to the Trustee by the Company for the purpose of fiduciary management and to secure Pension Claims under this Agreement constitute legal assets held by the Trustee with which the Trustee shall proceed in accordance with the provisions set forth below (hereinafter referred to as "**Trust Assets**"). The Trust Assets include the beneficial use and benefits drawn by the Trustee from the Trust Assets, which are to be transferred to the securities account if feasible or credited to the current account or settlement account.
- (2) German and foreign taxes and levies (in particular withholding tax and solidarity surcharge) incurred prior to the Insured Event on income from the Trust Assets shall not be compensated or reimbursed between the Company and the Trustee unless the Company agrees to reimburse such amounts to the Trustee in a separate agreement. Any claims of the Trustee for reimbursement for Trust Assets under this paragraph may be offset against claims of the Company pursuant to § 3 (8) of this Agreement. There is no obligation on the part of the Trustee to enforce any claims against the Company under this paragraph.

## § 3 Administrative trust

- (1) The Company shall either transfer to the Trustee monetary amounts to the current or settlement account mentioned in § 2 of this Agreement or other assets to be used to finance and secure the Pension Claims (where appropriate, on a pro rata basis). Only such assets may be transferred to the Trustee the transfer of which is consistent with the provisions of the Investment Guidelines attached as **Annex 1** and established by the Company. The Company shall decide at its own discretion on the quantity of assets transferred to the Trustee.
- (2) The Trustee shall commission an investment management company (hereinafter referred to as "**KAG**") as defined by Sec. 6 InvG or a financial services institution as defined by Sec. 1 (1a) KWG (hereinafter referred to as the "**Financial Services Institution**") to manage and invest the Trust Assets; such engagement shall be subject to a separate investment management agreement to be concluded (including any other agreements to be concluded in this connection) if economically reasonable and feasible. The Trustee may also commission several KAGs or Financial Services Institutions. In such case, the Trust Assets shall be managed and invested by a KAG or a Financial Services Institution on behalf and for the account of the Trustee. The asset management contracts to be entered into with a KAG or a Financial Services Institution shall grant the Trustee the right to terminate the contract, giving notice not to exceed three months as per the end of the quarter. An Investment Committee shall be established to determine the specific investment policy with respect to an asset managed by the KAG or the Financial Services Institution. Such Investment Committee decides on the requirements for the investment of assets under the Investment Guidelines (Annex 1). The composition of the Investment Committee and its resolutions are governed by the Investment Guidelines (Annex 1) described above.
- (3) As an alternative to the provision in para. (2), the Trustee may appoint a suitable third party to administer and invest the Trust Assets under a separate agreement and in accordance with the provisions of the Investment Guidelines (Annex 1). Any management and investment of the Trust Assets by an appropriate third party shall be in the name and for the account of the Trustee. The asset management contracts to be entered into with a suitable third party shall grant the Trustee the right to terminate the contract, giving notice not to exceed three months as per the end of the quarter.

Alternatively, the Trustee may also manage and invest the Trust Assets in accordance with the

Investment Guidelines (Annex 1).

- (4) The Investment Guidelines (Annex 1) may be amended in accordance with the procedure specified in the Investment Guidelines. The Investment Guidelines must not contradict the provisions of this Agreement. In the event of any contradiction, the Investment Guidelines shall be adjusted accordingly. In this case, the provisions of this Agreement take precedence over the provisions in the Investment Guidelines.
- (5) On the last banking day of each quarter, the Trustee shall invoice the Company for the change and fair value of the Trust Assets. With regard to the portion of the Trust Assets managed by the KAG or a Financial Services Institution, billing shall be by submitting escrow securities account and escrow account statements managed on behalf of the Trustee. If the Trust Assets are not managed by the KAG or a Financial Services Institution, the accounting shall be in accordance with a separate agreement between the Company and the Trustee.
- (6) The Trust Assets shall be managed and held separately from other assets managed by the Trustee, by an appropriate third party as per para. (3), by a KAG, or a Financial Services Institution. If the Trust Assets are managed by a KAG, the latter shall set up one or more special-purpose assets within the meaning of Sec. 2 (2) *InvG*. Securities managed by a Financial Services Institution, a suitable third party, or the Trustee shall be held separately pursuant Sec. 2 *DepotG*.
- (7) Upon termination of this Agreement prior to the occurrence of the Insured Event, the Trustee is obligated to deal with the Trust Assets available at that time in accordance with the provisions in § 14 of this Agreement. In case of an Insured Event, the Trust Assets shall be treated in accordance with the provisions in § 7 of this Agreement.
- (8) As long as the Agreement has not been terminated and no Insured Event has occurred, the Company may request reimbursement by the Trustee from the Trust Assets if it has provided services to settle Pension Claims secured by this Agreement. This also includes the settlement of reimbursement payments that the Company has made to third parties, in particular KGaA due to the Assumption Of Joint Liability, if the third party has provided services to settle the Pension Claims. This also applies if the value of the Trust Assets is less than the present value of the Pension Claims secured by this Agreement. The reimbursement shall be made at the request of the Company at the end of each financial year if the Company notifies the Trustee in writing that it has settled certain Pension Claims.

In addition, monthly reimbursement payments may be made during the year. The basis for the reimbursement is that the Company informs the Trustee in writing (i) of the amount in which they will each provide services to settle the Pension Claims secured by this Agreement and such amount shall be reimbursed in each case during the year in arrears; and (ii) of the extent to which they will provide services in the respective previous month to settle the Pension Claims secured by this Agreement. This also includes the settlement of reimbursement payments made by the Company to third parties, in particular KGaA, if the third party has provided services to settle the Pension Claims. No reimbursement shall be made if the Trustee learns about the non-settlement of secured Pension Claims the settlement of which has been announced by the Company. In any case, reimbursement shall be made after the service is rendered, i.e., in arrears.

If a claim for reimbursement is not asserted, it lapses three months after the end of the financial year in which the service was provided to settle a pension claim. The Company may waive, as a whole or in part, any existing or future reimbursement claim by way of a unilateral written declaration to the Trustee. The Trustee is under no obligation to verify the accuracy of the information provided by the Company. However, in the event that information provided by the Company is clearly implausible, the Trustee shall request the Company to furnish further proof. As long as the Agreement has not been terminated and no Insured Event has occurred, the Company may agree with the Trustee (by mutual agreement) to satisfy Pension Claims due directly from the Trust Assets. Any performance obligation on the part of the Trustee arising from the provisions set out in the preceding sentences shall be limited to the Trust Assets existing at the respective point in time.

- (9) Regardless of the case (reimbursement) provided for in para. (8), the Company may require the Trustee to retransfer Trust Assets if the Company provides evidence in the form of an expert opinion prepared by the public accountant auditing the Company's financial statements to the

effect that within the meaning of the applicable regulations of the HGB or IFRS (if these regulations apply to the Consolidated Financial Statements) it is permanently ensured that all Pension Obligations under this Agreement can be settled with the remaining Trust Assets. § 3 b (3) of the Agreement shall remain unaffected. The Trustee is under no obligation to conduct their own audit.

- (10) The administrative trust existing between the Company and the Trustee and specified in § 3 of this Agreement shall expire upon the occurrence of the Insured Event. This shall not affect this Agreement, in particular the other rights and obligations of the Trustee and the Company under this Agreement, which are not governed by this § 3 herein.

### **§ 3 a**

#### **Transfer of Pension Obligations to a pension fund**

- (1) Irrespective of the transfer of Pension Obligations to a pension fund upon any termination of this Agreement pursuant to § 14 (6) of this Agreement, the Company shall also have the right to transfer Pension Obligations to a pension fund as specified in Sec. 112 VAG during the term of this Agreement. The Pension Obligations shall be transferred to the extent that the respective Beneficiaries are awarded their own entitlement to benefits against the pension fund pursuant to Sec. 112 (1) s. 1 (3) VAG.
- (2) In the event of a transfer of Pension Obligations to a pension fund as referred to in para. (1), the Company may, as long as no Insured Event has occurred, request the Trustee to reimburse expenses incurred in full from the Trust Assets (i.e., all payments to the pension fund in connection with the transfer of the respective Pension Obligations) if the payments of the Company to the pension fund have been made in agreement with the Trustee. The claim for reimbursement of expenses also presupposes that no more than three months have elapsed between the Company's payment to the pension fund and the assertion of the reimbursement claim by the Company. The Company may waive all or part of an existing expense compensation claim by way of a unilateral written declaration to the Trustee. In lieu of the reimbursement of expenses set forth in the preceding sentences, the Company may also require the Trustee to provide direct Trust Assets to finance the transfer of Pension Obligations to a pension fund. Any performance obligation on the part of the Trustee arising from the provisions set out in the preceding sentences shall be limited to the Trust Assets existing at the respective point in time. If the Company incurs expenses for the transfer of obligations arising from claims and entitlements to corporate pension scheme benefits that are not secured by this Agreement, the Company cannot claim reimbursement of expenses from the Trust Assets.
- (3) If, following a transfer of Pension Obligations to a pension fund in accordance with the provisions in the preceding paragraphs, an additional funding obligation arises for the Company against the respective pension fund with regard to the transferred Pension Obligations which previously were secured under this Agreement, the Company may require the Trustee to make available the amount required to meet the additional funding obligation from the Trust Assets. Should the Company meet the additional funding obligation without the Trustee providing the required amount, the Company may demand reimbursement of expenses from the Trust Assets for the amount used to meet the additional funding obligation if meeting the additional funding obligation by the Company is as agreed upon with the Trustee and if the time elapsed between meeting the additional funding obligation by the Company and assertion of the claim to the reimbursement of expenses by the Company does not exceed three months. The Company may waive the claim in full or in part by way of a unilateral written declaration to the Trustee. Any performance obligation on the part of the Trustee arising from the provisions set out in the preceding sentences shall be limited to the Trust Assets existing at the respective point in time.
- (4) The Company may also assert its claims in the full amount under para. (2) and (3) above if the value of the Trust Assets is less than the present value of the Pension Claims secured by this Agreement.

### **§ 3 b**

#### **Integration of pension fund provisions and trust security**

- (1) The Company and the Trustee agree that in the event of a transfer of Pension Obligations to a pension fund pursuant to § 3 a of this Agreement, the corporate pension benefits which the Company commits to shall be provided by the pension fund in its own name for the Company in

accordance with the respective pension plans. Should there be an excess coverage allowing for a (re)transfer of assets of the pension fund to the Company, taking into account the relevant pension plans and the provisions of the German Insurance Supervision Act, the company is obligated to ensure that the pension fund transfers the assets to be released directly to the Trustee for the account of the Company for the purpose of financing and securing the Pension Claims secured under this Agreement. The Company is obligated to take the necessary measures to ensure that the pension fund releases assets only within the above limits. The Trustee is obligated to receive the assets released by the pension fund based on the above limits and to transfer them to the Trust Assets as long as this is in compliance with the Investment Guidelines attached as Annex 1.

- (2) The Company and the Trustee agree that the provisions in para. (1) shall also apply *mutatis mutandis* in the event of the dissolution of a pension fund to which Pension Obligations have been transferred in accordance with § 3 a of this Agreement.
- (3) If the Company has transferred Pension Obligations to a pension fund in accordance with § 3 a of this Agreement, the Trust Assets may only be retransferred to the Company in accordance with § 3 (9) of this Agreement if the Company has obtained an opinion from the auditor auditing the financial statements of the Company which proves to the Trustee that the relevant regulations of the HGB or IFRS ensure on a sustained basis that the Trust Assets remaining with the Trustee not only satisfy the Pension Obligations secured by this Agreement, but that the pension fund also has sufficient assets in order to be able to meet the Pension Obligations assigned to it on a permanent basis. To this extent, the Trustee is under no obligation to conduct their own audit. Any claim of the Company for the retransfer of Trust Assets shall therefore be excluded in particular as long as the pension fund to which Pension Obligations have been transferred in accordance with § 3 a of this Agreement lacks assets as defined in Sec. 115 (2a) and (2b) VAG. The Company may request that the Trustee transfer the Trust Assets that are not required to cover the Pension Obligations secured by this Agreement to the pension fund so that the latter may permanently settle the Pension Obligations transferred to it as specified in § 3a of this Agreement.

#### § 4

#### **Genuine contract in favor of third parties; Securing Trust; Claims in case of an Insured Event**

- (1) The Trustee shall hold the Trust Assets not only as an administrative trustee of the Company based on the provisions in § 3 of this Agreement, but at the same time as a securing trustee of each Beneficiary in accordance with the more detailed provisions of this Agreement. The Securing Trust is established by way of this Agreement, which thus represents a genuine contract for the benefit of third parties within the meaning of Sec. 328 (1) *BGB (Vertrag zugunsten Dritter)* and does not depend on the existence of the administrative trust pursuant to § 3 of this Agreement. The Securing Trust is established immediately upon conclusion of this Agreement and may not be terminated without the written consent of the respective Beneficiaries unless such termination is in accordance with the provisions of this Agreement. Under the Securing Trust, any Beneficiary authorized to enter into this Agreement has the right to require the Trustee to act in the interest of securing the Pension Claims in accordance with the provisions of this Agreement. In case of an Insured Event, each Beneficiary may directly require the Trustee to satisfy their Pension Claims against the Company from the Trust Assets, taking into account the Securing Ranking and complying with the more detailed provisions in § 7 of this Agreement. The performance obligation of the Trustee in case of an Insured Event shall be limited to the Trust Assets existing at the respective point in time.
- (2) In case of an Insured Event, the Trustee is obligated to first fulfill its obligations under § 7 of this Agreement before satisfying any claims of the Company under this Agreement, including any retransfer or repurchase entitlements of the Company for unjust enrichment or under insolvency law or other statutory provisions. A full or partial retransfer of the Trust Assets to the Company before or after the occurrence of the Insured Event shall be limited to the cases expressly specified in this Agreement.
- (3) The Company's right to require the Trustee to disburse benefits to the Beneficiaries pursuant to § 7 of this Agreement in case of an Insured Event shall remain unaffected by the independent benefit entitlement of the Beneficiaries in case of an Insured Event (Sec. 335 *BGB*).

- (4) It is the contractual basis for the Contracting Parties that the Securing Trust in favor of the Beneficiaries shall continue until all Pension Claims are fully settled or the Pension Claims are secured by agreeing on another Equivalent Security under this Agreement as specified in § 11 (7) of this Agreement or until the Trustee has utilized the Trust Assets in full in accordance with the provisions of this Agreement and no longer holds any Trust Assets. The Securing Trust shall continue in case of an Insured Event regardless of the fact that the administrative trust between the Company and the Trustee has expired. Should this Agreement be terminated in a legally effective manner before all Pension Claims have been settled in full, the preceding para. (1) to (3) and the provisions in § 14 of this Agreement shall apply *mutatis mutandis* to each retransfer claim of the Company resulting from such termination or cancellation.

## § 5

### Calculation of the Obligation Value relating to the Pension Claims to be secured

- (1) Once a year as at December 31 of each preceding year ("**Valuation Date**"), the Obligation Value of all Pension Claims to be secured shall be determined by an actuarial expert commissioned by the Company (hereinafter "**Actuary**"). For the purpose of this Agreement, the "**Obligation Value**" shall be the respective defined benefit obligation ("**DBO**") for each Beneficiary, if the DBO under IFRS for all existing Pension Claims at the Valuation Date exceeds the pension provision under HGB for all Pension Claims at the Valuation Date ("**pension provision according to HGB**" in this context shall mean the pension provision to be recorded according to the regulations of the HGB assuming full exercise of all asset recognition options pursuant to Sec. 28 *EGHGB*, the amount according to Sec. 253 *HGB* including discounting, but not taking into account netting pursuant to Sec. 246 (2) *HGB* and not taking into account the transitional provisions under Article 67 *EGHGB*); otherwise, the Obligation Value shall equal the respective pension provision according to HGB for each entitled Beneficiaries.

The service agreement with the Actuary (existing or to be concluded) shall require the Actuary to immediately notify the Trustee in addition to the Company once the Obligation Value of the Pension Claims has been determined. The calculation method for calculating the Obligation Value stipulated in the agreement entered into or to be entered into by the Company and the Actuary must comply with the accepted rules of actuarial mathematics and the applicable accounting principles. The calculation method may be adjusted based on the most recent version of the accepted rules of actuarial mathematics and the applicable accounting principles by amending the service agreement.

- (2) If Pension Claims arising in the future are (in whole or in part) excluded from the scope of the Agreement by way of unilateral declaration by the Company pursuant to § 15 (1) of this Agreement, such claims shall not be taken into account when calculating the Obligation Value of the Pension Claims to be secured.

## § 6

### Data transfer

- (1) Upon conclusion of this Agreement, and thereafter annually at the Valuation Date, the Company shall submit to the Trustee a record containing all data and information required by the Trustee to meet its obligations under this Agreement. These data and information include, in particular, an up-to-date list of Beneficiaries (including employee ID numbers, name, and date of birth) and information on the applicable pension regulations or individual contractual agreements on the basis of which the Beneficiaries are entitled to Pension Claims secured by this Agreement. The data shall be transferred in a paperless manner unless the Trustee exceptionally requires the paper-based transfer in writing. Instead of the regular transmission of the above-mentioned data and information, it is also sufficient to provide the Trustee with access to the corresponding database if this ensures that the Trustee has access to the required up-to-date data at all times, in particular in case of the occurrence of an Insured Event.
- (2) Insofar as the Company or the Trustee are required under this Agreement to collect, process, prepare or transfer data, they each shall have the right to commission a service provider with the fulfillment of this obligation. In this case, the respective client of the service provider must ensure that the obligations incumbent on it under this Agreement (including those under § 12 and § 13 of this Agreement) are fulfilled. Service providers of the Company and the Trustee may be identical.

## § 7

**Rights and settlement in case of an Insured Event**

- (1) Upon occurrence of an Insured Event as specified under para. (4) lit. (a) of the Preamble, the Trustee shall first use the Trust Assets in accordance with the Securing Ranking set out in § 1 (3) of this Agreement in order to settle the Pension Claims due after the occurrence of the Insured Event. If there are no longer sufficient Trust Assets to settle all due Pension Claims at the due date, prorated satisfaction shall be pursued. As of the initiation of insolvency proceedings or the rejection to initiate insolvency proceedings due to the lack of assets, the further processing shall be based exclusively on the following paragraphs. If the initiation of insolvency proceedings is rejected for reasons other than the lack of assets, the Insured Event shall cease to exist and no further settlement shall occur. Disbursements made from the Trust Assets portfolio pursuant to this paragraph shall remain unaffected.
- (2) Upon occurrence of the Insured Event as specified in para. (4) lit. (b) to (d) of the Preamble or in the event of the opening of insolvency proceedings in respect of the Company's assets or in the event of a rejection of the initiation of insolvency proceedings due to the lack of assets after the occurrence of an Insured Event as defined in para. (4) lit (a) of the Preamble (hereinafter "**Final Insured Event**"), the Trustee shall first use the Trust Assets in accordance with the Securing Ranking set out in § 1 (3) of this Agreement to settle the portion of the Pension Claims existing at this time not legally secured against insolvency by PSV. The Trustee shall use the remaining Trust Assets to settle the portion of the Pension Claims existing at this time legally secured against insolvency by PSV. The precise scope and manner of settlement of the Pension Claims are governed by the provisions in the following paragraphs.
- (3) The settlement of the individual Pension Claims after the occurrence of the Final Insured Event is governed by the following provisions: Upon occurrence of the Final Insured Event, the Trustee shall instruct an Actuary as set forth in § 5 (1) of this Agreement to determine the Obligation Value of all Pension Claims existing upon occurrence of the Final Insured Event on the effective date of the Final Insured Event (hereinafter referred to as "**Effective Date**"). The amount of the secured Pension Obligations depends on the applicable collective or individual agreements. This shall also apply to any index-linking of Pension Claims provided for in these collective and individual agreements. Adjustments prescribed by law, in particular adjustments pursuant to Sec. 16 BetrAVG, shall only be taken into account to the extent that they had already been made at the time of the occurrence of the Final Insured Event. The legal regulations, in particular Sec. 16 BetrAVG, shall not apply to the services to be rendered by the Trustee to the Beneficiaries after this date.

Upon occurrence of the Final Insured Event, the Company is obligated to immediately provide the Trustee with all data and information required for the calculation of the Actuary upon the latter's request. If the Company does not fulfill its obligation to provide the data and information within 6 weeks, the calculation by the Actuary shall be based on the most recent record provided to the Trustee pursuant to § 6 of this Agreement. If the Trustee receives the relevant data and information at a later date, they may request a new calculation from the Actuary and use this new calculation as the basis for any further activity.

Based on the calculation of the Actuary, the Trustee shall carry out a mathematical segmentation of the Trust Assets, after deducting any amount required to cover the estimated costs incurred (including the costs and expenses referred to in § 9) and taking into account the Securing Ranking set out in this Agreement, in such manner that a fraction of the Trust Assets is stipulated for each Beneficiary as exclusively covering assets for the respective pension claim (or, if the Trust Assets are insufficient, only for the Beneficiaries with Pension Claims not secured by PSV).

If the Trust Assets, after deduction of the (estimated) settlement costs,

- are sufficient to cover the determined Obligation Value of all Pension Claims, each covering asset corresponds to the respectively determined Obligation Value of the individual claim;
- while sufficient to cover the assessed Obligation Value of the portion of the Pension Claims not secured by the PSV, but not to cover the assessed value of all Pension Claims, the covering asset for the portion of the Pension Claims not secured by PSV corresponds to the respective Obligation Value determined. With regard to the Pension Claims or the portion of

the Pension Claims secured by PSV, a pro rata allocation of the assets shall be made which is still available after the deduction of the covering asset attributable to the Pension Claims not secured by the PSV;

- if insufficient to cover the determined Obligation Value of the portion of the Pension Claims secured by PSV, a pro rata allocation of the asset to this portion of the claims shall be made.

The Trustee shall promptly notify each Beneficiary in writing about the amount of covering asset stipulated for the same. The Trustee shall note that any impairment losses of the Trust Assets (e.g., as a result of the performance of the Trust Assets, taxes and levies payable on the Trust Assets such as capital gains tax and solidarity surcharge or withdrawals from the Trust Assets for reimbursement of - not yet recognized - costs and expenses) as of the Effective Date shall be to the detriment of the respective covering assets, while any appreciation in value shall be in favor of the respective covering assets.

- (4) Without prejudice to the provisions of the following paragraphs, the Trustee shall be obligated to pay each Securing Trust Beneficiary out of the Trust Assets up to the amount of the respective covering asset of the individual Beneficiaries if and to the extent their Pension Claims are due. At each due date, a payment is made in full in the amount of the pension claim due payable until the respective covering asset has been exhausted so that the last payment can be a partial payment.

Costs arising from or in connection with any disbursement shall be borne by the covering assets concerned. The Trustee shall liquidate the Trust Assets to the required extent unless this has already been carried out in accordance with para. (6), and from the proceeds pay the statutory income tax due on the respective covering assets as well as the social security contributions (insofar as these are to be paid for the respective Beneficiaries) to the competent tax office or the respective competent collecting agency, in order to immediately disburse the covering asset reduced by the specified items to the individual Beneficiaries.

If and to the extent that the Pension Claims are not due upon the occurrence of the Insured Event or will not be due upon the occurrence of the Insured Event, the Trustee shall manage or have managed the respective covering assets (or to the extent that additional Trust Assets exist which has not been assigned to certain Beneficiaries as covering asset at the expense of this additional trust asset). Costs incurred as a result of or in connection with the beneficiary and pension administration (including benefit payment) shall be borne by the respective covering assets (provided that no additional Trust Assets exist which have not been allocated to certain Beneficiaries as covering assets).

- (5) In lieu of the disbursement or further management of the covering assets, the Trustee shall also be authorized to use the covering assets to set up an Equivalent Security as defined in § 11 (7) of this Agreement. In particular, the Trustee shall have the right to transfer the covering assets to another structure that provides Equivalent Security. Equivalent Security shall also mean the procurement of reinsurance policies for the Pension Claims using the funds of the covering assets assigned to these Pension Claims. Reinsurance may also be limited to the portions of the Pension Claims not secured by the PSV; the respective portions of the covering assets shall be used for this purpose.

Equivalent Security shall also include the transfer of covering assets to the PSV, provided that PSV demonstrates that the respective covering asset provide adequate coverage individually for the relevant pension claim (for example, by purchasing appropriate insurance).

If the Trustee uses the covering assets as set out in this paragraph to establish an Equivalent Security, this shall eliminate their obligations to meet the Pension Obligations arising from the covering assets in the amount of the respective incurred nominal amount. Any costs incurred as a result of the measures described above shall be borne by the covering assets concerned (unless additional Trust Assets exist which have not been assigned to certain Beneficiaries as covering assets).

- (6) The Trustee shall have the right to invest the Trust Assets, in full or in part, in money market funds or other liquid forms of investment after the occurrence of the Insured Event. They may liquidate the Trust Assets in full or in part to the extent that this is necessary for the satisfaction of the Pension Claims. The Investment Guidelines (Annex 1) shall no longer apply if an Insured

Event occurs unless they contain special provisions for the capital investment after the Insured Event or provide for continued applicability of the regulations for the capital investment after the occurrence of the Insured Event. Any departure from the provisions of the Investment Guidelines which continue to be applicable is permitted in case of an Insured Event if this is useful in the fulfillment of the obligations of the Trustee. Any rights of the Company with respect to the Investment Guidelines as well as any other potential influence of the Company on the investment and administration of the Trust Assets shall not apply in case of an Insured Event. If, due to legal or factual circumstances, the Trustee is not able to access portions of the Trust Assets upon occurrence of the Insured Event, they shall be obligated to take necessary measures to gain access at the expense of the Trust Assets.

- (7) The Trustee may use one or more suitable service providers to fulfill its obligations in case of an Insured Event. Any costs incurred as a result of using a service provider, as well as the other costs and expenses to be reimbursed in accordance with § 9, shall be covered by the Trust Assets. They shall be taken into account when determining the expected handling costs referred to in para. (2). They shall also be withdrawn from the Trust Assets with distribution to the covering assets, if they have not been sufficiently taken into account in the determination of the settlement costs, unless additional Trust Assets exist which were not allocated to certain Beneficiaries as covering assets.
- (8) The Trustee may implement an advisory body comprising competent persons to assist in making investment decisions, provided that there is an active investment of the Trust Assets as of the occurrence of the Insured Event.
- (9) In case of an Insured Event, the Trustee may, on the basis of a separate written agreement with PSV, reimburse PSV from the Trust Assets for the benefits PSV provides to Beneficiaries for Pension Claims secured under this Agreement if due to the benefits provided by PSV the Trustee's obligation to provide such benefits expires. If such reimbursement is made, the Trustee may access only the covering asset of the Beneficiary to whom PSV has provided benefits.
- (10) The Beneficiaries shall not issue any instructions with regard to the manner of the utilization and distribution or other utilization of the Trust Assets in case of an Insured Event. If a Beneficiary fails to take an action necessary to enable the Trustee to meet its obligations vis-à-vis this Beneficiary, the Trustee shall be entitled to withhold benefits to this Beneficiary until the required action has been taken.
- (11) To the extent that, after all Pension Claims of the Beneficiaries have been settled and the Trustee has met all obligations vis-à-vis the tax authorities and has made all social security contributions to the collecting agencies or when such claims and obligations regarding the use of respective covering assets are deemed to have been met, and after all Pension Claims of service providers have been met, and the Trustee has satisfied its claims for reimbursement of costs and expenses from the Trust Assets, Trust Assets are still available, the Trustee shall prepare a final account and transfer these assets back to the Company. Pension Claims are deemed to have been settled if the Trustee has fully utilized the covering assets assigned to these Pension Claims pursuant to the provisions of this § 7.

## **§ 8**

### **Trustee's authorization to deposit**

- (1) Upon occurrence of the Final Insured Event, the Trustee may, provided the deposit requirements of Sec. 372 *BGB* are met, discharge itself from its obligations towards the Beneficiaries and the Company under this Agreement by using the transferred Trust Assets and to deposit the proceeds with the Local Court at the registered office of the Company after deducting its cost and expenses and waiving redemption to the benefit of the Beneficiaries, the Company, the respective tax office responsible for the collection of income tax on Pension Claims, as well as the respective collection agencies responsible for the collection of the applicable social security contributions. If PSV asserts claims against the Trustee on the Trust Assets or a portion of the Trust Assets, the Trustee may be mentioned as the eligible beneficiary in the deposit application in addition to the aforementioned parties. The costs of the deposit shall be borne by the Trust Assets.
- (2) Outside the Final Insured Event, the Trustee may deposit only in case of § 14 (5) of this Agreement (failure of the transfer of the Trust Assets after the termination of the Agreement).

## **§ 9**

### **Expense reimbursement claim by the Trustee**

- (1) The Trustee shall work free of charge. To the extent that the Trustee incurs expenses as a result of their activities relating to the fulfilment of their obligations under this Agreement, they may claim the corresponding amounts from the Trust Assets if the expenses are not reimbursed by the Company based on a separate agreement. Reimbursable expenses also include expenses incurred in the business operation of the Trustee such as expenses for accounting, auditing of the accounts by an external auditor, external service providers, or the management of the association (including executive remunerations and directors and officers liability insurance premiums). If the Trustee also concludes trust agreements with other companies of the Group to cover corporate pension scheme benefits, the expenses not specifically attributable to a trust agreement (in particular expenses incurred in the business operations of the Trustee) shall be allocated to the respective Trust Assets based on a Distribution Key agreed by the Companies or, if a Distribution Key has not been agreed, based on the ratio of the Trust Assets affected.
- (2) As of the occurrence of the Insured Event, all costs and expense shall be borne by the Trust Assets. Other provisions regarding the costs to be borne in this Agreement, in particular in § 7, shall remain unaffected.

## **§ 10**

### **Trustee's liability**

- (1) In performing its obligations arising from and in connection with this Agreement, the Trustee shall be liable only for intent and gross negligence.
- (2) The Trustee shall not be held liable if damages are caused as a result of inadequate advance payments by the Company or any third party commissioned by the latter, in particular the transmission of inaccurate data and information (which, for example, leads to unjustified reimbursement pursuant to § 3 (8) of this Agreement).
- (3) The Parties agree that the Trustee does not assume and cannot assume any liability for the investment success of the Trust Assets and the degree of coverage of the Pension Obligations by the Trust Assets.
- (4) The Company hereby indemnifies the Trustee and its managing bodies (who are third-party Beneficiaries within the meaning of Sec. 328 *BGB*) from any claims asserted by third parties or Beneficiaries against the Trustee and its officers in connection with the execution of this Agreement, unless the claim asserted by the third parties or the Beneficiaries is based on a grossly negligent or intentional act of the respective bodies or their employees. The indemnification of the Trustee from any claim by the Beneficiaries pursuant to s. 1 does not cover the claim of the Trustee for fulfillment of its obligations specified in § 7 of this Agreement. Changes to this indemnification may be effective only for the future and require the approval of the Trustee's managing bodies.

## **§ 11**

### **Transfer of undertaking and expiration of the obligation to recognize Pension Obligations, change in Beneficiaries**

- (1) Should, prior to an Insured Event, as a result of a legal transaction, an undertaking or part of an operation be transferred from the Company to another owner as set forth in Sec. 613 a *BGB* (regardless of whether this is the result of a singular succession or due to measures under the *UmwG*) and thus the Company is no longer the debtor of the Pension Claims of the Beneficiaries transferring to the new owner together with the undertaking, the total amount of the Pension Claims secured by this Agreement shall be reduced accordingly. The same applies if, prior to the occurrence of the Insured Event, as result of a split (including hive-down) under *UmwG* pension obligations to former employees of the Company are transferred to another company with the effect of discharging the Company. The preceding s. 1 and 2 of this paragraph shall not apply to the extent and insofar as the Company is not discharged from its Liability for the Pension Claims due to the Assumption Of Joint Liability. In this case, in particular the securing trust (§ 4 (1)) shall remain effective and the Insured Event is triggered when and if the circumstances triggering the Insured Event occur at the level of the new employer.

- (2) In one of the cases referred to in para. (1) and when and if the conditions specified in para. (1) s. 3 are not satisfied, the Company may require the Trustee, at the date of the transfer of undertaking, to provide the portion of the Trust Assets which corresponds to the portion of Pension Obligations transferred to the new owner in the total Obligation Value of all Pension Claims secured by this Agreement at the time of the transfer of undertaking to the business owner in order to establish an Equivalent Security within the meaning of para. (7) for the Pension Obligations to be transferred to the new business owner.

The Company is obliged to exercise its aforementioned right and to require the provision of Trust Assets to establish an Equivalent Security if the new business owner is a company affiliated with the Company; in this case, the part of the Trust Assets which is equivalent to the portion of the Pension Obligations of the new business owner in the total Obligation Value of all Pension Claims secured by this Agreement at the time of the transfer of undertaking shall be made available. The Company's obligation as set out in the previous sentence shall not apply to the transfer of undertaking to a new business owner that is not a company affiliated with the Company within the meaning of Sec. 15 of the German Stock Corporation Act (*Aktiengesetz – AktG*) or if the conditions specified in para. (1) s. 3 are satisfied.

- (3) Subject to the prerequisites set out in § 3 (9) of this Agreement, the Company may demand the retransfer of Trust Assets.
- (4) If the Trust Assets wholly or partially comprise assets that cannot be proportionally divided, the Trustee shall decide in the aforementioned cases how the specific assets constituting the Trust Assets will be distributed, unless the Investment Guidelines (Annex 1) assign this decision-making authority to the Investment Committee. Relevant for the required valuation of the assets in the Trust Assets is their fair value as defined by IFRS. § 5 of this Agreement shall apply with regard to a required determination of the Obligation Value of the transferred Pension Obligations.
- (5) The prerequisite for any transfer of Trust Assets to be made by the Trustee is that the new business owner has demonstrated to the Company or the Trustee that the transfer of the assets has been granted Equivalent Security. The equivalency of the security and the amount to be transferred shall be evidenced by a confirmatory statement by the auditor auditing the financial statements of the Company. The Trustee is under no obligation to conduct their own audit. The cost of the above proof shall be borne by the Company.
- (6) The provisions of para. (1) to (5) above shall apply *mutatis mutandis* if prior to the occurrence of the Insured Event a beneficiary is transferred from the Company (i) to a company which is an affiliated company as defined by Sec. 15 *AktG*, or (ii) to another company that is not affiliated with the Company as defined by Sec. 15 *AktG*, and the Pension Obligations arising from the Pension Claims of the transferred Beneficiaries are transferred to the receiving company.
- (7) "Equivalent Security" is defined as any securing of Pension Claims against the Company's insolvency and overindebtedness as a result of which the Beneficiaries' asset interests are protected to an economically comparable extent (this is usually the case when the existing Trust Assets attributable to the Pension Claims secured by the new security are used in full for the new security) and taking into account the Securing Ranking such as through the security provided under this Agreement (e.g., by transfer to a comparable (Group) trust structure or the pledging of claims under corresponding reinsurance policies). For the purpose of this Agreement, a security which gives rise to a segregation right in case of an Insured Event as well as a security which establishes a segregation right in the case of an Insured Event shall be deemed an Equivalent Security.

For the establishment of the Equivalent Security, the Trustee may use no more than the portion of the Trust Assets equivalent to the Obligation Value of the corresponding Pension Claims in relation to the Obligation Value of all Pension Claims secured by this Agreement. The arm's length market cost of establishing the Equivalent Security shall be charged to this portion of the Trust Assets or, if the entire Trust Assets are utilized, shall be charged to the Trust Assets as a whole. Furthermore, a security is deemed to be equivalent only if the protection it affords to the Beneficiaries against access by the Company as the debtor of the Pension Claims to assets which serve to secure the Pension Claims qualitatively corresponds to the requirements which are to be met under the accounting standards that have been adopted and recognized by the Company in the financial statements (if applicable) for the qualification of assets as plan assets or as being eligible for netting. The equivalence of the security must be demonstrated through

written confirmation of the auditor auditing the financial statements of the Company. The Company shall bear the corresponding costs. The Trustee is under no obligation to conduct their own audit.

## **§ 12 Confidentiality**

- (1) Without prejudice to the transfer rights under § 12 (2) of this Agreement, the Company and the Trustee undertake to treat
  - all documents, information and data (including accounting records, contracts, analysis, compilations, forecasts, investigations and other financial data including by way of floppy disks, CD-ROMs, or other storage units) made available to them by the other party or known to them by virtue of this Agreement or with a view to its preparation or execution,
  - as well as the text of this Agreement

- hereinafter collectively referred to as “**Confidential Information**” -

strictly confidential for an indefinite period of time (hence also beyond the term of this Agreement), use them only within the scope of the contractual relationship and not disclose them to third parties without the prior consent of the other Party unless required for the purpose of this Agreement.

- (2) The Company and the Trustee shall disclose Confidential Information only to those of their authorized agents, representatives, employees, or external consultants and service providers who require access to the Confidential Information to perform their duties or mandate for a Party and who have been notified by the Party concerned regarding the confidentiality of the transaction. Unless they are subject to para. (3), external consultants and service providers must have submitted a written declaration to the effect that they accept the terms of this § 12 as binding.
- (3) Such a written declaration shall not be required for external consultants and service providers who are obligated through mandatory professional regulations and policies to treat the Confidential Information as confidential.
- (4) The right to disclose confidential information to fulfill legal obligations shall remain unaffected.
- (5) The Company and the Trustee must immediately notify the other Party, if the latter is affected, or for any known or legitimate reason is justified to assume that Confidential Information has been disclosed to an unauthorized person.
- (6) The Beneficiaries have a right of access to the Company from the date of the occurrence of the Insured Event, as well as vis-à-vis the Trustee with regard to the rights that they are specifically entitled to from the Securing Trust. The Company and the Trustee may require that the Beneficiaries requesting the information enter into a non-disclosure agreement in accordance with the provisions of this § 12 before information is provided.

## **§ 13 Privacy policy**

To comply with data protection provisions relating to the performance of this Agreement, the Company and the Trustee undertake to take appropriate measures necessary for the collection, processing, use and transfer of the personal data of the Beneficiaries. The Company and the Trustee shall appoint the Privacy Officer of the Company to oversee the privacy provisions of this Agreement.

## **§ 14 Term, cancellation, and termination of the Agreement**

- (1) This Agreement becomes effective upon signing by both Parties and under the condition precedent that the Operational Hive-down is registered in the Commercial Register of KGaA; it is concluded for an indefinite period.

- (2) This Agreement may be terminated at any time by mutual agreement between the Company and the Trustee. Amicable termination is only permitted and effective if at least an equivalent security is ensured.
- (3) Otherwise, this Agreement may be terminated by the Company until the occurrence of an Insured Event within a period of six months as per the end of the year or be otherwise terminated by the Company or the Trustee for due causes without giving notice. Due cause shall mean in particular if the Trustee, despite prior warning, violates obligations under this Agreement or if the number of members of the Trustee falls below the minimum number required by law; in the latter case, the Trustee may also terminate the Agreement. The Agreement shall be deemed to have been terminated in accordance with s. 1 for due cause in the event of dissolution, insolvency, or loss of the legal capacity of the Trustee. The occurrence of the Insured Event shall not constitute due cause. This Agreement may also be terminated by either Party if there are no longer any Pension Claims against the Company secured under this Agreement.
- (4) Upon termination of this Agreement pursuant to para. (3) s. 1, the Trustee shall transfer any remaining Trust Assets to a third party to be designated in writing by the Company, provided that the latter enters into an agreement with the Company for the benefit of the Beneficiaries which represents an at least Equivalent Security of the Pension Claims. The equivalence of the security must also be proven in this case at the Company's expense by a statement of the auditor auditing the financial statements of the Company. The Trustee is under no obligation to conduct their own audit. Upon termination of this Agreement by either Party, both Parties shall be required to perform all necessary actions required to ensure Equivalent Security. In the event of a termination in accordance with para. (3) s. 1 and regardless of the proper period of notice specified therein, this Agreement may not be terminated until an Equivalent Security has been implemented.
- (5) If the prerequisites for a transfer of the Trust Assets pursuant to para. (4) are not met within three months of receipt of the notice of termination, the Trustee may, provided the deposit requirements of Sec. 372 *BGB* are met and provided that trust administration within the meaning of this Agreement is no longer guaranteed, undertake to discharge itself from its obligations under this Agreement by depositing the Trust Assets with the Local Court of the registered office of the Company for the benefit of the Company, the tax offices responsible for the collection of income tax, and the respective collecting agencies responsible for the collection of social security contributions, and all Beneficiaries with discharging effect. Trustee may utilize the Trust Assets if required for depositing these assets. If PSV asserts claims against the Trustee on the Trust Assets or a portion of the Trust Assets, the Trustee may be mentioned as the eligible beneficiary in the deposit application in addition to the aforementioned parties. The costs of the deposit shall be borne by the Trust Assets.
- (6) As of the occurrence of the Insured Event, this Agreement may be terminated only by the Trustee and only for due cause. Due cause shall mean in particular if the number of members of the Trustee falls below the legally stipulated minimum number or threatens to fall below it permanently. If the Agreement is terminated in accordance with s. 1 upon the occurrence of the Insured Event, the Trustee shall remain obligated, irrespective of the termination, to comply immediately with the duties and obligations pursuant to § 7 of this Agreement. However, the Trustee shall have the right to provide in its own name an Equivalent Security within the meaning of § 11 (7) in favor of the Beneficiaries secured under this Agreement and to cover the resulting expenses by withdrawing from the Trust Assets. After the establishment of an Equivalent Security, the securing of the corresponding Pension Claims provided by this Agreement ceases. If the Company has transferred Pension Obligations to a pension fund in accordance with § 3 a of this Agreement, the Trustee may, in its own name, transfer items of the Trust Assets not required to cover the Pension Obligations secured by this Agreement to the pension fund, provided that this is necessary, so that the pension fund can permanently fulfill the Pension Obligations transferred to it in accordance with § 3 a of this Agreement. Moreover, the provision in § 8 (1) of this Agreement shall also remain applicable.

- (7) The Company may only demand the retransfer of the Trust Assets after the termination of this Agreement if all Pension Claims are fully satisfied or the Pension Claims are secured by the establishment of another equivalent security. If the Company has transferred Pension Obligations to a pension fund pursuant to § 3 a of this Agreement, Trust Assets may only be retransferred to the Company after the termination of this Agreement subject to the additional condition that the pension fund also has sufficient assets to cover its Pension Obligations permanently. A claim of the Company to retransfer Trust Assets after the termination of this Agreement is therefore excluded as long as the pension fund to which Pension Obligations have been transferred in accordance with § 3 a of this Agreement lacks assets as defined in Sec. 115 (2a) and (2b) VAG. The Company may require that the Trustee transfer to the Pension Fund any items of the Trust Assets not required to cover the Pension Obligations secured by this Agreement and not required to establish an equivalent security, so that it can permanently fulfill the obligations transferred to its in accordance with § 3 a of this Agreement.

## **§ 15**

### **Amendments to the Agreement**

- (1) The Company may exclude Pension Claims or portions of Pension Claims which do not arise until after a date not in the past to be determined by the Company, through unilateral written declaration to the Trustee and the respective Beneficiaries (insofar as these are included in this Agreement with their Pension Claims acquired up to the Effective Date) from the scope of this Agreement. Pension Claims and parts of Pension Claims which have arisen or were accrued until such date, shall remain unaffected and continue to be secured by this Agreement if the Company exercises the right specified in s. 1.
- (2) Amendments to the Agreement which merely change the content of technical processes or are a remedy of omissions, are made while maintaining the security interests of the Beneficiaries in consultation between the Company and the Trustee, without requiring the consent of the Beneficiaries. This shall also apply to contractual amendments that serve the purpose of establishing another, at least equivalent, security (Equivalent Security) for the Beneficiaries (even if the previous security is canceled). S. 1 shall also apply to the rewording of the Agreement that merely clarifies the common intent of the Company and the Trustee when entering into this Agreement.
- (3) Subject to compliance with the purpose of this Agreement to ensure the securing of the Beneficiaries as of the transfer of the assets pursuant to § 3 (1) of this Agreement to the Trustee up to any Insured Event, the Company shall have the right, to the extent that netting of the liability to be reported due to the Pension Claims in the Consolidated Financial Statements or in the financial statements with the separate assets covering Pension Obligations - as described in para. (5) of the Preamble to this Agreement - is not or no longer feasible, to amend the Agreement even without the consent of the Beneficiaries so that netting is possible provided that after the amendment of the Agreement an equivalent security continues to exist.
- (4) To the extent that the modification of this Agreement is required due to legal or regulatory provisions or due to revised or new case law, the Company and the Trustee shall jointly modify the Agreement, taking into account the interests of the Beneficiaries without their consent being required.
- (5) Modifications and amendments to this Agreement which are only beneficial to the Beneficiaries shall not require their consent.
- (6) Otherwise, the Agreement may only be amended with the consent of at least 75% of the respective Beneficiaries concerned.

## **§ 16**

### **Inclusion of additional Pension Claims**

- (1) The Company reserves the right, in addition to the Pension Claims and entitlements defined in paragraph 2 of the Preamble of this Agreement, to cover further claims and entitlements from pension commitments of the Company in the securing pursuant to this Agreement. This is done by written notification of the Company to the Trustee. Should the Company exercise this right, the definition of the Pension Claims under this Agreement shall change accordingly.

- (2) The extent of the financing and thus the security of the individual Pension Claims may be reduced by including further claims and entitlements to the provision of corporate pension scheme benefits in the securitization under this Agreement. The Company is not obligated to increase the value of the Trust Assets in such a case.

## **§ 17**

### **Final provisions**

- (1) This Agreement shall become effective upon the Operational Hive-down becoming effective on the Legal Effective Date.
- (2) Claims under this Agreement can neither be assigned nor encumbered, pledged, or otherwise transferred to third parties. Any assignments, encumbrances, pledges, or transfers shall not be effective vis-à-vis the other Party.
- (3) There are no verbal side agreements to this Agreement. Any changes and amendments to this Agreement, including this written form clause, must be in writing in order to be effective, unless stricter form requirements are prescribed by mandatory statutory provisions.
- (4) Should one or more provisions of this Agreement be or become invalid, either as a whole or in part, this shall not affect the validity of the remaining provisions. The Company and the Trustee are obligated to replace an invalid provision with such valid provision coming closest to the intended economic purpose of the invalid provision. The same shall apply to any omissions in the Agreement.
- (5) To the extent legally permissible, the exclusive place of jurisdiction for all disputes arising from this Agreement shall be Darmstadt. The law of the Federal Republic of Germany shall apply to the exclusion of German international private law.
- (6) The investment guidelines attached as Annex 1 shall form an integral part of this Agreement. The definitions and statements contained in the Preamble shall also be an integral part of this Agreement.
- (7) This Agreement is executed in two copies. A copy is provided each to:
- the Company
  - the Trustee

**POWER OF ATTORNEY**

of

**Merck KGaA, Darmstadt, Germany,**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 6164 (**KGaA**).

KGaA intends for the operational activities of the Healthcare, Life Science, and Performance Materials business sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240, for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93771, for the Operating Unit Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93768, for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, inter alia, support the introduction of global business sector-specific Enterprise Resource Planning systems (ERP-systems) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-Down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Units shall be hived down to the OpCos. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

The OpCos in turn shall enter into appropriate CTA agreements with these trustees to provide the security, even after the Operational Hive-down is implemented also for the duration of the aforementioned business lease.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, HC OpCo hereby authorizes

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 93771 (**LS OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240 (**HC OpCo**) for the Operating Unit KGaA Healthcare, LS OpCo for the Operating Unit KGaA Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93768 (**PM OpCo**) for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Life Science shall be hived down to LS OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

LS OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, LS OpCo hereby authorizes

**POWER OF ATTORNEY**

of

**Merck Performance Materials Germany GmbH, Darmstadt, Germany,  
an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 93768 (**PM OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240 (**HC OpCo**) for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93771 (**LS OpCo**) for the Operating Unit KGaA Life Sciences, and PM OpCo for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Performance Materials shall be hived down to PM OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

PM OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, PM OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

to enter into the following contracts in the name of PM OpCo:

1. CTA-trust agreement between the OpCos, represented by KGaA and MP e.V. to continue securing the pension commitments against insolvency;
2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

This power of attorney is governed by German law. This power of attorney shall expire on September 30, 2018.

The Representative, to the extent legally permitted, shall be discharged from the restrictions of Sec. 181 of the German Civil Code (*Bürgerliches Gesetzbuch – BGB*) (particularly in connection with the agreement to transfer trust assets) and, within the scope of this power of attorney, shall be authorized to delegate the power of attorney, either as a whole or in part.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-Down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Units shall be hived down to the OpCos. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via MP e.V. by way of a Contractual Trust Agreement **(CTA)**.

The OpCos in turn shall enter into appropriate CTA agreements with MP e.V. to provide the security, even after the Operational Hive-down is implemented also for the duration of the aforementioned business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

NOW THEREFORE, MP e.V. hereby authorizes

Hive-Down and Transfer Agreement<sup>1</sup> between  
KGaA and HC OpCo**

**§ 1 Trust Agreement**

- 1.1 KGaA undertakes, as of the Legal Effective Date within the meaning of the Hive-Down Agreement between KGaA and HC OpCo and with economic effect as of Economic Effective Date, to perform the legal positions required for pension commitments in the form of direct insurance commitments and pension fund commitments and that KGaA holds relating to Transferring Employees of the Healthcare sectors within the meaning of Sec. 11.1 of the Hive-Down Agreement (hereinafter referred to as ***legal positions from the external means of implementation***), specifically to maintain the policyholder position with regard to direct insurance and the position as a member firm of the pension fund, as per the legal regulations exclusive in trust for HC OpCo and in their interest (hereinafter ***Trust Agreement***). In particular, KGaA shall not have the right to transfer, assign, pledge, encumber or surrender the legal positions from the external execution channels without the prior consent of HC OpCo.
- 1.2 HC OpCo is entitled to extend the fiduciary relationship established under this Trust Agreement at any time by instructing the KGaA to include additional legal positions from external means of implementation. This applies in particular to legal positions from external means of implementation, insofar as they relate to employees who are hired after the Economic Effective Date and receive a direct insurance commitment or pension fund commitment. All such additional legal positions from external channels of execution shall be deemed to be legal positions from external means of implementation within the meaning of this Trust Agreement as from the time of instruction by HC OpCo.
- 1.3 The parties agree that during the fiduciary administration by KGaA, HC OpCo, as holder of the legal positions from the external execution channels, shall have the same economic rights as an owner with full legal rights regarding the legal positions from the external execution channels. Furthermore, the fiduciary administration is not intended for KGaA to wholly or partly hold the economic ownership to the legal positions from the external execution channels.

<sup>1</sup> The definitions of the Hive-Down and Transfer Agreement apply accordingly unless otherwise provided below.

## **§ 2 Rights and Obligations of KGaA**

- 2.1 KGaA is obligated to follow all instructions of HC OpCo in connection with the legal positions from the external execution channels. Moreover, it is obligated to perform all duties under this Trust Agreement with the greatest possible care.
- 2.2 KGaA undertakes to fulfill all legal and contractual obligations towards the beneficiaries and the pension providers based on the direct insurance commitments and pension fund commitments within the scope of this Agreement. In particular, KGaA undertakes to make timely payments of insurance premiums and contributions for direct insurance commitments and pension fund commitments and to act vis-à-vis external pension providers in a manner that is in the best interest of HC OpCo, to make the best economic use of the legal position from external execution channels.
- 2.3 KGaA is only obligated and entitled to enforce the legal positions from the external execution channels if HC OpCo gives it explicit instruction to do so. The express instruction can also be given on an overall basis. If it receives such instructions, it shall execute the legal positions from the external execution channels in the best interests of HC OpCo and according to their instructions, while keeping HC OpCo informed of all key aspects of the proceedings. Should KGaA consider a particular measure to enforce the legal positions from the external execution channels to be of benefit, it shall provide HC OpCo with all information that justifies its assessment and request the issuance of instructions by HC OpCo.
- 2.4 Any payments which the KGaA receives in connection with its activities under this Trust Agreement and which are not due to the employees mentioned in section 1.1, but to the KGaA economically due to its position as policyholder of direct insurance or as a member firm of the pension fund, are exclusively due to the HC OpCo in relation between the KGaA and the HC OpCo.

## **§ 3 Rights and Obligations of HC OpCo**

- 3.1 HC OpCo shall have the exclusive right to use the legal positions from the external execution channels in any way and to exploit them as needed.
- 3.2 HC OpCo shall have the right to issue instructions to KGaA from the external execution channels at any time with regard to the legal positions. In doing so, it shall act in accordance with the statutory provisions.
- 3.3 HC OpCo is obliged to assist KGaA in the fulfillment of all legal or contractual obligations under the direct insurance commitments and pension fund commitments to the beneficiaries and the pension providers.
- 3.4 HC OpCo shall at any time be entitled to demand from KGaA the termination of any activities of KGaA with respect to the legal positions from the external execution channels and/or to arrange the re-establishment / transfer of the legal positions from the external execution channels. KGaA shall bill all costs incurred as a result of the fulfillment of the obligations under this Trust Agreement within reasonable regular intervals, at least once a year to HC OpCo.
- 4.2 The costs substantiated and invoiced in accordance with sec. 4.1 **Error! Reference source not found.** shall be paid by HC OpCo to KGaA within 60 days of receipt of the invoice.

#### § 5 Term and Termination

## Preamble

Merck KGaA, Darmstadt, Germany, together with its German and foreign subsidiaries (hereinafter referred to as “**Group**”), is a globally operating science and technology company. HC OpCo, LS OpCo and PM OpCo (hereinafter referred to individually as “**Trustor**” or collectively as “**Trustors**”) are companies of the Group. As part of Group's strategic development, the operating activities of the Healthcare, Life Science, and Performance Materials Business Sectors and the associated assets and liabilities (hereinafter individually referred to as an “**Operating Unit**”) within KGaA at the Darmstadt and Gernsheim sites shall be, based on a hive-down agreement – hived down by way of a hive-down by absorption pursuant to Sec. 123 (3) No. 1 German Reorganization Act (*Umwandlungsgesetz – UmwG*) each to one of the Trustors, with the Operating Unit Healthcare being hived down to HC OpCo, the Operating Unit Life Science to LS OpCo, and the Operating Unit Performance Materials to PM OpCo (hereinafter referred to as “**Operational Hive-down**”). Hiving down the Operating Units is intended to ensure more efficient management of the Operating Units based on a business sector-specific Enterprise Resource Planning System (hereinafter “**ERP system**”). As a result of the hive-down, the claims resulting from the time accounts of the Transitioning Employee shall first be transferred to the Trustors; simultaneously, the corresponding plan assets shall be held as of that date based on this Trust Agreement. The introduction of this business sector-specific ERP system is planned for the Healthcare Business Sector in **2019** and for the Business Sectors Life Science and Performance Materials in the course of the year **2020**. Since the technical requirements for introducing the ERP systems do not exist at the Trustors at the time of the Operational Hive-down, it is intended that the business activities hived down to the Trustor be temporarily leased back to KGaA until the introduction of the ERP systems by the respective Trustor (hereinafter referred to as “**Business Lease**”) with the result that the employment relationships transferred to the Trustors in the course of the Operational Hive-down being retransferred to KGaA by operation of law. The Business Lease shall become effective immediately upon the Operational Hive-down becoming effective (hereinafter referred to as “**Legal Effective Date**”). Notwithstanding the preceding sentence, the Business Lease shall become effective with retroactive economic effect as of January 1, 2018, 0:00 hours (hereinafter “**Economic Effective Date**”). The plan for the Business Lease is that the Trustors assume joint liability for their respective Operating Unit in respect of the Time Account Entitlements defined below and agree internally with KGaA to assume performance in full (hereinafter “**Assumption Of Joint Liability**”).

Assumption Of Joint Liability shall cease if the employees defined below are retransferred to the Trustor upon termination of the Business Lease.

After the Operational Hive-down, the Trustors shall give their employees (for legibility reasons collectively referred to as “employees”) the opportunity to transfer the value of work performed/work time as well as parts of the cash compensation for work performed (hereinafter collectively referred to as “**Compensation Components**”) to time accounts based on the existing policies applicable at the Trustors regarding the use of time accounts (hereinafter “**Time Account Agreement**”), either directly or by way of Assumption Of Joint

Liability, and thus accrue entitlements to compensation for periods when not required to work by way of time accounts (*Wertguthaben*) as defined by Sec. 7 (1) a) and Sec. 7 (1) b) German Social Code IV (*SGB IV*) for which an obligation would have to be reported (without netting permitted by this Agreement) in the Group's consolidated financial Statements (hereinafter "**Consolidated Financial statements**"). Non-reporting of the obligation is only permissible in the amount of the assets transferred to the Trustees under this Agreement. During the term of the Business Lease, such Time Account AgreementTime Account Agreements may also be entered into or continued with KGaA for the respective Operating Unit. The entitlements resulting from the Time Account AgreementTime Account Agreement brought forward against KGaA or the Trustor, either directly or due to the Assumption Of Joint Liability, during the Business Lease are hereinafter collectively referred to as "**Time Account Entitlements**", and the obligations of the Trustor or KGaA, respectively, derived from the Employees' Time Account Entitlements are hereinafter collectively referred to as "**Time Account Obligations**" - regardless of whether the Trustor has incurred these obligations directly or by way of Assumption Of Joint Liability.

The Time Account Entitlements include those transferred to the Trustors in the course of the Operational Hive-down.

The time account entitlements, however, do not include such other entitlements for the performance derived from a Time Account Agreement that the Trustor has merely as the result of a transfer of undertaking under Sec. 613a *BGB* (with the Trustor as the party receiving the undertaking) or from a measure under the *UmwG* after the closing of this Agreement (with the Trustor as the receiving entity). Such entitlements are only included in this Agreement if the Trustor makes a unilateral statement in writing to the Company Trustee to that effect and meets the other requirements in § 2 of this Agreement. Each Trustor hereby issues a unilateral written statement to this effect for Employees transferred from KGaA to that Trustor upon termination of the respective Business Lease.

The Trustors intend to cover the Time Account Entitlements (including the associated employer contributions to the total social security premium) to the extent set forth in more detail in this Agreement and to secure them in such manner that excludes them from the insolvency estate. This shall be done by way of transfer of the assets required for appropriate funding (hereinafter meaning dedication of assets and the benefits and surrogates thereof to settle time account entitlements) to the Company Trustee as a legally independent third parties (hereinafter "**Contractual Collateral**").

This Agreement is entered into for the purpose of making funds for the fulfillment of the Time Account Entitlements available as part of the available Trust Assets before an Insured Event occurs if amounts due to authorized recipients derived from the Time Account Agreement are due and after an Insured Event or non-performance event occurs, respectively, to ensure use of the Contractual Collateral for the Time Account Entitlements in this Agreement vis-à-vis the Employees and the collecting offices of the social insurance carriers (hereinafter "**Earmarking**").

If no premiums are paid for Employees to the statutory medical and long-term care insurance scheme, but employer contributions for private medical and long-term care insurance are provided instead, the entitlements to receive these employer contributions under this Agreement shall be provided in a manner precluding inclusion in the insolvency estate as would be the corresponding entitlements for payment of employer contributions to premiums for the statutory medical and long-term care insurance scheme. The same applies to entitlements to receive employer contributions to exempt pension insurance or to a professional pension insurance policy provided in lieu of the employer contribution to the premiums for the statutory old-age pension insurance. The term "**Employer Portion to the Total Social Security Contribution**" in the context of this Agreement shall hereinafter

include employer contributions to private medical and long-term care insurance and/or to exempt pension insurance or to a professional pension policy provided by the employer in lieu of the corresponding employer contribution to the corresponding social security premiums.

In addition, the transfer of the funds on a trust basis required to finance the time value account entitlements is intended to offset the balance of the liabilities to be disclosed otherwise in respect of the time value account entitlements in the Consolidated Financial Statements against the separated assets covering these obligations. All of the following provisions in this Agreement shall be applied *mutatis mutandis* such that the netting option under Sec. 246 (2) of the German Commercial Code (*Handelsgesetzbuch – HGB*) and the plan asset classification within the meaning of IAS 19.7 or FAS 87 (only if and to the extent that US GAAP is used for reporting) as amended are maintained. The Parties shall keep each other apprised regarding any changes that may affect this classification and the Parties shall work towards an adjustment or amendment of the provisions in this Agreement if necessary.

This Agreement is the basis for an administrative trust between each Trustor and the Company Trustee and for a securing trust in favor of the Employees named in this Agreement as part of an actual third-party beneficiary contract (*Vertrag zugunsten Dritter*) within the meaning of Sec. 328 (1) *BGB* as well as a securing agreement between the Company Trustee and the Employees via the Employee Trustee within the meaning of a double trust (*doppelseitige Treuhand*).

The Parties stipulate that, prior to entering into this Agreement, KGaA and the Trustors have checked with their tax advisor/auditor/legal advisor and other persons with expertise about the tax and insolvency law implications of using the model described above for the Trustors and the Employees and about the regulatory, labor law, and other legal requirements which the Trustors must comply with. The Company Trustee and Employee Trustee are not rendering any advisory services.

The Parties agree that Employees with time account entitlements, who are currently secured by the Trust Agreement of KGaA and are not affected by the Operational Hive-down, shall continue to be secured by the continued Trust Agreement by and between Merck KGaA, the Company Trustee, and the Employee Trustee, and that said Trust Agreement shall continue to apply.

NOW THEREFORE, each Trustor agrees with the Company Trustee and the Employee Trustee as follows:

In the event that the Time Account Entitlements exist vis-à-vis KGaA as the Employee's employer, the provisions regarding the Occurrence of the Insured Event shall be subject to the fact that the aforementioned circumstances triggering the Insured Event occur at KGaA. UmwG German Reorganization Act

US GAAP U.S. Generally Accepted Accounting Principles

Time account An employee's time account [*Wertguthaben*] within the meaning of Sec. 7 (1) a and Sec. 7 b *SGB IV* in his/her lifetime labor time account set up under the Time Account Agreement; under Sec. 7 d (1) *SGB IV*, time accounts consist of employment compensation, including the Employer Portion to the Total Social Security Contribution due on such compensation. They also include premiums for voluntary insurance policies and professional benefits and welfare institutions. Employment compensation includes all amounts credited to the long-term time account of an employee that are due or have become vested.

## § 2 Scope

- (1) When this Agreement is entered into, KGaA shall represent the Trustors. KGaA shall be authorized to represent the Trustors in entering into this Agreement and shall immediately provide the Company Trustee and the Employee Trustee with documentation of its authorization to represent them if asked to do so. New trustors shall be included by adding them to a separate annex by mutual consent; s. 2 shall apply *mutatis mutandis*. This Agreement is considered a stand-alone agreement for each of the Trustors. The Parties approve and acknowledge the expert report of KPMG Wirtschaftsprüfungsgesellschaft dated February 26, 2018 and agree that this Agreement constitutes an equivalent security for the Employees within the meaning of § 5 (3) of the Trust Agreement entered into by KGaA, the Company Trustee, and the Employee Trustee on August 8, 2014.
- (2) This Agreement applies to the Trustors, the Company Trustee, the Employee Trustee, and the Employees insofar as they have Time Account Entitlements derived from the Time Account Agreement. The rights and obligations of the Parties are based on this Agreement and its annexes.
- (3) The Employee Trustee shall enter into a securing agreement with the Company Trustee under § 5 (1) of this Agreement as a representative for the Employees and shall perform the tasks assigned by this Agreement. Immediately after this Agreement is entered into, the Trustor shall ensure that the Employees are informed immediately about the fact that they are represented by the Employee Trustee and about the Employee Trustee's performances under this Agreement, the major cornerstones of

the securing agreement, the handling costs that the Company Trustee incurs in the event of an Insured Event or a non-performance event and about any changes to this Agreement, particularly the securing agreement in § 5 (1); a Trustor may upon request also ask the Employees in text form for their express consent to be represented by the Employee Trustee.

The Trustor also undertakes to inform Employees regularly about the progress of their time account entitlements, referring to what the Employee Trustee is doing. The Trustor shall provide evidence to the Employee Trustee that the information required in the s. 2 and 3 of this paragraph is being provided. Evidence pursuant to s. 3 shall – inter alia – be deemed as provided by the Trustor if the Trustor confirms to the Employee Trustee that they have forwarded the account statements provided by the Employee Trustee to the Employees. That shall apply even if the Trustor does not grant Employees the right to participate in the Time Account Agreement until after this Agreement is in effect.

- (4) Employees who do not acquire Time Account Entitlements from the Trustor until after the conclusion of this Agreement are subject to this Agreement without any further action being required. However, this shall only apply if the Time Account Entitlements in question are qualified as Time Account Entitlements within the meaning of this Agreement based on the Time Account Agreement and the Trustor does not exercise its right under § 18 (1) in this regard. In addition, adding new Time Account Agreements not previously covered by this Agreement shall be permitted. A prerequisite for adding new Time Account Agreements is the written mutually-agreed addendum to this Agreement between the Trustor, the Company Trustee, and the Employee Trustee along with a complete funding of these Time Account Agreements.
- (5) Furthermore, the Trustor agrees to notify the Company Trustee and the Employee Trustee upon the Assumption Of Joint Liability becoming effective about the Employees being subject to the Assumptions Of Joint Liability and shall provide the Company Trustee and the Employee Trustee with corresponding legal bases and substantiating evidence or notify them how the corresponding documents can be accessed (e.g. providing an Internet link); the same shall apply to Employees hired by KGaA in the respective Operating Unit during the term of the Business Lease and secured based on the Trustor's Assumption Of Joint Liability. In addition, the Trustor agrees to notify the Company Trustee and the Employee Trustee promptly about changes in the content of the Business Lease and Assumption Of Joint Liability, in particular about any changes in full securing of the Time Account Entitlements and the termination of the Assumption Of Joint Liability for Employees and, for this purpose, provide the corresponding documentation upon the request of the Company Trustee and the Employee Trustee.

### § 3

#### **Double trust (*doppelseitige Treuhand*)**

- (1) When this Agreement is entered into, a two-way trust is established in which the Company Trustee is bound under trust law to the Trustor and to the Employees and the Employee Trustee based on the provisions below.
- (2) The assets required to meet the obligations derived from the Trustor's Time Account Agreement must be transferred by the Trustor to the Company Trustee as indicated in this Agreement. Transferred assets shall be maintained and invested by the Company Trustee as Trust Assets to meet the Trustor's obligations derived from the Time Account Agreement and segregated from its own assets

- for the Trustor and
  - for the Employees via the Employee Trustee as per the Earmarking.
- (3) The Company Trustee shall have the right to conduct and complete the functions and obligations given to them by contract. In addition, the Company Trustee undertakes to perform any requirements that the Federal Financial Supervisory Authority may impose upon them to accept trust functions under contracts to the largest extent possible. Should the Company Trustee not be in a position to meet individual requirements, it shall make efforts to have the function and legal status of the Trustee under the contracts assumed without detriment or additional costs to the Trustor, the Employee Trustee, or the Employees by a suitable third party equipped with the individual requirements (such as capital investment companies (*Kapitalanlagegesellschaften*) within the meaning of the German Investment Act or financial services institutions (*Finanzdienstleistungsinstitute* in the meaning of the German Banking Act) which will ensure that the tasks of the previous Trustee are continued (hereinafter “**Suitable Third Party**”).

#### § 4

##### **Administrative trust**

- (1) This Agreement establishes a trust relationship (hereinafter “**administrative trust**”) between the Trustor and the Company Trustee.
- (2) The Company Trustee may use the assistance of the Employee Trustee or of third parties in their duties.

#### § 5

##### **Securing agreement/securing trust/actual third-party beneficiary contract**

- (1) This Agreement establishes an additional trust relationship between the Company Trustee and the Employees represented by the Employee Trustee (hereinafter “securing agreement”). The Employees may only exercise the rights derived from the securing agreement through the Employee Trustee. The securing agreement shall secure and meet the Time Account Entitlements of the Employees with the assistance of the Company Trustee, who will take over the processing of subledgers in an Insured Event or non-performance event after deducting the costs incurred (security purpose statement).
- (2) In addition to the agreement for a securing agreement under para. (1) and the administrative trust under § 4 (1), the Trustor and the Company Trustee stipulate that the Company Trustee shall maintain the Trust Assets as per this Agreement not only as the administrative trustee for the Trustor, but also as the securing trustee for each Employee under the specific provisions of this Agreement (hereinafter “securing trust”). The Employees acquire their own right from the securing trust to demand that the Company Trustee act in the interest of securing Time Account Entitlements under the provisions of this Agreement. In an Insured Event, each Employee may demand that the Company Trustee liquidate and disburse the Trust Assets (including payment of taxes and fees to the fiscal authorities required by law and to social insurance carriers) after deducting reasonable handling costs incurred by the Company Trustee in Insured Events or non-performance events and demand additional steps under this Agreement (a genuine entitling third-party beneficiary contract [*echter berechtigender*

*Vertrag zugunsten Dritter*] within the meaning of Sec. 328 *BGB*). The securing trust relationship is based directly on entering into this Agreement and does not depend on the existence of the administrative trust. However, the associated rights cannot be exercised by the Employees under the provisions established for that contingency in this Agreement until there is an Insured Event. The various responsible collecting offices for the social insurance carriers also obtain their own right from the securing trust to demand that the Company Trustee transfers the total employer's social security contribution (*Gesamtsozialversicherungsbeitrag*) attributable to the relevant Employee subledger if there is an Insured Event (genuine entitling third-party beneficiary contract as defined by Sec. 328 *BGB*).

- (3) The securing trust relationship and the securing agreement may only be revoked by the Trustor without the consent of the Employee involved if it is being revoked to set up another security that is at least equivalent. A security is considered equivalent if
  - (i) it secures the interests of the Employees in the assets to an economically comparable extent as the Contractual Collateral does, and
  - (ii) the protection it provides to Employees against access by a Trustor as a party owing the Time Account Entitlements to assets used to secure the Time Account Entitlements qualitatively meets the requirements that must be met under HGB, IAS, or FAS 87 (only if and to the extent that US GAAP is used for reporting) for assets to be qualified as plan assets (hereinafter "**Equivalent Security**"). The equivalence of the security under § 5 (3) must be substantiated by an audit certificate from the Trustor's auditor. The Trustor as well as the Company Trustee and the Employee Trustee are not obligated to review the auditor's audit certificate; they may rely on the certificate.
- (4) In meeting its obligations under this Agreement, the Employee Trustee may avail itself of the assistance of third parties if the netting capability under Sec. 246 (2) *HGB* and the plan asset classification pursuant to IAS 19.7 or FAS 87 (only if and to the extent that US GAAP is used for reporting) as amended are maintained.

## § 6

### Trust Assets/transfer of assets to the Company Trustee

- (1) The Trustor or a party designated by the Trustor shall transfer funds to the Company Trustee on the Escrow Account indicated in § 7 (2) or place other assets in the Escrow Securities Account indicated in § 7 (2), the funds or assets which are intended for external coverage and security of the Time Account Entitlements and entitlements to payment of the **Employer Portion to the Total Social Security Contribution** due on the time accounts. The amount of assets to be transferred by the Trustor corresponds to the Compensation Components for Employees included in the time accounts under the Time Account Agreement in effect with the Trustor, including the employer contributions to the total social security premium due thereon or accrued. These assets must be transferred immediately after this Agreement is entered into or - for future agreements - immediately after the Compensation Components for Employees under the Time Account Agreement in question are added. Neither the Company Trustee nor the Employee Trustee have an obligation to verify whether the Trustor's obligations under this paragraph have been met.
- (2) The assets transferred to the Company Trustee pursuant to para. (1) above, including assets derived therefrom (which includes the return therefrom), shall meet the Trustor's obligations derived from the Time Account Agreement and form the trust assets (hereinafter referred to as "**Trust Assets**"). The Company Trustee shall

become the legal owner of the Trust Assets.

- (3) The Company Trustee shall allocate the Trust Assets transferred to the Company Trustee to the Employees on a prorated basis pursuant to s. 2 of para. (1) to cover the respective Employee's individual time accounts, including the employer contributions to the total social security premium due thereon. The Company Trustee may either make such allocation themselves based on instructions from the Trustor or commission third parties or the Employee Trustee to do so. The value of the Trust Assets assigned on a prorated basis to the individual Employees shall be recorded in a virtual account hereinafter referred to as a "**Subledger**." Any appreciation or impairment losses incurred for the Trust Assets (including any impairment losses arising from costs incurred for the administration and investment of the Trust Assets under the Time Account Agreement, and, if any, taking into account an entitlement of the Company Trustee for settlement under § 13 (2) of this Agreement) shall be taken into account in determining the value of the Subledger.

The Trustor or a service provider engaged by the Trustor or the Employee Trustee shall provide the most recent data and information needed for accounting classification and assignment of the Trust Assets to the Company Trustee if the Company Trustee itself does not have the data and information. The data and information may also be provided by having the Trustor arrange an opportunity for the Company Trustee or the Employee Trustee to review the associated current data. Accounting classification and assignment of the Trust Assets does not result in an entitlement for individual Employees to use the proportionate Trust Assets assigned to them in any way.

- (4) The Contractual Collateral and all payment obligations of the Company Trustee shall in each case be limited to the Trust Assets held for the Trustor by the Company Trustee and in an Insured Event to the Coverage Assets (as defined in § 13 (3)).
- (5) The Trust Assets are subject to the Earmarking as per the Preamble and may only be disbursed under the terms and conditions specified in this Agreement.

## § 7

### Accounting groups/investment of Trust Assets

- (1) The Trust Assets shall be maintained and administered in different accounting groups as shown in **Annex 1**, segregated from other Trust Assets and the Company Trustee's own assets. If the Company Trustee maintains multiple accounting groups for the Trustor, the funds from one accounting group may not be used to cover another one; the provisions of this Agreement shall be applied separately to each accounting group.
- (2) For the execution of this Agreement the Company Trustee shall set up an account managed as an open Escrow Account for the Trustor (hereinafter "**Escrow Account**") and an escrow securities account managed for the Trustor as an open escrow securities account (hereinafter "**Escrow Securities Account**"). Assets shall be transferred pursuant to § 6 (1) by the Trustor transferring funds to the Escrow Account and/or securities to the Escrow Securities Account. The Company Trustee shall invest the funds and securities it receives from the Trustor in securities based on the Investment Guidelines (§ 8) as quickly as possible. If there are major shifts in the Trust Assets, market disruptions, or a liquidation of the Trust Assets in an Insured Event as specified in § 13 (1) and a cash deposit is made to the Escrow Account, the Company Trustee undertakes to immediately acquire securities as indicated in the Investment Guidelines (§ 8 (1)) or open an account at a third-party bank which will be managed at such bank as an open Escrow Account for the benefit of the Trustor.

- (3) If under a separate agreement with a Suitable Third Party as per § 3 (3) and consistent with an works agreement binding the Trustor, the Company Trustee is obligated to pay a supplement to the Suitable Third Party as administrative overhead, the Company Trustee may withdraw such supplement from the Trust Assets and pay them to the Suitable Third Party. The Company Trustee shall report regularly and upon request to the Trustor about changes in the Trust Assets over time. The Company Trustee shall provide the Trustor and other representatives designated by the Trustor, particularly the Trustor's auditors and any agencies having oversight of the Trustor, with access to the documents about the Trust Assets at any time.
- (4) The Company Trustee and the Employee Trustee shall conduct other administrative actions in connection with the Trust Assets - if necessary - based on a separate business procurement agreement and a service agreement, attached as **Annexes 2** and **3** of this Agreement.

## § 8

### Investment Committee/investment strategy

- (1) The general investment strategy for Trust Assets is determined by a Trustor Investment Committee and set forth in writing (hereinafter Investment Guidelines) and reported in writing to the Company Trustee. The Company Trustee shall not provide advice on investing Trust Assets. It therefore shall not assume any liability for the determination or success of the investment strategy. The Company Trustee shall commission Suitable Third Parties to invest the Trust Assets in accordance with the Investment Guidelines.
- (2) The Investment Committee shall be appointed and dismissed by the Trustor. The Trustor shall inform the Company Trustee in writing about the members of the Investment Committee. No Employees, board members, or other representatives of the Company Trustee may be appointed as members of the Investment Committee. The Company Trustee shall be authorized to participate in meetings of the Investment Committee and to report to them about changes in the Trust Assets over time.
- (3) All of the powers of the Investment Committee under this Agreement shall expire if an Insured Event occurs.

## § 9

### Required review

- (1) The Trustor shall review annually whether the Trust Assets in the accounting groups are sufficient to meet the Time Account Obligations indicated in HGB, IAS 19, or FAS 87 (only if and to the extent that US GAAP is used for reporting) as amended with the Trust Assets (hereinafter "**Required Review**"). In addition to the Required Reviews, special audits of the Trust Assets shall be performed if the Investment Committee or the Employee Trustee requests such audits. The costs of the audit will be borne by the respective party requesting the audit. If Time Account Entitlements are excluded from the scope of this Agreement by a unilateral statement from the Trustor under § 18 (1) (whether in full or in part), such entitlements shall not be taken into account in computing the Time Account Obligations to be secured.
- (2) The results of the audits pursuant to para. (1) shall be reported to the Company Trustee, the Trustor, and the Employee Trustee in writing in a timely manner, and the entity requesting the audit shall be responsible for providing such report. If the audit was initiated by the Investment Committee, the Trustor shall be responsible for providing the report.

- (3) If an audit conducted pursuant to para. (1) indicates that the Trust Assets are insufficient to meet all of the Trustor's Time Account Obligations, including the entitlements of the Company Trustee and the Employee Trustee for compensation, the Trustor shall be obliged to transfer assets as soon as possible in an amount sufficient for the Trust Assets to again suffice to meet all of the Trustor's Time Account Obligations, including the entitlements of the Company Trustee and the Employee Trustee for compensation.
- (4) The Company Trustee and the Employee Trustee shall not have any obligations beyond providing written report of the audit results as indicated in para. (2) and other obligations set forth in this Agreement; in particular, they shall have no obligation to undertake to refinance or arrange for the refinancing of the Trustor if they find any deficits or to inform the Employees about any deficits.

## § 10

### Disbursement of Trust Assets prior to an Insured Event

- (1) The Company Trustee may only disburse Trust Assets in the context of the Earmarking or in the event specified in § 7 (3). Prior to an Insured Event, the recipient of a payment shall be the Trustor or—in the case specified in § 7 (3)—the Tuitable Third Party. Funds already disbursed by the Trustor for Earmarked purposes shall be disbursed *monthly* in arrears. The disbursement shall equal the nominal amount paid - limited to the value of the Subledger for the Employee in question (and overall limited to the value of the Trust Assets) needed by the Employee Trustee to meet Time Account Entitlements for the Employee in question or for which there is evidence that it was spend by the Trustor to meet a claim of the Employee in question.
- (2) If a disbursement is made under this paragraph, the value of the Subledger for the Employee in question shall be reduced accordingly and the Company Trustee shall be released to this extent. The disbursement of Trust Assets to the Trustor for reimbursement purposes also includes settling reimbursement payments made by the Trustor to third parties, particularly KGaA, due to the Assumption Of Joint Liability if and to the extent that the third party has provided services to meet time account entitlements.
- (3) The use of Trust Assets disbursed for a purpose or payment in cases specified in § 7 (3) as per para. (1) shall be reported in writing promptly, with evidence being presented to the Company Trustee and the Employee Trustee; the Trustor must demonstrate to the Company Trustee that it has already disbursed sums in the amount of the reimbursement for Earmarked purposes prior to the disbursement. The evidence required under s. 1 shall be provided on an interim basis in accordance with the plausibility checks to be agreed on separately between the Trustor, the Company Trustee, and the Employee Trustee. Once a year, after the compilation of the Trustor's financial statements for which an independent auditor's opinion is granted, documentation must be provided to the Company Trustee and the Employee Trustee in respect of the amounts advanced by the Trustor to meet the Time Account Entitlements by providing appropriate documents (such as a excerpt from the wage account certified by the Trustor's auditor) that, from the point of view of the Company Trustee and the Employee Trustee, show the Trustor's payments made during the relevant calendar year to meet Time Account Entitlements as per this Agreement. The Employee Trustee may enter into an agreement with the Company Trustee and the Trustor on further audit procedures in writing; such written agreement shall become an integral part of this Agreement.

- (4) Notwithstanding the cases governed by para. (1) and (2) above (reimbursement), the Trustor may demand that the Company Trustee retransfers Trust Assets if accounting provisions in HGB, IAS 19.7, or FAS 87 (only if and to the extent that US GAAP is used for reporting) as amended govern the retransfer of Trust Assets without endangering the purpose indicated in the Preamble and, in particular, the qualification of the (remaining) Trust Assets as plan assets and the offset capability under Sec. 246 (2) *HGB*. The relevant time for the corresponding determination is the time of the retransfer. To this extent, the Company Trustee shall be discharged from its obligations if assets are retransferred.
- (5) The decision of which assets are to be retransferred to the Trustor by the Company Trustee in a case specified in § 10 shall be based on the written recommendation of the Trustor or the Company Trustee's Investment Committee with the involvement of third parties engaged to render administration services.
- (6) Substantiating evidence for the permissibility/legality of disbursing Trust Assets pursuant to § 10 shall be provided in the form of an audit certificate by the Trustor's auditor. The Company Trustee is not obliged to review the auditor's audit certificate; it may rely on the certificate.

## § 11

### Transfer of undertaking

- (1) If an undertaking or a part of an undertaking is transferred by the Trustor to another owner as set forth in Sec. 613a *BGB* in a legal transaction prior to an Insured Event as the result of a singular succession or based on steps taken in accordance with the *UmwG*, the total amount of the Time Account Entitlements to be secured under this Agreement shall be reduced to the extent that the entitlements for services derived from the Time Account Agreement previously qualified as Time Account Entitlements as defined by this Agreement would no longer fall within the scope of this Agreement. The same applies if Time Account Obligations to the Trustor's Employees who have left the Company are transferred to another company prior to an Insured Event with the effect of discharging the Trustor by way of a split (including hive-down) under *UmwG*. The preceding s. 1 and 2 of this paragraph shall not apply to the extent and insofar as the Trustor is not discharged from its liability for the Time Account Entitlements due to the Assumption Of Joint Liability. In this case, in particular the Securing Trust (§ 5 (2)) shall remain effective. The provisions in the last paragraph of § 1 regarding the definition of the Insured Event shall apply.
- (2) If an undertaking or a part thereof as specified in para. (1) is transferred to another affiliated company (transfer of an undertaking or part thereof within the Group) and if no case specified in para. (1) s. 3 exists, the Trustor must request that the Company Trustee makes the part of the Trust Assets corresponding to the portion of the Time Account Obligations being transferred to the new owner of the operation or receiving entity in regard to all the Time Account Obligations previously secured by this Agreement available to set up security equivalent to that previously set up by this Agreement for the Time Account Obligations being transferred to the owner of the undertaking or receiving entity. A prerequisite for the transfer of Trust Assets thus performed is that the new owner of the operation or receiving entity provide evidence to the Trustor or the Company Trustee that the aforementioned Equivalent Security would be established at the time of transfer of assets.
- (3) If an undertaking or a part thereof is transferred to a non-affiliated company as per para. (1) herein (transfer of an undertaking or part thereof outside the Group), the

Trustor may demand from the Company Trustee that the portion of the Trust Assets corresponding to the portion of the Time Account Obligations being transferred to the new owner of the operation or receiving entity in regard to all the Time Account Obligations previously secured by this Agreement be made available to set up a security equivalent to that previously set up by this Agreement for the Time Account Obligations being transferred to the new owner of the undertaking or receiving entity. A prerequisite for the transfer of Trust Assets thus performed is that the new owner of the operation or receiving entity provide evidence to the Trustor or the Company Trustee that the aforementioned Equivalent Security would be established at the time of transfer of assets.

- (4) The decision of which specific assets are to be transferred by the Company Trustee in a case indicated in para. (2) and (3) to the new owner of the operation / receiving entity shall be based on the written recommendation of the Trustor or the Company Trustee's Investment Committee with the involvement of third parties engaged for administration purposes, taking into account the claims due and the associated time accounts of the Employee affected.
- (5) This is without prejudice to the provisions in § 10 (3) of this Agreement (the capability of transferring Trust Assets if the accounting standards allow such transfer without endangering the purpose indicated in the Preamble and, in particular, the qualification of the remaining Trust Assets as plan assets) even if there is a transfer of undertaking (or a part thereof) within the meaning of Sec. 613a *BGB* or if Time Account Obligations for Employees separated based on *UmwG* are transferred.

## § 12

### Disbursement of Trust Assets in an Insured Event/non-performance event

- (1) In an Insured Event, the Company Trustee is obligated to use the Trust Assets as indicated in the Earmarking. The exact extent and the specifics of meeting the Time Account Entitlements are governed by § 13. The recipients of the payment shall be the Employees. After an Insured Event occurs, the Trustor shall not have the right to demand payments or other performance from the Trust Assets.
- (2) If a non-performance event occurs, the Company Trustee shall make payments from the Trust Assets deviating from the provisions in § 13 on handling payments in the amount of payment obligations that are uncontested or have become final and non-appealable until payments are again made by the Trustor. If a payment is made under this paragraph, the value of the Subledger for the Employee in question shall be reduced accordingly. Disbursements by the Company Trustee for a non-performance event shall cease when the Time Account Entitlements are eliminated or met; if an Insured Event occurs after a non-performance event, payments shall be made pursuant to the provisions relating to the Insured Event.

## § 13

### Securing claims in an Insured Event

- (1) If an Insured Event occurs, the Trust Assets shall be sold and disbursed in accordance with the Earmarking within a reasonable period as indicated below. If an Insured Event occurs, the Company Trustee shall be authorized, but not obliged, to invest the Trust Assets in money market funds or other liquid investments, either in full or in part. The Company Trustee shall be authorized, but not obliged, to liquidate the Trust Assets, either in full or in part, if doing so is necessary to satisfy Time Account Entitlements that exist at the time the Insured Event occurs.

- (2) If the Company Trustee is responsible for the handling under the provisions in this Agreement when an Insured Event occurs, it shall be authorized to satisfy the entitlement for compensation under § 14 as well as reasonable handling costs from the Trust Assets or to take the corresponding funds from the Trust Assets. The Company Trustee is authorized to avail itself of the assistance of the Employee Trustee or of one or more suitable dispatchers to meet its obligations if there is an Insured Event. Any reasonable costs incurred by using the Employee Trustee or one of the facilitators or by any escrow set up in an Insured Event pursuant to para. (6) must be withdrawn from the Trust Assets. The Employee Trustee agrees to ask the Company Trustee only for the reasonable and verifiable costs it has incurred.
- (3) If there is an Insured Event, the Company Trustee must liquidate in a timely manner the Trust Assets to meet the Time Account Entitlements of Employees up to the Trust Assets attributed in the accounting to the Employee in question, deducting the costs it incurs for its activities handling the transactions under § 13 (2) and pay the income tax and social security contributions required by law from the proceeds (if any such sums must be paid for the Beneficiaries concerned) and other fees to the fiscal authority having jurisdiction or the collecting agency having jurisdiction or order to later pay each Employee the value of his/her Subledger reduced by wage tax and any Employee contribution to the total social security contribution and any other fees (hereinafter "**Coverage Assets**") as required by the provisions in this Agreement as a one-time payment to the Employee unless there may be a transfer of the Time Account Entitlements within the period provided by law. The mathematical portion of the Trust Assets that applies to the individual Time Account Entitlements is based on the Subledgers of the various Employees. The entitlement of each Employee shall be limited to the value of his/her Subledger after the Company Trustee has provided written notification that an Insured Event has occurred and the subsequent liquidation of the Trust Assets, and overall the entitlements of the Employees are limited to the value of the Trust Assets.

Until the Trust Assets are liquidated, the Employees shall have no claims due. There is no Employee entitlement or Company Trustee obligation to use more than the portion of the Trust Assets attributable to the Employee to meet the Time Account Entitlements of the Employee in question. If the value of the Subledger is insufficient to meet the Time Account Entitlements of the Employee in question, the Company Trustee is not authorized to pay this deficit by withdrawing it from the Subledgers of other Employees and is not obligated to balance a deficit in any other way. The Trustor shall have the burden of proof to show when the Company Trustee provided written notification that the Insured Event occurred.

- (4) If an Insured Event occurs, the Trustor or a service provider engaged by the Trustor shall provide the Company Trustee with an updated list of Employees at the time the Insured Event occurred and the amounts of each individual time accounts as well as the Time Account Entitlements of the Employees derived therefrom and shall do so in a timely manner following the Trustor's instructions. If the Trustor or the service provider engaged by the Trustor fails to provide this information to the Company Trustee, the Company Trustee shall use the most recent data record provided by the Trustor or the service provider engaged by the Trustor for the segmentation and handling of the data.
- (5) The fees imposed by law on the Employees (particularly taxes and social insurance contributions) for payment to Employees shall be borne by the Employees.
- (6) If payments are made under the provisions above or the Company Trustee places the Coverage Assets in escrow under the German Civil Code, the Company Trustee shall

be discharged from its obligations to make payment to the Employees affected.

- (7) In the context of assertion of the Employees' securing rights, the Employees must provide broad support to the Company Trustee and the Employee Trustee in performing the tasks they have been given and to do everything that is needed on their part to implement the purpose of the securing arrangement and to refrain from doing anything that could prevent, delay or endanger it. The Employees are not authorized to issue instructions about the specifics of sale and payment of the Trust Assets in an Insured Event. If an Employee fails to provide the necessary cooperation, the Company Trustee shall have the right to refuse service to this Employee until the necessary cooperation is provided.

## § 14

### Compensation

- (1) The Company Trustee shall receive compensation for providing services under this Agreement as indicated in **Annex 4** of this Agreement.
- (2) The Employee Trustee shall receive compensation for providing services under this Agreement and a separate agreement about this compensation shall be entered into after this Agreement is signed. After this separate agreement has been signed it shall be included as **Annex 5** of this Agreement.

## § 15

### Data privacy / confidentiality

- (1) If personal information of Employees is automatically processed by one of the Parties in connection with administering the Contractual Collateral and that Party needs this information to meet its obligations arising from this Agreement, the office responsible shall be bound to the provisions of the German Federal Data Protection and Privacy Act and obligated to handle the data confidentially. The agreements on contract data processing required under the German Federal Data Protection Act (*Bundesdatenschutzgesetz – BDSG*) and the General Data Protection Regulations (*Datenschutz-Grundverordnung – DSGVO*) shall be entered into separately.
- (2) The Parties are obliged to handle all information and information that they obtain in connection with performance of this Agreement confidentially. This obligation is not limited in time and applies even if this Agreement ends for any reason.

## § 16

### Liability

- (1) In implementing this Agreement, particularly in actions in an Insured Event, the Company Trustee and the Employee Trustee shall be liable for any fault of their own or that of their bodies, Employees and vicarious agents if material contractual obligations are breached. Material contractual obligations means those obligations needed to meet the purpose of the contract. These include in particular the Trustees' obligations to administer and invest the assets entrusted to them in the interests of the Trustor/Employee and to use them only within the constraints in the trust.
- (2) For actions or failure to act pertaining to other contractual obligations (or ancillary obligations), liability is limited to intent and gross negligence.
- (3) To the extent the law allows, liability is limited to typically foreseeable damage. Damage is typically foreseeable if the injuring party was aware of the possible

consequence of their breach of contract at the time the contract was entered into or could have foreseen it based on the circumstances of which it was aware or of which it should have been aware.

- (4) Otherwise, liability is excluded. The Company Trustee and the Employee Trustee shall not be liable for the success of investment of the Trust Assets or for reaching any aspirational goals for investment or return.

## **§ 17**

### **Term / termination or contract revocation**

- (1) This Trust Agreement is concluded for an indefinite period. It will end automatically without requiring specific termination if the Trustor no longer has any Employees or former Employees or heirs of such people to whom it has obligations to provide Contractual Collateral, all of the Time Account Entitlements of all of the Employees have been met in full, and these statements have been documented to the Company Trustee and the Employee Trustee in an auditor's report from the Trustor's auditor. Employee Trustees and Company Trustees are not obliged to review the content of the audit certificate from the auditor.
- (2) Regular termination and mutually-agreed revocation of this Agreement shall only be permitted as indicated below. The right to terminate the Trust Agreement for due cause shall remain unaffected with it being understood that the Trustor incurring an Insured Event is not considered due cause.
- (3) Regular termination by the Trustor at the end of the calendar year giving 6-month notice shall only be permitted if the Trustor or a third party designated by the Trustor provides Equivalent Security in regard to the time account entitlements. For this purpose, an expert opinion from a law firm with experience in insolvency law or an auditing company shall be required, and the content of such opinion does not have to be reviewed by the Company Trustee or the Employee Trustee.
- (4) The Company Trustee may terminate this Agreement, giving 6-month notice and, if they do so, must propose a successor company trustee with sufficient credentials who is prepared to continue the trust and will provide Equivalent Security.
- (5) If the Trust Agreement is terminated, the Company Trustee shall transfer the Trust Assets to the successor company trustee no later than by the expiration date of the Trust Agreement.
- (6) If, in the event of a termination of this agreement, a transfer to a successor trustee is not feasible, the Company Trustee may deposit the Trust Assets with the lower court in whose district the Trustor's registered office is situated for the benefit of the Trustor and the Employees or may choose a comparable solution with Equivalent Security.
- (7) The effectiveness of this Agreement shall be subject to the condition precedent that the Operational Hive-down is registered in the Commercial Register of KGaA.

## **§ 18**

### **Amendments to the Agreement**

- (1) The Trustor shall be authorized to exclude from this Agreement, either in full or in part, those Time Account Entitlements that do not arise until after an reference date to be determined by the Trustor that is not in the past at the time the declaration is made

using a unilateral written declaration to the Company Trustee and customary notice to the Employees in question. Time Account Entitlements and parts thereof arising up to this reference date or were earned from past service as specified by the IFRS, shall remain unaffected if the Trustor exercises the right indicated in sentence 1.

- (2) Contract amendments that do not affect the Employees' security interests, particularly those that merely serve the purpose of changing the technical procedures on the content, rectify omissions, or merely clarify issues based on the common interests of the Trustor, the Company Trustee, and the Employee Trustee when this Agreement was entered into, shall be negotiated by the Trustor, the Company Trustee, and the Employee Trustee without any consent from the Employees being required. This also applies to contract amendments that result in an Equivalent Security for Employees (even if the former insolvency security is revoked) or in an Equivalent Security after this Agreement has been terminated as per § 17. In case of all of these amendments, Equivalent Security must be provided for the Trust Assets.
- (3) If netting the liability for Time Account Obligations reflected in the Consolidated Financial Statements and the Time Account Entitlements (plan assets)—as described in the Preamble—is not or no longer feasible, the Trustor shall have the right to require the Company Trustee and the Employee Trustee to adjust the Trust Agreement and change the Trust Agreement to indicate that netting is permitted, even without the Employees' consent, if the Employees' security interests are not affected and Equivalent Security is provided even after the Agreement is adjusted. In this regard, the Parties undertake to work toward a mutually-agreeable adjustment of the Agreement.
- (4) If an adjustment of this Agreement is needed due to administrative or operational requirements, requirements imposed by law or regulators, or due to revised or new case law, the Trustor, the Company Trustee, and the Employee Trustee shall be authorized to adjust the Trust Agreement accordingly if the security interests of the Employees are not affected and Equivalent Security is provided after the modification of the Agreement. In this regard, the Parties undertake to work toward a mutually-agreeable adjustment of the Agreement.
- (5) Changes to this Agreement that are only favorable for the Employees do not require their approval.
- (6) **Annexes 2 and 3** to this Agreement may be amended using the procedures set forth in those annexes.

## § 19

### **Non-assignment, annexes, written form**

- (1) No claims arising from this Agreement may be assigned.
- (2) All annexes to this Agreement are integral parts hereof.
- (3) Amendments to this Agreement, including this clause, must be in writing and - subject to the provisions set forth in § 18 - shall require the consent of the Trustor, the Company Trustee, and the Employee Trustee. The written form requirement shall also apply to any revocation of the written form requirement.

**§ 20****Final provisions**

- (1) The term of this Trust Agreement shall commence upon execution of this Trust Agreement.
- (2) If a provision in this Agreement is or becomes unenforceable, remaining provisions shall remain unaffected. The Parties shall agree on an enforceable provision to replace the unenforceable provision coming as close as possible to the economic content of the unenforceable provision. The same shall apply in the event of any omissions.
- (3) This Trust Agreement shall exclusively be governed by the laws of the Federal Republic of Germany. To the extent legally permitted, all disputes arising from or relating to this Agreement shall be subject to the exclusive jurisdiction of the courts of Frankfurt am Main.

## Preamble

HC OpCo, LS OpCo, and PM OpCo (hereinafter referred to individually as “**Trustor**” or collectively as “**Trustors**”), the Company Trustee, and Höchster Pensions Benefits Services GmbH, Brünigstrasse 50, 65926 Frankfurt am Main, Germany, (hereinafter referred to as “**Employee Trustee**”) are parties in the Trust Agreement which becomes effective upon signing (hereinafter referred to as “**TA**”). The TA assigns to the Company Trustee the administrative services specified in the TA. Pursuant to § 7 (4) of the TA, other administrative services shall be performed by the Company Trustee as specified in a separate business procurement agreement. The corporate time accounts are secured, *inter alia*, by way of assignment of the trust funds to the Company Trustee who holds the transferred funds in trust for the Trustor and the Trustor’s Employees. In this context, setting up and maintaining accounting groups by the Company Trustee is required in respect of the Trustor’s Trust Assets.

In detail, the following provisions shall apply to these business procurement activities by the Company Trustee:

### § 1

#### Integral part of the Trust Agreement, term

- (1) This Business Procurement Agreement forms an integral part of the TA.
- (2) This Business Procurement Agreement is entered into for the term in which the Company Trustee is appointed as company trustee under the TA. This Business Procurement Agreement expires upon termination of the TA, without a separate notice of termination or cancellation being required.
- (3) Unless otherwise specified in this Business Procurement Agreement, the provisions of the TA shall apply.
- (4) The provisions herein shall apply notwithstanding any contradictory General Terms and Conditions of the Parties which shall not apply to this contractual relationship even on a supplementary basis.

### § 2

#### Company Trustee’s business procurement services

- (1) Subject to the TA, the Company Trustee shall exclusively be obliged to render the following services to the Trustor and the employees as third-party beneficiaries of the TA:
  - a) Setting up and maintaining the legal accounting groups (Escrow/Escrow Securities Accounts).
  - b) Reporting to the Trustor on the development of the assets as set forth in the Provisions of the TA.
  - c) Accepting the Trustor’s deposits into the Trust Assets.
  - d) Arranging withdrawals from the Trust Assets.
  - e) Granting trust approvals or deny such approvals, respectively, for deposits into or withdrawals from the Trust Assets, respectively. The Company Trustee shall advise the Trustor separately about such denials and provide information on the rationale for such denial.

- f) Written report on the status of the Trustor's legal accounting groups each at the Trustor's balance sheet date (annual report); the annual report shall be provided to the Trustor or the Investment Committee upon the Trustor's request. The reporting shall be at each of the dates agreed upon with the Trustor; the dates shall be determined by the Parties of this Business Procurement Agreement in such timely manner that the Trustor's annual report is available upon compilation of the financial statements.
- g) Communication and administrative business transactions with the Employee Trustee.
- h) Execution and settlement of the security in an Insured Event or upon non-performance as specified in the TA.

For details see the administration manual.

### **§ 3 Trustor's obligations**

- (1) Except in a case specified in para. (2), the Trustor shall provide the Company Trustee for the purpose of the annual review of the disbursements from the Trust Assets in the annual report (§ 2 (1) f)) the payroll account for the time accounts under the Time Account Agreement included in the Trustor's financial statements on which an unqualified auditor's opinion was granted. The payments made to employees during the exemption phase or in case of disruptions must be derived from the payroll account without any doubts. In the event that the Trustor cannot provide the substantiating evidence required under s. 1, it must provide an expert report on the changes in the payments in arrears under the Time Account Agreements in the previous year in lieu of such substantiating evidence specified in s. 1; an actuary or auditor must provide an audit certificate on such expert report. As for s. 2, approvals are only permitted to the extent that the settlement in arrears in the previous year has reduced, the amount of such decrease exceeds the total of any disbursements incurred during the year, and this retransfer of Trust Assets does not endanger the netting option under Sec. 246 (2) HGB as well as the classification as plan assets within the meaning of IAS 19.7 and FAS 87 (only if and to the extent that US GAAP is used for reporting). Substantiating evidence for meeting the prerequisites pursuant to s. 3 shall be provided in the form of an audit certificate by the Trustor's auditor. The Company Trustee is not obligated to review the auditor's audit certificate; it may rely on the certificate.
- (2) Moreover, the Trustor shall provide the Company Trustee or, in the case of § 1 (2) upon the Company Trustee's request a third party, any and all data and information required for the performance of the tasks under § 2 in a timely manner. This applies in particular in case of irregularities between the requested disbursement and the substantiating evidence provided in this regard that the Company Trustee identifies.

For details see the administration manual.

### **§ 4 Discharge from liability**

The Trustor shall be deemed to confirm proper rendering of the administration services and shall discharge the Company Trustee from its liability for such services within three months

- (2) If personal information of the Trustor's employees is automatically collected, processed or used, respectively, in connection with the administration service rendered by the Company Trustee and such information is required to meet its obligations arising from this Business Procurement Agreement, the Company Trustee shall be bound to the provisions of the German Federal Data Protection and Privacy Act and must treat the information as confidential.

## **§ 7 Term, termination**

- (1) This Business Procurement Agreement shall become effective upon conclusion of the TA and shall be entered into for the duration of the appointment of the Company Trustee as per the TA.
- (2) The termination of this Business Procurement Agreement shall be governed by § 17 of the TA provided that, at the end of the term of the TA or upon termination of the collaboration with the Trustor under the TA, this Business Procurement Agreement expires as well, without a separate notice of termination relating to this Business Procurement Agreement being required.

## **§ 8 Liability**

The liability shall be subject to § 16 of the TA.

## **§ 9 Assignment, written form requirement, final provisions**

- (1) No claims arising from this Business Procurement Agreement may be assigned.
- (2) Amendments to this Business Procurement Agreement, including this clause, must be in writing and shall require the consent of the Trustor and the Company Trustee.
- (3) If a provision in this Business Procurement Agreement is or becomes unenforceable, remaining provisions shall remain unaffected. The Parties shall agree on an effective provision to replace the void and invalid provision coming as close as possible to the economic content of the void and invalid provision. The same shall apply in the event of any omissions.

**POWER OF ATTORNEY**

of

**Merck Healthcare Germany GmbH, Darmstadt, Germany,  
an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 96240 (**HC OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are HC OpCo for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93771 (**LS OpCo**), for the Operating Unit KGaA Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93768 (**PM OpCo**) for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Healthcare shall be hived down to HC OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

HC OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, HC OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

(the **Representative**),

to enter into the following contracts in the name of HC OpCo:

1. CTA-trust agreement between the OpCos, represented by KGaA and MP e.V. to continue securing the pension commitments against insolvency;
2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

This power of attorney is governed by German law. This power of attorney shall expire on September 30, 2018.

The Representative, to the extent legally permitted, shall be discharged from the restrictions of Sec. 181 of the German Civil Code (*Bürgerliches Gesetzbuch – BGB*) (particularly in connection with the agreement to transfer trust assets) and, within the scope of this power of attorney, shall be authorized to delegate the power of attorney, either as a whole or in part.

The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Healthcare shall be hived down to HC OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

HC OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, HC OpCo hereby authorizes

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

**POWER OF ATTORNEY**

of

**Merck Life Science Germany GmbH, Darmstadt, Germany,  
an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 93771 (**LS OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240 (**HC OpCo**) for the Operating Unit KGaA Healthcare, LS OpCo for the Operating Unit KGaA Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93768 (**PM OpCo**) for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Life Science shall be hived down to LS OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

LS OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, LS OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

(the **Representative**),

to enter into the following contracts in the name of LS OpCo:

1. CTA-trust agreement between the OpCos, represented by KGaA and MP e.V. to continue securing the pension commitments against insolvency;
2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

This power of attorney is governed by German law. This power of attorney shall expire on September 30, 2018.

The Representative, to the extent legally permitted, shall be discharged from the restrictions of Sec. 181 of the German Civil Code (*Bürgerliches Gesetzbuch – BGB*) (particularly in connection with the agreement to transfer trust assets) and, within the scope of this power of attorney, shall be authorized to delegate the power of attorney, either as a whole or in part.

**Merck Performance Materials Germany GmbH, Darmstadt, Germany,  
an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 93768 (**PM OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240 (**HC OpCo**) for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93771 (**LS OpCo**) for the Operating Unit KGaA Life Sciences, and PM OpCo for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Performance Materials shall be hived down to PM OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

PM OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, PM OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

(the **Representative**),

to enter into the following contracts in the name of PM OpCo:

1. CTA-trust agreement between the OpCos, represented by KGaA and MP e.V. to continue securing the pension commitments against insolvency;
2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

This power of attorney is governed by German law. This power of attorney shall expire on September 30, 2018.

The Representative, to the extent legally permitted, shall be discharged from the restrictions of Sec. 181 of the German Civil Code (*Bürgerliches Gesetzbuch – BGB*) (particularly in connection with the agreement to transfer trust assets) and, within the scope of this power of attorney, shall be authorized to delegate the power of attorney, either as a whole or in part.

**Preamble**

1. Based on the existing regulations regarding the use of time accounts (hereinafter "**Time Account Agreement**"), KGaA gives its employees the opportunity to transfer the value of work performed respectively work time as well as parts of the cash compensation for work performed to time accounts and thus accrue entitlements to compensation for periods when not required to work by way of time accounts (*Wertguthaben*) as defined by Sec. 7 (1a) and Sec. 7b German Social Code IV (*SGB IV*) (hereinafter "**Time Account Entitlements**"). For the purpose of securing these Time Account Entitlements, KGaA, the Company Trustee and the Employee Trustee have entered into a Trust Agreement dated August 8, 2014 (hereinafter referred to as "**KGaA TA**"). The trust assets transferred from KGaA to the Company Trustee on the basis of this trust agreement have been mathematically allocated by the Company Trustee to the employees building up a time account and deposited in a virtual account (hereinafter "**Subledger**").
2. As part of Merck Group's strategic development, the operating activities of the Healthcare, Life Science, and Performance Materials Business Sectors and the associated assets and liabilities (hereinafter individually referred to individually as an "**Operating Unit**" or collectively as "**Operating Units**") within KGaA shall be hived down by way of a hive-down by absorption pursuant to Sec. 123 (3) No.1 German Reorganization Act (*Umwandlungsgesetz – UmwG*) to HC OpCo, PM OpCo, and LS OpCo (hereinafter individually referred to as "**OpCo**" or collectively as "**OpCos**") based on a hive-down agreement by and between KGaA and HC OpCo / LS OpCo / PM OpCo (hereinafter referred to as "**Operational Hive-down Agreement**") (the transaction hereinafter referred to a "**Operational Hive-down**"), with the Operating Unit Healthcare being hived down to HC OpCo, the Operating Unit Life Science to LS OpCo, and the Operating Unit Performance Materials to PM OpCo. The hive-down shall become effective upon its registration in the commercial register of KGaA (hereinafter "**Legal Effective Date**"). The effective date of the hive-down is January 1, 2018, 0:00 hours (hereinafter "**Economic Effective Date**"). The closing balance effective date as defined in Sec. 125 s. 1, Sec. 17 (2) *UmwG* is December 31, 2017, 24:00 hours (hereinafter referred to as "**Closing Balance Effective Date**"). The Operational Hive-down shall, *inter alia*, ensure more efficient management of the Operating Units by means of a business sector-related Enterprise Resource Planning System (hereinafter referred to as "**ERP System**").
3. The Operational Hive-down results, *inter alia*, in the employment relationships of the active employees attributed to the respective Operating Units being transferred as specified in the Operational Hive-down Agreement from KGaA to the respective OpCo (**Transitioning Employees**). In addition, pursuant to the Operational Hive-down

Agreement, the legal relationships with the former KGaA employees are hived down as well in the course of the Operational Hive-down between KGaA and the OpCos to the extent that their departure occurs during the period after the Closing Balance Effective Date and before the Legal Effective Date (**Former Employees**). The Transitioning Employees and the Former Employees form the group of secured employees (hereinafter **"Secured Employees"**).

4. Since the technical requirements for introducing the (business sector-specific) ERP Systems currently do not exist at the OpCos - the introduction is planned for the period from early 2019 to 2020, depending on the business sector - it is intended that the business activities hived down to the OpCos be temporarily leased back to KGaA until the introduction of the ERP Systems in the respective OpCo (**"Business Lease"**). The Business Lease shall become effective immediately upon the Operational Hive-down becoming effective. Notwithstanding the aforesaid, the Business Lease shall become effective with retroactive economic effect as of January 1, 2018, 0:00 hours (hereinafter **"Beginning Of The Lease"**). The Business Lease results in the Transitioning Employees being retransferred to KGaA; in some cases, employment contracts are retransferred to KGaA as well based on individual agreements. The plan for the Business Lease is that the respective OpCo assumes joint liability in respect of the Transitioning Employees' Time Account Entitlements and agrees with KGaA to assume performance in full (hereinafter **"Assumption Of Joint Liability"**). The Assumption Of Joint Liability results in the economic obligations from the Time Account Entitlements of the Transitioning Employees remaining with the respective OpCo as of the Beginning of the Business Lease despite the Business Lease and the respective OpCo being obliged to recognize this (contingent) liability on its balance sheet. With the introduction of the respective final business sector-specific ERP System, the Business Lease is terminated with regard to the OpCo concerned, and management of the operation is transferred to the OpCo completely and permanently (as retransfer of the leased item).
5. The Time Account Entitlements which the Secured Employees have already accrued under the Time Account Agreements are currently secured by the KGaA TA and shall be secured as of the Legal Effective Date by an independent trust agreement to be concluded each by the OpCos and the Company Trustee and the Employee Trustee (hereinafter individually referred to for each OpCo as **"OpCo TA"**). The OpCo TA is attached hereto as **Annex 1**. Its content corresponds to the KGaA TA and, according to the expert report of KPMG Wirtschaftsprüfungsgesellschaft dated February 26, 2018, meets the requirement of an Equivalent Security as defined in § 5 (3) of the KGaA TA.
6. Pursuant to this Agreement, the trust assets as defined below attributable on a pro rata basis to the Secured Employees in the form of the subledgers maintained for them, are transferred to the respective OpCo in such manner that they are contributed to the respective OpCo TA entered into by and between the Company Trustee and the respective OpCo (hereinafter referred to as **"Transfer"**). Thus, at the same time, beneficial ownership in the prorated Trust Assets is contributed to the respective OpCo. The Parties agree that the Transfer of the prorated trust assets between KGaA and the OpCos shall occur with retroactive economic effect as of the Economic Effective Date. However, in order to avoid any multiple transfer of the trust assets (also between the OpCos) required as a result, beneficial ownership shall be transferred directly between KGaA and the OpCo to which the Secured Employees are each attributable at the Legal Effective Date ("fast-track transfer"). In addition, KGaA and the OpCos have set forth a compensation mechanism in the Operational Hive-down Agreement according to which KGaA and the OpCos put themselves economically in the position as if the Transfer had been based on the situation at the Closing Balance Effective Date. This compensation mechanism shall remain unaffected.

7. The Transfer shall be completed based on the requirements set forth in § 11 of the KGaA TA, with HC OpCo / LS OpCo / PM OpCo being subject to this Agreement as an agreement separate for each of the respective OpCos.
8. NOW THEREFORE, as well as upon request of Merck KGaA to the Company Trustee and the Employee Trustee for the establishment of a subsequent security of the OpCo TA and for the purpose of transferring Trust Assets, the Parties agree as follows:

## A. Asset Transfer Agreement by and between KGaA, the Company Trustee, the Employee Trustee, and the OpCos

### § 1

#### Transfer of prorated Trust Assets

1. KGaA, the Company Trustee, and the Employee Trustee, as well as HC OpCo / PM OpCo / LS OpCo, agree that, at the Legal Effective Date, the Trust Assets attributable on a pro rata basis to the individual Subledgers of the Secured Employees (hereinafter "**Trust Assets To Be Transferred**") shall be transferred to the Company Trustee pursuant to the KGaA TA for the purpose of establishing an equivalent security as defined in § 11 (2) in context with § 5 (3) of the KGaA TA as Trust Assets under the OpCo TA.
2. For this purpose, KGaA - with the Employee Trustee's consent - hereby assigns its right vis-à-vis the Company Trustee for the provision of the Trust Assets To Be Transferred and any and all other claims of KGaA under the KGaA TA in respect of the Trust Assets To Be Transferred for the purpose of an equivalent security for the Time Account Entitlements within the meaning of § 5 (3) of the KGaA TA for the Secured Employees on a prorated basis with effect as of the Legal Effective Date to the extent to be determined in accordance with para. (3) to HC OpCo / PM OpCo / LS OpCo who accept the assignment with the proviso that this right assigned to them by KGaA is hereby contributed as trust assets under the OpCo TA with effect as of the Legal Effective Date. The Company Trustee hereby accepts this fiduciary transfer of the Trust Assets To Be Transferred as trust assets under the OpCo TA with effect as of the Legal Effective Date.
3. The Trust Assets To Be Transferred in the form of shares in the trust assets for the satisfaction of the claim for transfer of the Trust Assets To Be Transferred contributed to the OpCo TA pursuant to para. 2 shall be determined based on a data report provided by KGaA to the Employee Trustee in its capacity as administrator, which - in the format defined in the underlying administration manual - comprises the transfer of the Secured Employees to HC OpCo / PM OpCo / LS OpCo within a period not to exceed 5 banking days of the receipt of the data report by the Employee Trustee.
4. The Trust Assets To Be Transferred shall be transferred as follows: The Trust Assets To Be Transferred shall be reposted by the Company Trustee by way of account transfer based on
  - a notification by the Employee Trustee in text or written format to the Company Trustee and KGaA specifying the amount of the Trust Assets To Be Transferred and the portion attributable to the respective Operating Unit
  - as well as a corresponding reclassification order in text or written format by KGaA to the Company Trustee
 from the escrow/securities account of KGaA to the corresponding escrow/securities account of HC OpCo / PM OpCo / LS OpCo as plan assets under the respective OpCo TA. As a result, the Company Trustee retains legal ownership and HC OpCo / PM OpCo / LS OpCo is in the legal position of a trustor and obtains beneficial ownership in the Trust Assets To Be Transferred by KGaA (gross amount) net of any taxes triggered by the transfer and reposting. The Employee Trustee and the Company Trustee do not assume any responsibility for taxes triggered by the transfer of the Trust Assets To Be Transferred to HC OpCo / PM OpCo / LS OpCo and the transfer to the respective escrow/securities account.

**B. Miscellaneous****§ 2****Final provisions**

1. Any modifications of this Agreement shall not become effective unless they are in writing. The same shall apply to any waiver or modification of this para. (1).
2. The effectiveness of this Agreement shall be subject to the condition precedent that the Operational Hive-down is registered in the Commercial Register of KGaA.
3. Furthermore, the Parties agree that KGaA is subject to the agreed-upon incidental obligation vis-à-vis the Company Trustee and the Employee Trustee to promptly meet any obligation it may have vis-à-vis the employees under Sec. 7e (8) SGB IV and shall be held liable for the fulfillment of such obligation.
4. If individual provisions herein are or become void or invalid, the remaining provisions herein shall remain unaffected. with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 6164 (**KGaA**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240, for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93771, for the Operating Unit Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93768, for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). As part of the Operational Hive-down, active employees under the Operational Hive-Down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Units shall be hived down to the OpCos. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

The OpCos in turn shall enter into appropriate CTA agreements with these trustees to provide the security, even after the Operational Hive-down is implemented also for the duration of the aforementioned business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The acquiring entities in the Operational Hive-down are HC OpCo for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93771 (**LS OpCo**), for the Operating Unit KGaA Life Science, and Merck Performance Materials Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt, Germany, under HRB 93768 (**PM OpCo**) for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Healthcare shall be hived down to HC OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

HC OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, HC OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

(the **Representative**),

2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

This power of attorney is governed by German law. This power of attorney shall expire on September 30, 2018.

**POWER OF ATTORNEY**

of

**Merck Performance Materials Germany GmbH, Darmstadt, Germany,  
an affiliated company of Merck KGaA, Darmstadt, Germany**

with its corporate seat in Darmstadt, Germany, business address: Frankfurter Straße 250, 64293 Darmstadt, registered in the commercial register (*Handelsregister*) of the lower court of Darmstadt (*Amtsgericht*) under HRB 93768 (**PM OpCo**).

Merck KGaA, Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164 (**KGaA**), intends for the operational activities of the Healthcare, Life Science, and Performance Materials Business Sectors operated within KGaA in Darmstadt and Gernsheim, along with the associated assets and liabilities (the **Operating Unit KGaA Healthcare**, the **Operating Unit KGaA Life Science**, and the **Operating Unit KGaA Performance Materials**, and, regardless of the business sector, each an **Operating Unit** or **Operating Units**) to be hived down in accordance with Sec. 20 German Reorganization Tax Act (*Umwandlungssteuergesetz – UmwStG*) to three separate subsidiaries via a hive-down by absorption pursuant to Sec. 123 (3) (1) of the German Reorganization Act (*Umwandlungsgesetz – UmwG*) by way of partial universal succession, as well as in part by transferring or granting beneficial ownership (the **Operational Hive-down**).

The acquiring entities in the Operational Hive-down are Merck Healthcare Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 96240 (**HC OpCo**) for the Operating Unit KGaA Healthcare, Merck Life Science Germany GmbH, Darmstadt, Germany, an affiliated company of KGaA, registered in the commercial register of the lower court of Darmstadt under HRB 93771 (**LS OpCo**) for the Operating Unit KGaA Life Sciences, and PM OpCo for the Operating Unit KGaA Performance Materials (regardless of the business sector, the acquiring entities are each referred to hereinafter as **OpCo** or collectively as **OpCos**). The basis for the Operational Hive-down shall be an operational hive-down agreement between KGaA and the OpCos to be notarized.

The transfer of the Operating Units to three separate legal entities shall, *inter alia*, support the introduction of global business sector-specific Enterprise Resource Planning systems (**ERP-systems**) for the German business. Since the technical requirements for introducing the ERP-systems currently do not exist at the OpCos, the business activities hived down to the OpCos shall be leased back temporarily to KGaA until the introduction of the ERP-systems by the respective OpCo. For this purpose, HC OpCo, LS OpCo, and PM OpCo shall each enter into a notarized Business Lease Agreement as specified in Sec. 292 (1) (3) Var. 1 of the German Stock Corporation Act (*Aktiengesetz – AktG*).

As part of the Operational Hive-down, active employees under the Operational Hive-down Agreement as well as the rights and obligations from employment relationship that have ended and are attributable to the Operating Unit KGaA Performance Materials shall be hived down to PM OpCo. That includes pension claims for corporate old-age pension insurance benefits and entitlements from time account agreements.

KGaA shall secure pension claims made through direct commitment vis-à-vis the employees to be transferred as part of the Operational Hive-down as well as those former employees to be transferred via Merck Pensionstreuhand e.V. (**MP e.V.**), Darmstadt, Germany, a related company of KGaA, by way of a Contractual Trust Agreement (**CTA**). The same applies to entitlements from time account agreements secured via Metzler Trust e.V. as the company trustee and Höchster Pension Benefits Services GmbH as the employee trustee.

PM OpCo in turn shall enter into appropriate CTA agreements with these trustees to provide the security even after the Operational Hive-down is implemented for the duration of the business lease.

In this regard, agreements shall also be entered into under which the pro-rated amounts of trust assets due from the CTA of KGaA to an OpCo from the employees transferred during the hive-down and to the former employees transferred during the hive-down shall be assigned to the CTA for the respective OpCo.

The intent is that the trust agreements and the transfer agreements be signed by KGaA as the representative for and in the name of all the OpCos.

NOW THEREFORE, PM OpCo hereby authorizes

MERCK KGaA, Darmstadt, Germany, Frankfurter Straße 250, 64293 Darmstadt, Germany, registered in the commercial register of the lower court of Darmstadt under HRB 6164

(the **Representative**),

to enter into the following contracts in the name of PM OpCo:

1. CTA-trust agreement between the OpCos, represented by KGaA and MP e.V. to continue securing the pension commitments against insolvency;
2. CTA-trust agreement between the OpCos, represented by KGaA, Metzler Trust e.V., and Höchster Pensions Benefits Services GmbH to continue securing the time account agreement against insolvency;

3. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, the OpCos, represented by KGaA, and MP e.V., as well as
4. Partial transfer agreement concerning the transfer of trust assets for transferring and former employees of the Operating Units between KGaA, Metzler Trust e.V., Höchster Benefits Services GmbH, and the OpCos, represented by KGaA.

The Representative shall be authorized to undertake any steps and actions along with making and accepting statements that, in the Representative's discretion, are suitable, necessary or expedient for entering into or carrying out the measures specified in the Introduction of this power of attorney, the aforementioned legal transactions and/or fulfilment of the purpose of these measures and this power of attorney, to include modification and addenda to contracts entered into under this power of attorney.

Any personal liability of the Representative, either sole or on a joint and several basis, for any action or measures, to include making and accepting statements, derived from or in connection with this power of attorney, with the exception of liability for intentional conduct, shall hereby be expressly excluded.

This power of attorney is governed by German law. This power of attorney shall expire on September 30, 2018.

The Representative, to the extent legally permitted, shall be discharged from the restrictions of Sec. 181 of the German Civil Code (*Bürgerliches Gesetzbuch – BGB*) (particularly in connection with the agreement to transfer trust assets) and, within the scope of this power of attorney, shall be authorized to delegate the power of attorney, either as a whole or in part.

with regard to Registered Property Rights pursuant to Section 16.3.b of the  
Hive-down and Transfer Agreement between  
KGaA and LS OpCo**

**§ 1 Trust Agreement**

- 1.1 By way of a trust agreement, KGaA undertakes to hold the Registered Property Rights in trust for LS OpCo and solely in LS OpCo's interest. In particular, KGaA shall not have the right to transfer, assign, encumber, pledge or abandon the Registered Property Rights or grant licenses to them without the prior consent of LS OpCo.
- 1.2 LS OpCo shall have the right to extend the trust relationship established as per this Trust Agreement to additional trademarks, patents, domains, or other registered property rights (or respective applications) at any time by so instructing KGaA. In particular, LS OpCo may instruct KGaA to register additional property rights under this Trust Agreement in LS OpCo's interest. All such additional property rights (or respective applications) shall be regarded as Registered Property Rights within the meaning of this Trust Agreement from the time the order is issued by LS OpCo. Once a year, the Parties shall update the list of Registered Property Rights accordingly as set forth in Annex 16.2 of the Hive-down Agreement.
- 1.3 The Parties agree that, during the term of the fiduciary administration, KGaA shall have the same economic rights with respect to the Registered Property Rights as the legal owner, and that the fiduciary administration shall not result in KGaA being the beneficial owner of the Registered Property Rights, whether in whole or in part.
- 1.4 The provisions of this Trust Agreement shall have no impact on licenses granted to third parties under the Registered Property Rights and the related rights and obligations of such third parties or LS OpCo. If licenses under the Registered Property Rights are required to be submitted to national or other authorities, KGaA shall undertake to submit them under this Trust Agreement.

**§ 2 Rights and Obligations of KGaA**

- 2.1 KGaA shall be obligated to carry out all instructions issued by LS OpCo in connection with the Registered Property Rights. KGaA shall be obligated to perform all duties arising from this Trust Agreement with utmost diligence.
- 2.2 KGaA shall be obligated to register, prosecute, maintain, and monitor the Registered Property Rights in all countries determined by LS OpCo. This shall, in particular, include KGaA's duty to monitor deadlines, pay due fees in time and submit registrations, applications, and other communications to the respective

registry authorities in a timely fashion. When doing so, KGaA shall act in LS OpCo's best interest at all times and operate in such a manner that the business operations of LS OpCo are protected in an economically viable way. Should KGaA be in doubt whether a certain registration, prosecution or maintenance action is in LS OpCo's interest, it shall ask LS OpCo to give respective instructions.

- 2.3 KGaA shall only be obligated and entitled to assert the Registered Property Rights against current or potential infringers if LS OpCo has issued an explicit order. Such explicit order can also be given in generalized form. If KGaA receives such order, it shall assert the Registered Property Rights in LS OpCo's best interest and in accordance with the latter's instructions, while keeping LS OpCo informed of all key aspects of the proceedings. KGaA shall approach LS OpCo if it considers a certain action useful with regard to asserting the Registered Property Rights, provide reasons for its assessment and request respective instructions from LS OpCo.
- 2.4 As between KGaA and LS OpCo, LS OpCo shall be entitled to all payments that KGaA receives in connection with its activities under this Trust Agreement, including all license fees or compensation payments for damages paid by third parties.
- 2.5 KGaA shall be permitted to engage a trustee with the performance of its obligations under this Trust Agreement, such as Merck Patent GmbH, Darmstadt, Germany, an affiliated company of KGaA.

### **§ 3 Rights and Obligations of LS OpCo**

- 3.1 Subject to any third-party rights arising from any license agreements, LS OpCo shall have the exclusive right to use and exploit the Registered Property Rights in any way. This includes LS OpCo's right to assign such rights to any third parties or have them exercised by any third parties (including the right to grant licenses).
- 3.2 LS OpCo shall have the right to give instructions with regard to the Registered Property Rights to KGaA at any time.
- 3.3 LS OpCo shall be obligated to assist KGaA with the registration, prosecution, maintenance, monitoring and assertion of Registered Property Rights, in particular, if so requested by KGaA, by (a) submitting all declarations required for registration, prosecution, maintenance, and assertion of the Registered Property Rights in the respective jurisdiction and by (b) providing KGaA with all documents and information useful for registration, prosecution, maintenance and assertion of the Registered Property Rights.
- 3.4 LS OpCo shall be entitled to demand at any time that KGaA suspends any and all activities in relation to one or more Registered Property Rights and to take over the registration, prosecution, maintenance and assertion of particular Registered Property Rights from KGaA.

#### **§ 4 Costs and Accounting**

- 4.1 All costs and expenses incurred by KGaA in connection with its obligations under this Trust Agreement shall be borne by LS OpCo. KGaA shall invoice LS OpCo for all costs incurred as a result of performing its obligations under this Trust Agreement on a monthly basis. This shall, in particular, include official fees, legal fees, and in-house costs of KGaA. To the extent applicable, VAT shall be added to the reported amount and reimbursed to KGaA.
- 4.2 Within 60 days of receipt of an invoice, LS OpCo must transfer the substantiated and invoiced amount pursuant to Section 4.1 in euros to a bank account specified by KGaA.
- 4.3 For clarity, the Parties hereby agree that LS OpCo shall be solely responsible for paying compensation for employee inventions that result from applicable laws or the application of the Award Plan for Inventions (MAPI) of KGaA. If desired by LS OpCo, however, KGaA shall claim an employee invention on LS OpCo's behalf, prepare standard contracts with the employee inventors and calculate the respective remunerations or shall commission a third party to perform such activities.

#### **§ 5 Term and Termination**

- 5.1 This Trust Agreement shall take effect upon the hive-down being registered in the Commercial Register with retroactive economic effect from midnight on January 1, 2018 and is entered into for an indefinite period of time.

- 5.3 The right of both Parties to terminate this Trust Agreement for due cause shall remain unaffected.
- 5.4 Upon termination of this Trust Agreement, all rights of the Parties under this Trust Agreement shall terminate, unless otherwise expressly specified herein. Upon such termination becoming effective, legal ownership of the Registered Property Rights shall be transferred from KGaA to LS OpCo. KGaA hereby agrees to such transfer. LS OpCo shall be responsible for the registration of such transfer of ownership in the Registered Property Rights in the respective registers at its own expense.
