Business activities of the Operating Units KGaA Healthcare, KGaA Life Science and KGaA Performance Materials to be hived down

**I. Business activities of the Operating Unit KGaA Healthcare to be hived down**

Out of the three global businesses of the Healthcare Business Sector (Biopharma, Consumer Health, Allergopharma), only the Biopharma business is operated by KGaA at the Darmstadt site. Moreover, products for the Consumer Health business are produced. The Biopharma business, to which about 2,700 employees are assigned at the Darmstadt site, researches, develops, and produces prescription drugs. For the business units “Oncology” and “General Medicine & Endocrinology,” these drugs are produced and bottled on the factory premises of KGaA in Darmstadt. The “Oncology” business unit comprises the production of prescription medicines to fight cancer. Erbitux (Cetuximab) is the second best-selling drug in the global portfolio of Biopharma and is KGaA’s flagship product in “Oncology.” The General Medicine & Endocrinology business unit includes the production of prescription medicines to combat cardiovascular, endocrine, diabetes, pain and inflammation. The drugs Concor and Euthyrox held within KGaA are high-value brands and market leaders in many key markets around the world.

In addition, research and development activities for the Biopharma business are pursued within KGaA. These too shall be hived down to HC OpCo in full. Thus, HC OpCo will become the largest research and development unit of the Healthcare Business Sector. All disciplines and functions are represented – from the early stages of research to approval. The focus of the Biopharma research and development activities will remain the development of innovative drugs in the field of oncology.

**II. Business activities of the Operating Unit KGaA Life Science to be hived down**

The Life Science business of KGaA in Darmstadt has approximately 1,680 employees. Within KGaA, they are primarily responsible for production activities as well as – to some extent globally oriented – activities in the areas of sales and marketing, customer service, product management (pricing, advertising, marketing), R&D, and portfolio management for the three global business areas Research Solutions, Process Solutions, and Applied Solutions. Within the business areas, the functional areas within KGaA now are co-responsible for coordinating the respective global business and monitoring, e.g., the profitability of individual products as well as the overall portfolio and the net sales from customers in individual market countries. In this respect, they also act as coordinator for the supply chain / distribution organization and production within Life Science.

In addition, production activities for all business areas that are specialized in chemical production processes are represented in the Operating Unit KGaA Life Science. Thus, with the production in Darmstadt, KGaA serves only a part of the entire Life Science product portfolio. Of relevance are (i) in the “Research Solutions” business area, in particular chemicals and equipment for the research and development and quality assurance in the pharmaceutical and biopharmaceutical industry, (ii) in the “Applied Solutions” business area, analytical separation systems, reference materials and test solutions for microbiology, and (iii)

in the “Process Solutions” business area, pharma-ceutical and biopharmaceutical raw materials.

In addition to the activities in the production area as well as for the three global business units, Life Science is within KGaA responsible for the management of the supply chain across business units and areas, quality management, support in regulatory mat-ters, as well as the management of distribution activities at the Darmstadt site across business units and areas and to some extent across Business Sectors (“on behalf of the Performance Materials and Healthcare Business Sectors”).

### **III. Business activities of the Operating Unit KGaA Performance Materials to be hived down**

The Performance Materials business of KGaA in Darmstadt has approximately 2,500 employees. The activities within KGaA focus primarily on the business units “Display Materials”, “Integrated Circuit Materials”, “Pigments & Functional Materials”, and “Advanced Technologies”, on central functions like “Strategy and Business Opera-tions,” production, quality management, and the support of regulatory matters, as well as on “Supply Chain Management”.

Within the business units, the functional areas represented in KGaA are co-responsible for – to some extent global – coordination of sales and marketing, and customer service (this applies in particular to the business units Display Materials, Advanced Technologies, and Pigments & Functional Materials), product management (pricing, advertising, marketing), R&D, and the management of the product portfolio in the various customer segments, as well as in local and global markets. Furthermore, the functions within KGaA within the Operating Unit KGaA Performance Materials coordinate the interface to intra-group and external customers (in particular in Darmstadt and Gernsheim).

The production activities of the Operating Unit KGaA Performance Materials are concentrated in the business units “Display Materials”, “Advanced Technologies”, and “Pigments & Functional Materials”. The focus of the production activity for the “Display Materials” business is on the liquid crystals segment. As for the “Advanced Technologies” business unit, the focus is on end products of OLED production. Pigment production for the “Pigments & Functional Materials” business unit takes place at the Gernsheim site. At both locations, preliminary and end products are produced for the Life Science Business Sector.

The activities of KGaA in Darmstadt and Gernsheim in the Operating Unit KGaA Performance Materials include the area of “Supply Chain Management”, where the local and global control and planning of (customer) orders, inventories, material flows, warehousing, and production in the Operating Unit KGaA Performance Materials takes place. The employees in the Operating Unit KGaA Performance Materials ensure the availability of goods for incoming customer orders of KGaA. They also cover sales planning, network planning, and production planning for the Operating Unit KGaA Performance Materials’ own manufacturing operations, as well as external subcontractors (contract manufacturers) at international or global level. The supply chain translates the needs of the Business Sectors’

customers into production plans for the production plants in Darmstadt and Gernsheim or into procurement plans at contract manufacturers, and plans the distribution of the goods from the distribution center. In addition, this unit is responsible for logistics in Gernsheim: The task of logistics in Gernsheim comprises, with respect to raw and packaging materials, technical materials and finished products, the functions of incoming goods, storage, internal distribution on the plant premises (including, besides production materials, also mail), distribution, central shipment, and transport management. The logistics services in Darmstadt related to the Operating Unit KGaA Performance Materials are rendered by Life Science.

**Content of the Trust Agreement  
with regard to Registered Property Rights pursuant to Section 4.3.b of the Hive-  
down and Transfer Agreement between  
KGaA and HC OpCo**

**§ 1 Trust Agreement**

- 1.1 By way of a trust agreement, KGaA undertakes to hold the Registered Property Rights in trust for HC OpCo and solely in HC OpCo's interest. In particular, KGaA shall not have the right to transfer, assign, encumber, pledge or abandon the Registered Property Rights or grant licenses to them without the prior consent of HC OpCo.
- 1.2 HC OpCo shall have the right to extend the trust relationship established as per this Trust Agreement to additional trademarks, patents, domains, or other registered property rights (or respective applications) at any time by so instructing KGaA. In particular, HC OpCo may instruct KGaA to register additional property rights under this Trust Agreement in HC OpCo's interest. All such additional property rights (or respective applications) shall be regarded as Registered Property Rights within the meaning of this Trust Agreement from the time the order is issued by HC OpCo. Once a year, the Parties shall update the list of Registered Property Rights accordingly as set forth in Annex 4.2 of the Hive-down Agreement.
- 1.3 The Parties agree that, during the term of the fiduciary administration, KGaA shall have the same economic rights with respect to the Registered Property Rights as the legal owner, and that the fiduciary administration shall not result in KGaA being the beneficial owner of the Registered Property Rights, whether in whole or in part.
- 1.4 The provisions of this Trust Agreement shall have no impact on licenses granted to third parties under the Registered Property Rights and the related rights and obligations of such third parties or HC OpCo. If licenses under the Registered Property Rights are required to be submitted to national or other authorities, KGaA shall undertake to submit them under this Trust Agreement.

**§ 2 Rights and Obligations of KGaA**

- 2.1 KGaA shall be obligated to carry out all instructions issued by HC OpCo in connection with the Registered Property Rights. KGaA shall be obligated to perform all duties arising from this Trust Agreement with utmost diligence.
- 2.2 KGaA shall be obligated to register, prosecute, maintain, and monitor the Registered Property Rights in all countries determined by HC OpCo. This shall, in particular, include KGaA's duty to monitor deadlines, pay due fees in time and submit registrations, applications, and other communications to the respective

registry authorities in a timely fashion. When doing so, KGaA shall act in HC OpCo's best interest at all times and operate in such a manner that the business operations of HC OpCo are protected in an economically viable way. Should KGaA be in doubt whether a certain registration, prosecution or maintenance action is in HC OpCo's interest, it shall ask HC OpCo to give respective instructions.

- 2.3 KGaA shall only be obligated and entitled to assert the Registered Property Rights against current or potential infringers if HC OpCo has issued an explicit order. Such explicit order can also be given in generalized form. If KGaA receives such order, it shall assert the Registered Property Rights in HC OpCo's best interest and in accordance with the latter's instructions, while keeping HC OpCo informed of all key aspects of the proceedings. KGaA shall approach HC OpCo if it considers a certain action useful with regard to asserting the Registered Property Rights, provide reasons for its assessment and request respective instructions from HC OpCo.
- 2.4 As between KGaA and HC OpCo, HC OpCo shall be entitled to all payments that KGaA receives in connection with its activities under this Trust Agreement, including all license fees or compensation payments for damages paid by third parties.
- 2.5 KGaA shall be permitted to engage a trustee with the performance of its obligations under this Trust Agreement, such as Merck Patent GmbH, Darmstadt, Germany, an affiliated company of KGaA.

### **§ 3 Rights and Obligations of HC OpCo**

- 3.1 Subject to any third-party rights arising from any license agreements, HC OpCo shall have the exclusive right to use and exploit the Registered Property Rights in any way. This includes HC OpCo's right to assign such rights to any third parties or have them exercised by any third parties (including the right to grant licenses).
- 3.2 HC OpCo shall have the right to give instructions with regard to the Registered Property Rights to KGaA at any time.
- 3.3 HC OpCo shall be obligated to assist KGaA with the registration, prosecution, maintenance, monitoring and assertion of Registered Property Rights, in particular, if so requested by KGaA, by (a) submitting all declarations required for registration, prosecution, maintenance, and assertion of the Registered Property Rights in the respective jurisdiction and by (b) providing KGaA with all documents and information useful for registration, prosecution, maintenance and assertion of the Registered Property Rights.
- 3.4 HC OpCo shall be entitled to demand at any time that KGaA suspends any and all activities in relation to one or more Registered Property Rights and to take over the registration, prosecution, maintenance and assertion of particular Registered Property Rights from KGaA.

#### **§ 4 Costs and Accounting**

- 4.1 All costs and expenses incurred by KGaA in connection with its obligations under this Trust Agreement shall be borne by HC OpCo. KGaA shall invoice HC OpCo for all costs incurred as a result of performing its obligations under this Trust Agreement on a monthly basis. This shall, in particular, include official fees, legal fees, and in-house costs of KGaA. To the extent applicable, VAT shall be added to the reported amount and reimbursed to KGaA.
- 4.2 Within 60 days of receipt of an invoice, HC OpCo must transfer the substantiated and invoiced amount pursuant to Section 4.1 in euros to a bank account specified by KGaA.
- 4.3 For clarity, the Parties hereby agree that HC OpCo shall be solely responsible for paying compensation for employee inventions that result from applicable laws or the application of the Award Plan for Inventions (MAPI) of KGaA. If desired by HC OpCo, however, KGaA shall claim an employee invention on HC OpCo's behalf, prepare standard contracts with the employee inventors and calculate the respective remunerations or shall commission a third party to perform such activities.

#### **§ 5 Term and Termination**

- 5.1 This Trust Agreement shall take effect upon the hive-down being registered in the Commercial Register with retroactive economic effect from midnight on January 1, 2018 and is entered into for an indefinite period of time.
- 5.2 HC OpCo may terminate this Trust Agreement for convenience at any time upon giving 6 months' notice at the end of each calendar month. KGaA may terminate this Trust Agreement for convenience at any time upon giving 6 months' notice at the end of each calendar month.
- 5.3 The right of both Parties to terminate this Trust Agreement for due cause shall remain unaffected.
- 5.4 Upon termination of this Trust Agreement, all rights of the Parties under this Trust Agreement shall terminate, unless otherwise expressly specified herein. Upon such termination becoming effective, legal ownership of the Registered Property Rights shall be transferred from KGaA to HC OpCo. KGaA hereby agrees to such transfer. HC OpCo shall be responsible for the registration of such transfer of ownership in the Registered Property Rights in the respective registers at its own expense.

## **D. Specific provisions for license to Know-How**

### **§ 8 Scope of the license**

- 8.1 KGaA grants to HC OpCo a perpetual, irrevocable (subject to the provisions of Section 13.2), non-exclusive, royalty-free, non-transferable license to use the Know-How licensed in accordance with Section 5.2 of the Hive-down Agreement exclusively in the ordinary course of business of the Healthcare sector as specified in Section 2.a) of the Preamble to the Hive-down Agreement.
- 8.2 HC OpCo shall only be permitted to grant sublicenses to third parties under the license granted to it in accordance with Section 8.1 to the extent it is necessary for the purpose of its ordinary business operations (e.g., in relation to the appointment of subcontractors) and upon the prior written consent of KGaA with regard to the respective sublicense.
- 8.3 Sections 5.5 and 5.6 of the Hive-down Agreement shall remain unaffected.

## **E. Specific provisions for license to Rights of Use**

### **§ 9 Scope of the license**

KGaA grants to HC OpCo a perpetual, irrevocable (subject to the provisions of Section 13.2), non-exclusive, royalty-free, non-transferable, and non-sublicensable sublicense to use the Licensed Rights of Use Healthcare according to Section 4.4.d of the Hive-down Agreement exclusively in the ordinary course of business of the Healthcare sector as specified in Section 2.a) of the Preamble to the Hive-down Agreement. The granted right to use the Licensed Rights of Use Healthcare shall be limited to those types of use which KGaA itself may exercise. The scope of the respective Right of Use is specified in the agreement concluded between KGaA and the respective licensor (**Principle Agreement**) and terminates upon termination of KGaA's rights under the Principle Agreement. HC OpCo undertakes to comply with all restrictions and obligations of KGaA under the Principle Agreement in such manner that KGaA is able to fulfill its contractual obligations towards the Licensor.

## **F. General provisions**

### **§ 10 Limitations on disposal, third-party rights**

The rights granted in this License Agreement shall apply only to the extent to which KGaA is entitled to dispose of them at the date of its execution. The provisions of this License Agreement shall have no effect on prior licenses granted to third parties under the Licensed Property Rights Healthcare or the Licensed Rights of Use Healthcare, and the rights and obligations of the third party or KGaA set forth therein.

### **§ 11 Assistance**

HC OpCo shall assist KGaA at its own expense with the registration, prosecution, maintenance, defense and enforcement of the Licensed Property Rights or Licensed Rights of Use under this License Agreement and, where appropriate, issue required statements.

### **§ 12 Cost allocation**

HC OpCo shall reimburse KGaA on a pro rata basis for all costs incurred by KGaA in connection with the registration, prosecution, maintenance, defense, and enforcement of the Licensed Property Rights or Licensed Rights of Use under this License Agreement. The proportion of costs to be borne by HC OpCo is to be determined based on the extent to which the respective Licensed Property Right or Licensed Right of Use is used by HC OpCo in comparison to the total use of the respective Licensed Property Right or Licensed Right of Use in the Group. Details shall be agreed upon by the Parties from time to time by mutual agreement.

### **§ 13 Term and termination**

- 13.1 The License Agreement is concluded for an indefinite period of time.
- 13.2 In the event a change of control occurs at HC OpCo or their legal successors, KGaA may terminate the granted licenses for due cause without being obligated to compensate HC OpCo or their legal successors. If KGaA exercises such right to terminate the License Agreement, all rights and obligations stipulated herein shall terminate with immediate effect. A change of control is deemed to have occurred when a third party, which is not an "affiliated company" of HC OpCo or its legal successors in terms of Section 15 et.seq. German Stock Corporation Act (*AktG*), solely or jointly with other third parties directly or indirectly acquires more than 50% of the company shares of HC OpCo or its legal successors or otherwise gains control, whether such control is gained by acquiring company shares, by way of a merger, or as a result of other statutory or contractual measures.
- 13.3 Unless otherwise specified in this License Agreement, this License Agreement may only be terminated if the termination right cannot be waived under applicable law.
- 13.4 If the License Agreement is terminated, all rights and obligations of the Parties under this License Agreement shall be void with immediate effect and without any Party's right to claim compensation. In case of termination of this License Agreement, HC OpCo shall cease the use of the Licensed Property Rights Healthcare and the Licensed Rights of Use Healthcare immediately.
